**The Mismanagement of Talent** Phillip Brown,Anthony Hesketh,Sara Williams,2004-07-29 The knowledge economy conjures a world of smart people in smart jobs doing smart things in smart ways for smart money a world increasingly open to all rather than a few Glossy corporate brochures present a future in challenging exciting and financially rewarding jobs for the winners in the competition for fast track management appointments They also convey an image of enlightened employers actively seeking to diversify their talent pool reflected in their approach to identifying hiring and retaining outstanding talent We are told that the challenge confronting governments around the world is to enhance the employability of the workforce Every effort must be made to expand access to higher education dismantle barriers to talent regardless of social circumstances gender or skin colour and to harness human creativity and enterprise to meet the demands of the new economy The Mismanagement of Talent comes to a different conclusion Those leaving the world of mass higher education find themselves in a scramble for jobs with rising stakes for the winners and losers The Mismanagement of Talent examines what determines the outcome of this race when a degree loses its badge of distinction It shows how some graduates are playing the game to win a competitive advantage and what really happens in the selection events of leading edge employers It also argues that talent is being mismanaged by employers that have yet to come to terms with the realities and possibilities of mass higher education The Mismanagement of Talent will be thought provoking and controversial reading for those involved in the recruitment of graduates and those concerned with the way knowledge based firms recruit and the impact of higher education policy Professionals working in university careers services HRM training or recruitment generally Researchers academics or students of Business and Management Human Resource Management Public Policy Education or Sociology and Job candidates themselves the players and purists described in the book Advanced Law Firm Mismanagement Arnold B.
