H.S. & C, 1843      The English Cyclopædia, 1856      **Practical Advice to Teachers** Rudolf Steiner, 2000-06 A seer sees more than meets the eye using the eyes of the soul along with the physical eyes As all seeing is a form of cognition higher seeing is the key to higher cognition or knowing For human beings the spiritual world is hidden deep within the disguise of the world available to the senses and deep within the human psyche and human consciousness enmeshed as it usually is in the physical senses cannot easily be aware of both worlds The human soul is the link between the physical sense imbued body and direct experience of the spirit because it has the latent ability to focus consciousness into any number of levels The ability to determine the focus of awareness is our great gift and our great challenge In this practical and accessible guidebook Dennis Klocek building on the alchemical tradition and the Western path of initiation developed by Rudolf Steiner shows how the soul's latent ability can be awakened by conscious acts of will and rhythmical practices The practices begin wherever we are in our everyday lives and take the seeker through the levels of concentration the ability to create and hold an inner image contemplation the ability to transform the image and make it dynamic and meditation the ability to reverse the image or think it backward into inner silence After presenting the practical exercises along with commentary that identify and lay out the steps Klocek shows us how the path can be followed through to an understanding of a seemingly impenetrable alchemical image of the soul's journey as he guides us up the Alchemical Mountain to heartfelt thinking Through such a journey it becomes possible for human beings to live as spiritual beings among other spiritual beings For those who are serious about developing faculties of higher knowing and seeing *The Seer's Handbook* is a unique practical and friendly handbook of exercises meditations and insightful commentary that will guide both beginners and more advanced students along the path to higher worlds
