The Antipodes of the Mind Benny Shanon, 2002 This is a study of the phenomenology of the special state of mind induced by Ayahuasca a plant based Amazonian psychotropic brew The author's research is based both on extensive firsthand experiences with Ayahuasca and on interviews conducted with a large number of informants

Consciousness Studies K. Ramakrishna Rao, 2015-09-17 Consciousness is perplexing too familiar and intimate to ignore too complex and elusive to understand Although consciousness is embedded in all our experience and is considered basic to all our knowing no one seems to know what exactly it is and the concept is both widely used and much abused For the better part of the twentieth century the study of consciousness was viewed as unworthy of scholarly and scientific pursuit Research has consequently suffered This cross cultural examination first explores the varieties of conscious experience and reflects on the attempts to understand and explain consciousness in the Western scholarly and scientific tradition The next section deals with Eastern spiritual traditions and how they differ with and complement the Western viewpoints In the final chapters the author reconciles the two traditions for a comprehensive understanding of what consciousness is and considers how such an understanding may be helpful for a cross cultural assessment of behavior as well as for enhancing human abilities and wellness

The Perennial Philosophy Reloaded Dana Sawyer, 2024-07-09 Dana Sawyer unpacks the philosophy spirituality of Huxley Watts and Ram Dass as well as our contemporaries including Mirabai Starr and Richard Rohr in ways readers will find intriguing creating an original view of human nature revealing why this mystical understanding of our world is called perennial During the 1960s and 70s Perennial Philosophy was the most popular theory regarding what the world's mystical traditions held in common and it was touted as the best platform for understanding the nature of human consciousness including how to expand it therapeutically with meditation yoga and psychedelic drugs Consequently books by Aldous Huxley Alan Watts Huston Smith Stanislov Grof Frances Vaughan Ram Dass and other Perennialists were widely available and sold like hotcakes However during the 80s their shared perspective fell out of fashion The Perennial Philosophy Reloaded corrects several common errors in understanding the perennial philosophy while providing a short up to date overview of the general perspective The goal is to reveal the continued relevance of perennial philosophy during this time psychedelic renaissance when many are seeking ways to interpret their experiences inside an engaging narrative free of philosophical shop talk The result is a demonstration of how perennial philosophy applies to all who are interested in self realization This book will appeal for the

Volume 8 in the Collected Works of Marie-Louise von Franz: The Interpretation of Fairytales Marie-Louise von Franz, 2024-12-20 Marie Louise von Franz believed fairytales to be the purest and simplest expressions of the collective unconscious Too often the interpreter regresses to a personalized approach however heroes and heroines are abstractions that embody collective archetypes The innumerable variations within the same fairytale told in different cultures are like a musical theme crisscrossing humanity In Volume 8 von Franz establishes that there is only one psychic fact to which the fairytale addresses itself namely the SELF Some fairytales emphasize the beginning phases of this experience by dwelling on the shadow others draw attention to the anima and animus while still others hint at the unobtainable treasure This volume contains new and updated translations of *The Interpretation of Fairytales* along with *Anima and Animus in Fairytales* and combines them into a single volume clarifying the Jungian approach to interpreting fairytales and offering a deep dive into anima and animus The anima and the animus deliver to consciousness the life affirming fruit Individuation requires engagement with these contra sexual archetypes but von Franz observes that Anima and animus are not always happy to have this relationship they lose part of their power when they are made conscious She further warns of the inflation resulting from possession by them and points out that the animus loves to create an atmosphere of mist in which nobody can find orientation These are supra personal elements of psychic life capable of breaking beyond the tendency of consciousness to become one sided This second section of Volume 8 provides an insightful explanation of a woman's encounter with her animus and a man's encounter with his anima

Stairway to the Stars Max Gorman, 2010-02-28 The book provides an introduction to mystical philosophy and the concept of inner development by looking at a number of its great schools Mystics concur in saying that we are in some way asleep and must recognise this to awaken A considerable attempt to identify the nature of this sleep is made in the earlier part of the book with the particular help of the teaching of Gurdjieff Also studied are ways of the past and present including the Mystery Schools Gnosticism Alchemy Zen the Fourth Way and the Way of the Sufi It is also made apparent that the Way of Jesus until it was overlaid by Christianity was once understood as one of these waves or teachings for the development of human being and consciousness The resonance of this teaching with all other mystical teachings is a significant theme The purpose of the book is to inspire the reader to ascend the Stairway to the Stars

Metaphors of Consciousness Ronald S. Valle, Rolf von Eckartsberg, 2012-12-06 As we move into the 1980s there is an increasing awareness that our civilization is going through a profound cultural transformation At the heart of this transformation lies what is often called a paradigm shift a dramatic change in the thoughts perceptions and values which form a particular vision of reality The paradigm that is now shifting comprises a large number of ideas and values that have dominated our society for several hundred years values that have been associated with various streams of Western culture

among them the Scientific Revolution of the seventeenth century The Enlightenment and the Industrial Revolution They include the belief in the scientific method as the only valid approach to knowledge the split between mind and matter the view of nature as a mechanical system the view of life in society as a competitive struggle for survival and the belief in unlimited material progress to be achieved through economic and technological growth All these ideas and values are now found to be severely limited and in need of radical revision

The Soul's Journey Lawrence Edwards,2000 A profoundly personal exploration of our soul's quest for the direct mystical experience of the Divine It combines the ancient wisdom of the East Kundalini and insights from Joseph Campbell and C G Jung to illumine your path to God

The Philosophy of Buddhism A. Verdu,2012-12-06 The riddles that world causation pose to the human mind lie at the bottom of all cosmological systems of thought In their origins all philosophical attitudes are conditioned by partiality and perspectivism The philosopher s attempted flight towards the seemingly remote kingdom of truth is often aborted by the binding twines of perspectival language Thus his insights lose themselves in conflicting contradictory manifestos Greek cosmology as it is formally set forth by the pre Socratics is a clear example of this weary pilgrimage of mind s embodied vision from angle to angle from perspective to perspective Not less is to be expected from the systems of Hinduism and mutatis mutandis also of Buddhist thought More confined from the very outset to the study of reality as a study of human existence of its awareness of embodiment of its spatio temporal bondage and of its ultimate ontological status Buddhism gave rise to truly astounding theories of life world causation The process of Buddhist thought as it refers to the nature of the human experience as in the world existence covers a vast range of doctrines from original theories of pluralism and phenomenism with sectional multifarious and relativistic notions of causality through the unitary conceptions of monistic idealism up to the top of universal integrationism and dialectical totalism

An Antidote to Violence Barry Spivack,Patricia Anne Saunders,2020-06-26 It s widely accepted that Transcendental Meditation TM can create peace for the individual but can it create peace in society as a whole And if it can what could possibly be the mechanism In An Antidote to Violence Barry Spivack and Patricia Anne Saunders examine the peer reviewed research and suggest that TM can influence the collective consciousness of a society which leads to a decrease in negative social trends such as a decline in war fatalities and to an increase in cooperation between nations Weaving together psychology sociology philosophy statistics politics physics and meditation An Antidote to Violence provides evidence that we have the knowledge to reduce all kinds of violence in society
