might better be designated as some thing else In the year 1909 when I was first privileged to speak publicly on psychoanalysis in an American University fired by this momentous occasion for my endeavors I declared that it was not myself who brought psychoanalysis into existence I said that it was Josef Breuer who had merited this honor at a time when I was a student and busy working for my examinations 1880 1882 Since then well intentioned friends have frequently repeated that I then expressed my gratitude out of all due proportion They considered that as on previous occasions I should have dignified Breuer s cathartic procedure as merely preliminary to psycho analysis and should have claimed that psychoanalysis itself only began with my rejection of the hypnotic technique and my introduction of free association About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
