The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933-1945, Volume IV Geoffrey P. Megargee,Mel Hecker,2022-04-26 The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos 1933 1945 Volume IV aims to provide as much basic information as possible about individual camps and other detention facilities Why were they established Who ran them What kinds of prisoners did they hold What kinds of work did the prisoners do and for whom What were the conditions like The entries detail the sources from which the authors drew their material so future scholars can expand upon the work Finally and perhaps most important this is a work of memorialization it preserves the histories of places where people suffered and died Volume IV examines an under researched segment of the larger Nazi incarceration system camps and other detention facilities under the direct control of the German military the Wehrmacht These include prisoner of war POW camps including camps for enlisted men camps for officers camps for naval personnel and airmen and transit camps civilian internment and labor camps work camps for Tunisian Jews brothels in which women were forced to have sex with soldiers and prisons and penal camps for Wehrmacht personnel Most of these sites have not been described in detail in the existing historical literature and a substantial number of them have never been documented at all The volume also includes an introduction to the German prisoner of war camp system and its evolution introductions to each of the various types of camps operated by the Wehrmacht and entries devoted to each individual camp representing the most comprehensive documentation to date of the Wehrmacht camp system Within the entries the volume draws upon German military documents eyewitness and survivor testimony and postwar investigations to describe the experiences of prisoners of war and civilian prisoners held captive by the Wehrmacht Of particular note is the

detailed documentation of the Wehrmacht's crimes against Soviet prisoners of war which have largely been neglected in the English language literature up to this point despite the fact that more than three million Soviet prisoners died in German captivity. The volume also provides substantial coverage of the diverse range of conditions encountered by other Allied prisoners of war illustrating both the substantial privations faced by all prisoners of war and the stark contrast between the Germans' treatment of Soviet prisoners and those of other nationalities. The volume also details the significant involvement of the Wehrmacht in crimes against the civilian populations of occupied Europe and North Africa. As a result, this volume not only brings to light many detention sites whose existence has been little known but also advances the decades-old process of dismantling the myth of the clean Wehrmacht according to which the German military had nothing to do with the Holocaust and the Nazi regime's other crimes.

Religionswissenschaftliche Minoritätenforschung Hannelore Müller, 2010. Hannelore Müller's Studie widmet sich am Beispiel der Karaer der theoretischen Grundlegung der religionswissenschaftlichen Kategorie religiöser Minoritäten ihrer Typologisierung und Analyse. Den thematischen Schwerpunkt bilden dabei endo und exogene Faktoren der religionsgeschichtlichen Dynamik der Karaer im Osten Europas im 19 und 20 Jahrhundert und die Frage ihres kollektiven Erhalts. Als notwendiges Analyseinstrument religiöser Pluralität präsentiert Müller dabei ein generisches Minoritätenmodell, das auf den für jede religiöse Minorität zentralen Aspekten ihrer Existenz aufbaut: Genese, Assimilation und Erhalt. Diese gelten auch für die Karaer, die aufgrund ihrer Ablehnung des Talmud im babylonischen Judentum des 8. Jhs bis heute eine doppelte religiöse Minorität darstellen. Eine der Antworten auf die Frage, wie diese kleine Minorität es geschafft hat, sich über 1200 Jahre nicht in der Geschichte zu verlieren, liegt in ihrem historisch privilegierten Status: so beantragten die Karaer 1938 bei der deutschen nationalsozialistischen Regierung ihre Anerkennung als Nicht-Juden, die ihnen schliesslich 1943 auch gewährt wurde. Müller wertet für die Aufarbeitung dieser Periode karaischer Religionsgeschichte in Europa altes und neues Archivmaterial aus Berlin, Paris und New York aus, das in einem Anhang zum Teil erstmalig publiziert wird.

Pioneers and Partisans Anika Walke, 2015-07-13. The Nazi regime and local collaborators killed 800,000 Belorussian Jews, many of them parents or relatives of young Jews who survived the war. Thousands of young girls and boys were thus orphaned and struggled for survival on their own. This book is the first systematic account of young Soviet Jews' lives under conditions of Nazi occupation and genocide. These orphans' experiences and memories are rooted in the 1930s when Soviet policies promoted and sometimes actually created interethnic solidarity and social equality. This experience of interethnic solidarity provided a powerful framework for the ways in which young Jews survived and several decades after the war represented their experience of violence and displacement. Through oral histories with several survivors, video testimonies and memoirs, Anika Walke reveals the crucial roles of age and gender in the ways young Jews survived and remembered the Nazi genocide and shows how shared experiences of trauma facilitated community.
