The Holy Grail And Analogies Of Masonry:

The Holy Grail and Analogies of Masonry Arthur Edward Waite, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work.

The Holy Grail Arthur Edward Waite, 2006-01-01 The Grail legend is the centerpiece of Arthurian literature, and this classic work by the renowned scholar Arthur Edward Waite ranks among the most informative and profound books ever written on the subject. While the myths surrounding the Holy Grail are seemingly in harmony with orthodox religion, Waite reveals that beneath their pious surface, they are as subversive as any other form of mysticism, illustrating the symbolic nature of doctrinal teachings, no more intended for literal interpretation than is any fiction. With this informative study, Waite restores the full and true meaning of the knightly quests for honor and adventure as journeys of the soul.

Revelation of the Holy Grail Chevalier Emerys, 2007-09-01 The Holy Grail has become a popular field of study in recent years; however, most books on the subject are written by authors who are not themselves initiated into the mystery school tradition of the Grail. *Revelation of the Holy Grail* is one of the first books on the subject which is written by an initiate within several of the Knighthood Orders associated with the Grail Tradition. This book provides many previously unpublished facts about the history and tradition of the Grail movement, which includes some of the most influential people in human history. The Quest of the Holy Grail has proved to really be about the quest for human civilization. It has spawned not only the greatest political movements in history but also it has been the cornerstone of human technology, Alchemy, Hebrew Mysteries, Templar Secrets, ancient technologies, Gnostic traditions, and secret societies have all been involved in this exciting history, which is the backbone of our modern day world.

Guardians of the Holy Grail Mark Amaru Pinkham, 2004 Presenting the ancient Holy Grail lineage from Asia and how the Knights Templar were initiated into it, this book reveals how ancient Asian wisdom became the foundation for the Holy Grail legend.
