Rubber Side Down José Gouveia, K. Peddler Bridges, 2008 Poetry Biker poet The words don't seem to fit together But not so long ago neither did cowboy poet Biker poetry was originally meant to be recited and found its way into performance or slam poetry with readings conducted at every major biker rally Today the biker poetry movement is alive and spreading quickly in print form not only in the US but all around the world RUBBER SIDE DOWN provides a look inside this movement not only through the poetry being written by its members but also through contributions by established poets like Allen Ginsberg Thom Gunn and Diana Wakoski essays on the movement's history and evolution and photography by noted motorcycle photographer Michael Lichter and others *How Brands Become Icons* D. B. Holt, 2004-09-15 Coca Cola Harley Davidson Nike Budweiser Valued by customers more for what they symbolize than for what they do products like these are more than brands they are cultural icons How do managers create brands that resonate so powerfully with consumers Based on extensive historical analyses of some of America's most successful iconic brands including ESPN Mountain Dew Volkswagen Budweiser and Harley Davidson this book presents the first systematic model to explain how brands become icons Douglas B Holt shows how iconic brands create identity myths that through powerful symbolism soothe collective anxieties resulting from acute social change Holt warns that icons can't be built through conventional branding strategies which focus on benefits brand personalities and emotional relationships Instead he calls for a deeper cultural perspective on traditional marketing themes like targeting positioning brand equity and brand loyalty and outlines a distinctive set of

cultural branding principles that will radically alter how companies approach everything from marketing strategy to market research to hiring and training managers Until now Holt shows even the most successful iconic brands have emerged more by intuition and serendipity than by design With *How Brands Become Icons* managers can leverage the principles behind some of the most successful brands of the last half century to build their own iconic brands Douglas B Holt is associate professor of Marketing at Harvard Business School
