**Henry Charles Lea**

## **The Home Of The Inquisitor:**

*The Inquisition's Inquisitor* Richard L. Kagan, 2024-10-15 The first comprehensive biography of Philadelphia's Henry C. Lea 1825-1909 historian, publisher, political activist, and reformer. Writing in 1868, the Philadelphia publisher cum historian Henry Charles Lea informed a friend: "I am trying to collect the materials for a history of the Inquisition. The collecting of these materials, books, manuscripts, and copies of thousands of pages of documents housed in musty European archives and libraries would occupy Lea 1825-1909 for the remainder of his life." It also led to publication of *A History of the Inquisition of the Middle Ages* 1884-87 and his acknowledged masterpiece *A History of the Inquisition of Spain* 1906-7. Regarded as classics, these path-breaking books inaugurated better understanding of the history of an institution whose aims and methods troubled Lea and remain subjects of heated debate. The first biography of Lea since 1931, *The Inquisition's Inquisitor* offers the most comprehensive review to date of his writing on the history of the Catholic Church. Though Lea is generally regarded as a leading practitioner of scientific history, Richard L. Kagan examines the extent to which Lea's religious convictions compromised the ostensibly objective character of his work. Lea's extensive surviving correspondence also enables Kagan to examine other aspects of Lea's long and productive career as one of Philadelphia's most prominent citizens. Lea appears here as a young literary critic, a businessman who skillfully transformed his family's publishing firm into the country's leading producer of medical books, a dogged political reformer, and a philanthropist whose largesse benefitted many of Philadelphia's cultural institutions. Newly discovered sources also allow for insights into Lea's private life, notably his controversial infatuation with his first cousin and future wife Anna C. Jaudon and the periodic breakdowns that required abandonment of his beloved intellectual pursuits. *The Inquisition's Inquisitor* concludes with a survey of Lea's legacy with respect to current understanding of the Inquisition and to Philadelphia, where reminders of his accomplishments include an eponymous library at the University of Pennsylvania and a public elementary school in nearby West Philadelphia.

*The Inquisitor's Apprentice* Chris Moriarty, 2011 In early 20th-century New York, Sacha Kessler's ability to see witches earns him an apprenticeship to the police department's star Inquisitor Maximilian Wolf. With fellow apprentice Lily Astral, Sacha investigates who is trying to kill Thomas Edison.

**The Inquisitor's Wife** Jeanne Kalogridis, 2013-05-07 From the bestselling author of *The Borgia Bride* and *The Scarlet Contessa* comes a tale of love, loss, and treachery set during the perilous days of the Spanish Inquisition.

**As If She Were Free** Erica L. Ball, Tatiana Seijas, Terri L. Snyder, 2020-10-08 *As If She Were Free* brings together the biographies of twenty-four women of African descent to reveal how enslaved and recently freed women sought, imagined, and found freedom from the sixteenth through the nineteenth centuries in the Americas. Our biographical approach allows readers to view large social processes—migration, trade, enslavement, emancipation—through the perspective of individual women moving across the boundaries of slavery and freedom. For some women, freedom meant liberation and legal protection from slavery, while others focused on gaining economic, personal, political, and social rights. Rather than simply defining

emancipation as a legal status that was conferred by those in authority and framing women as passive recipients of freedom these life stories demonstrate that women were agents of emancipation claiming free status in the courts fighting for liberty and defining and experiencing freedom in a surprising and inspiring range of ways

**The Business of the Roman Inquisition in the Early Modern Era** Germano Maifreda, 2016-11-18 Established in 1542 the Roman Inquisition operated through a network of almost fifty tribunals to combat heretical and heterodox threats within the papal territories Whilst its theological institutional and political aspects have been well studied until now no sustained work has been undertaken to understand the financial basis upon which it operated Yet as *The Business of the Roman Inquisition in the Early Modern Era* shows the fiscal autonomy enjoyed by each tribunal was a major factor in determining how the Inquisition operated For as the flow of cash from Rome declined each tribunal was forced to rely upon its own assets and resources to fund its work resulting in a situation whereby tribunals increasingly came to resemble businesses As each tribunal was permitted to keep a substantial proportion of the fines and confiscations it levied questions quickly arose regarding the economic considerations that may have motivated the Inquisition's actions Dr Maifreda argues that the Inquisition with the need to generate sufficient revenue to continue working had a clear incentive to target wealthy groups within society who could afford to yield up substantial revenues Furthermore as secular authorities also began to rely upon a levy on these revenues the financial considerations of decisions regarding heresy prosecutions become even greater Based upon a wealth of hitherto neglected primary sources from the Vatican and local Italian archives Dr Maifreda reveals the underlying financial structures that played a vital part in the operations of the Roman Inquisition By exploring the system of incentives and pressures that guided the actions of inquisitors in their procedural processes and choice of victims a much clearer understanding of the Roman Inquisition emerges This book is an English translation of *I denari dell'inquisitore Affari e giustizia di fede nell'Italia moderna* Turin Einaudi 2014

**Life Of Galileo** Bertolt Brecht, 2015-02-13 This Student Edition of Brecht's classic dramatisation of the conflict between free enquiry and official ideology features an extensive introduction and commentary that includes a plot summary discussion of the context themes characters style and language as well as questions for further study and notes on words and phrases in the text It is the perfect edition for students of theatre and literature Along with *Mother Courage* the character of Galileo is one of Brecht's greatest creations immensely live human and complex Unable to resist his appetite for scientific investigation Galileo's heretical discoveries about the solar system bring him to the attention of the Inquisition He is scared into publicly abjuring his theories but despite his self contempt goes on working in private eventually helping to smuggle his writings out of the country As an examination of the problems that face not only the scientist but also the whole spirit of free inquiry when brought into conflict with the requirements of government or official ideology *Life of Galileo* has few equals Written in exile in 1937-9 and first performed in Zurich in 1943 Galileo was first staged in English in 1947 by Joseph Losey in a version jointly prepared by Brecht and Charles Laughton who played the title role Printed here is the

The rise of printing had major effects on culture and society in the early modern period and the presence of this new technology and the relatively rapid embrace of it among early modern Jews certainly had an effect on many aspects of Jewish culture. One major change that print seems to have brought to the Jewish communities of Christian Europe particularly in Italy was greater interaction between Jews and Christians in the production and dissemination of books. Starting in the early sixteenth century the locus of production for Jewish books in many places in Italy was in Christian owned print shops with Jews and Christians collaborating on the editorial and technical processes of book production. As this Jewish Christian collaboration often took place under conditions of control by Christians for example the involvement of Christian typesetters and printers expurgation and censorship of Hebrew texts and state control of Hebrew printing its study opens up an important set of questions about the role that Christians played in shaping Jewish culture. Presenting new research by an international group of scholars this book represents a step toward a fuller understanding of Jewish book history. Individual essays focus on a range of issues related to the production and dissemination of Hebrew books as well as their audiences. Topics include the activities of scribes and printers the creation of new types of literature and the transformation of canonical works in the era of print the external and internal censorship of Hebrew books and the reading interests of Jews. An introduction summarizes the state of scholarship in the field and offers an overview of the transition from manuscript to print in this period.

The Inquisition in the Spanish Dependencies Henry Charles Lea, 1908      The House of Gaian Anne Bishop, 2003-10-07

New York Times bestselling author Anne Bishop presents the stunning conclusion to the Tir Alainn trilogy where the world will be tested in an epic war. It began as a witch hunt. But the Master Inquisitor's plans to eliminate all traces of female power in the world have expanded to crushing the Sylvalan Barons who oppose him and to destroying the wellspring of magic in the Mother's Hills. Faced with this evil humans, witches and the Fae become uneasy allies. But even together they aren't strong enough to stand against the armies the Inquisitors are gathering. So they look for help from their last possible ally. The House of Gaian. The reclusive witches who rule the Mother's Hills. The witches powerful enough to create a world or destroy one. Their long held creed of do no harm is about to give way to more important one. Survive.

**The Night Battles** Carlo Ginzburg, 2013-10-15

A remarkable tale of witchcraft folk culture and persuasion in early modern Europe. Based on research in the Inquisitorial archives of Northern Italy, *The Night Battles* recounts the story of a peasant fertility cult centered on the benandanti, literally good walkers. These men and women described fighting extraordinary ritual battles against witches and wizards in order to protect their harvests. While their bodies slept, the souls of the benandanti were able to fly into the night sky to engage in epic spiritual combat for the good of the village. Carlo Ginzburg looks at how the Inquisition's officers interpreted these tales to support their world view that the peasants were in fact practicing sorcery. The result of this cultural clash which lasted for more than a century was the slow metamorphosis of

the benandanti into the Inquisition's mortal enemies witches Relying upon this exceptionally well documented case study Ginzburg argues that a similar transformation of attitudes perceiving folk beliefs as diabolical witchcraft took place all over Europe and spread to the New World In his new preface Ginzburg reflects on the interplay of chance and discovery as well as on the relationship between anomalous cases and historical generalizations [A Companion to the Waldenses in the Middle Ages](#) Marina Benedetti, Euan Cameron, 2022-06-27 The medieval dissenters known as Waldenses named after their first founder Valdes of Lyons have long attracted careful scholarly study especially from specialists writing in Italian French and German Waldenses were found across continental Europe from Aragon to the Baltic and East Central Europe They were long lived resilient and diverse They lived in a special relationship with the prevailing Catholic culture making use of the Church's services but challenging its claims Many Waldenses are known mostly or only because of the punitive measures taken by inquisitors and the Church hierarchy against them This volume brings for the first time a wide ranging multi authored interpretation of the medieval Waldenses to an English language readership across Europe and over the four centuries until the Reformation Contributors Marina Benedetti Peter Biller Luciana Borghi Cedrini Euan Cameron Jacques Chiffolleau Albert de Lange Andrea Giraudo Franck Mercier Grado Giovanni Merlo Georg Modestin Martine Ostorero Damian J Smith Claire Taylor and Kathrin Utz Tremp
