The Hong Kong School Curriculum Development Issues And Policies:

Hong Kong School Curriculum Paul Morris, 1996-08-01 This book is intended for students who are studying courses on the school curriculum and also for teachers and principals who are keen to improve the quality of schooling they provide their pupils The book introduces the reader to the components of the school curriculum and concepts used to analyse it This second edition has been substantially revised to reflect changes in educational policy *The Primary Curriculum* Linda Hargreaves, Janet Moyles, 2002-09-11 This book is concerned with the relationships and tensions in education between children's needs and society's demands questions which primary teachers everywhere face on a daily basis such as how does society's view of children and childhood affect teaching and learning how do the dictates of the education system including a national curriculum shape teaching practice how do the conventions of classroom practice fit with teachers' own beliefs and values The first part of the book offers a basic framework for thinking about primary curricula from the perspectives raised by these questions whilst the second part presents a range of international views on the primary curriculum from Australia New Zealand South East Asia Europe and the USA **Hong Kong's Chinese History Curriculum from 1945** Flora L.F. Kan, 2007-01-01 Hong Kong's Chinese History Curriculum from 1945 Politics and Identity investigates the ways in which Chinese history has evolved as a subject in Hong Kong secondary schools since 1945 and the various social political and economic factors that have shaped the curriculum through an examination of a wide range of primary and secondary source materials and interviews This book examines how the aims content teaching learning and assessment of the Chinese history curriculum have evolved since 1945 It describes how Chinese history became an independent subject in secondary schools in Hong Kong despite the political sensitivity of the subject how it consolidated its status during the colonial period and how it has faced threats to its independence since the return of Hong Kong to China in 1997 An important element of the book is its in depth analysis of the major socio political and socio economic forces that have been involved in the development of Chinese history This book will be of interest to all who are interested in history education and curriculum development and readers who are concerned with history education *Education and Society in Hong Kong and Macao* M. Bray, Ramsey Koo, 2006-06-28 Hong Kong and Macao have much in common The dominant populations in both territories are Cantonese speaking Chinese both are small in area both are urban societies both have been colonies of European powers and both have undergone political transition to reunification with China Yet in education for reasons that are analysed in this book they are very different The patterns of similarities and differences in the two territories make a fascinating basis for comparative study The overarching theme of the book on continuity and change is particularly pertinent following the transition of the two societies of the postcolonial era This thoroughly revised and expanded second edition builds on the widely acclaimed first edition The work has been recognised as a significant contribution to the broad field of comparative education as well as to study of the specific societies which are its main focus **Education in Hong Kong, 1941 to 2001** Anthony

Sweeting,2004-07-01 It provides comprehensive coverage of developments in formal and informal education in Hong Kong from the end of 1941 to the beginning of the new millennium As was true of its predecessor each Part of this book is subdivided into three sections Commentary Chronicle and Evidence Such an organization facilitates flexible reading Readers primarily interested in analysis interpretation and the identification of themes are likely to focus initially on the Commentary sections and to move as they feel stimulated to the relevant entries in the Chronicle and or items of Evidence Readers who seek either more encyclopedic understanding or detailed answers to specific questions may well wish to focus primarily or at least initially on the Chronicle sections and then to search for substantiation in the Evidence section or for amplification in the author s Commentary At times some readers may wish to browse through the Evidence sections reaching possibly serendipitous discoveries Academic and general readers are likely to be particularly interested in Part I of the book which deals with education in Hong Kong during the Japanese occupation a topic that has received only very rare and generalization bound treatment in other publications The author offers insights into all levels of education His conceptual scope incorporates many types of education including the mainstream academic education technical education teacher education special education physical education civic education education that focuses on morals that which focuses on culture and the various sorts of non formal and informal education

Education and Society in Hong Kong and Macao

Mark Bray,Ramsey Koo,2005 **The Life and Work of Teachers** Christopher Day,Alicia Fernandez,Trond E. Hauge,Jorunn Muller,2005-06-23 Contributors from around the world tackle the factors that have the greatest impact on creating quality learning opportunities for students namely policy school leadership and teaching teachers lives Drawing on a range of critical conceptual and empirical perspectives the contributions illustrate the extent to which experience can be similar around the world The book sheds much needed light on the effects of mandated change upon school leaders and teachers both nationally and internationally It also demonstrates how teachers have coped or flourished both because and in spite of the changing circumstances they work under

Citizenship Education in China Kerry J. Kennedy,Gregory Fairbrother,Zhenzhou Zhao,2013-10-15 There is a flourishing literature on citizenship education in China that is mostly unknown in the West Liberal political theorists often assume that only in democracy should citizens be prepared for their future responsibilities yet citizenship education in China has undergone a number of transformations as the political system has sought to cope with market reforms globalization and pressures both externally and within the country for broader political reforms Over the past decade Chinese scholars have been struggling for official recognition of citizenship education as a key component of the school curriculum in these changing contexts This book analyzes the citizenship education issues under discussion within China and aims to provide a voice for its scholars at a time when China s international role is becoming increasingly important
