*Narrative, Identity, and the City* Raul P. Lejano, Alicia P. Lejano, Josefina D. Constantino, Aaron J.P. Almadro, Mikaella Evaristo, 2018-02-16 Raul P Lejano offers a boldly original synthesis of narratology psychology and human geography This helps him articulate his two main insights that our identity as individuals though not completely determined by sociocultural factors nevertheless profoundly reflects our embeddedness in particular places and that the way we think of or would like to think of our own identity is most readily captured in the stories we tell about ourselves Most revealing of all he suggests are our stories about coming to grips with an entire city especially when our experience of it is actually one of dislocation or relocation when we in some sense or other lose a city to which we have hitherto belonged or when we find a new one By way of illustration the book includes four specially commissioned autobiographical stories by writers of Filipino origin which Lejano's analytical chapters compare and contrast with each other within his interdisciplinary frame of reference At once learnedly sophisticated and readably empathetic his commentaries are underpinned by a basically phenomenological orientation which leads him to view human individuals as essentially relational beings naturally inclined to enter into dialogue with both their fellow creatures and the larger environment **Writing Literary History** Jose Duke S.

Bagulaya, 2006 **Pisces Moon** Douglas Valentine, 2023-05-15 Pisces Moon The Dark Arts of Empire is a non fiction book about what writer William Burroughs called the backlash and bad karma of empire Set against the author's month long trip to London Vietnam and Thailand in early 1991 it tells how the American empire was created by rapacious businessmen backed by a murderous military establishment media moguls who designed a relentless psychological warfare campaign that glorifies warriors who are programmed to kill on command and clerics who contrived a religious justification for imperialism the subordination of women and the establishment of chattel slavery Pisces Moon shows how these mythmakers led by CIA drug traffickers after World War Two destroyed much of Southeast Asia It also tells how the myth of American greatness has come home to roost and is now manifest as the vainglorious militant Christian nationalist movement that wishes to establish a right wing dictatorship Pisces Moon argues that the survival of American democracy and the world depends upon people being able to distinguish between material evidence and substantiated facts on the one hand and conspiracy theories religious beliefs and supremacist myths on the other The World within War Gerald Linderman, 2013-10-16 Gerald

Linderman has created a seamless and highly original social history authoritatively recapturing the full experience of combat in World War II Drawing on letters and diaries memoirs and surveys Linderman explores how ordinary frontline American soldiers prepared for battle related to one another conceived of the enemy thought of home and reacted to battle itself He argues that the grim logic of protracted combat threatened soldiers not only with the loss of limbs and lives but with growing isolation from country and commanders and ultimately with psychological disintegration *Summary of Douglas Valentine's*

*The CIA as Organized Crime* Everest Media,2022-04-29T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I wanted to write a book that would de mystify the Phoenix program which was a controversial CIA assassination program during the Vietnam War I wrote Colby a letter and sent him my first book *The Hotel Tacloban* He was all for it 2 I was able to interview the people who created the Phoenix program and they loved having a journalist who was sympathetic to soldiers listen to them and understand what they were saying 3 I interviewed members of the CIA and they cooperated because Colby had sent me to them I never asked them if they had killed anyone or done any illegal things and they were confident I was de mystifying the program because they trusted me 4 There is a Douglas Valentine Collection at the National Security Archives at George Washington University which contains interviews with close to 100 CIA officers and military officers involved in the Phoenix program *Through My Mother's Eyes* Michael McCoy,Jean-Marie Heskett,2015-02-09 Jean Marie Faggiano and her family were living in the Philippines when Pearl Harbor was attacked on December 7 1941 The following month she and her family along with over 3 600 other non national civilians were forced to surrender to the Imperial Japanese Army and live as civilian prisoners of war in the Santo Tomas Internment Camp in Manila In *Through My Mother s Eyes* you will experience how a young girl and her family were able to survive their thirty seven month ordeal until their nick of time rescue by American forces on February 3 1945 *Through My Mother s Eyes* is a story of a world rampant with sickness starvation and brutality but it is also an incredible story of love courage and enduring faith

**The Wolves of Samar** Pasquale De Marco, In the annals of human history the name Hotel Tacloban evokes a shudder of horror This notorious Japanese prisoner of war camp during World War II was a place of unimaginable suffering where inmates were subjected to systematic brutality torture and death Within these walls of despair a group of indomitable souls found themselves trapped in a living nightmare They were men from all walks of life united by their shared experience of unspeakable cruelty Stripped of their dignity and identities they were reduced to mere numbers their individuality erased by the merciless regime This book is their story a testament to the resilience of the human spirit in the face of unimaginable adversity Through the eyes of these prisoners we witness the horrors of Hotel Tacloban firsthand the starvation the disease the relentless abuse We feel their despair their anger and their indomitable will to survive But amidst the darkness there were also glimmers of hope Acts of kindness and compassion though rare illuminated the abyss Prisoners risked their own lives to help their fellow inmates sharing meager rations and words of encouragement These small acts of defiance these flickerings of humanity served as a beacon of hope in a world gone mad This book is a tribute to the indomitable spirit of those who endured the horrors of Hotel Tacloban It is a testament to the power of hope the strength of the human spirit and the resilience of the human soul Their stories must never be forgotten lest we repeat the mistakes of the past This book is a must read for anyone interested in World War II history the resilience of the human spirit and the darkest corners of the human experience It is a powerful reminder of the importance of empathy compassion and the fight against tyranny If you
