The Greatest Events in the History of Man Chester Cooper, 2024-10-25 The Greatest Events in the History of Man illustrates God's perspective on why we cannot leave God out of human history as our society today tries so hard to do God is our history He is the ultimate explanation for everything that exists fulfilling His purpose for His favorite creation man God will bless the family that centers Him in their hearts Likewise God will also bless the people and country that incorporate Him into its government culture and society as shown in US history There was a time when our public school history books began with In the beginning God created the heavens and the earth The Bible was an important tool for school teachers From a very young age society was exposed to the idea of blessings for doing good and consequences for doing wrong The concept of a Supreme Being meant there was always someone to answer to as well as One from whom all blessings flow Seeds were planted in our society even in those who would not accept the Bible gained from these seeds Today it is in the hearts of every American to make America great Certainly there was a time when this was true and there is an appeal for it to come back This book argues that the way for that to happen is to bring back the Bible principles our nation was founded on God is the reason the people of the United States have the American dream *Azure for Architects* Ritesh Modi, 2019-01-31 Create
