and alighted gently on the ground near where I was standing As soon as he touched the ground with his feet he stood erect and walked to and fro and on seeing me he directed his steps towards me I was in the spirit and was standing in that state on a little eminence in the southern quarter of the spiritual world When he came near I addressed him and asked him his errand telling him that I had heard the sound of his trumpet and had observed his descent through the air He replied My commission is to call together such of the inhabitants of this part of the spiritual world as have come hither from the various kingdoms of Christendom and have been most distinguished for their learning their ingenuity and their wisdom to assemble on this little eminence where you are now standing and to declare their real sentiments as to what they had thought understood and inwardly perceived while in the natural world respecting Heavenly Joy and Eternal Happiness The occasion of my commission is this several who have lately come from the natural world and have been admitted into our heavenly society which is in the east have informed us that there is not a single person throughout the whole Christian world that is acquainted with the true nature of heavenly joy and eternal happiness consequently that not a single person is acquainted with the nature of heaven This information greatly surprised my brethren and companions and they said to me Go down call together and assemble those who are most eminent for wisdom in the world of spirits where all men are first collected after their departure out of the natural world so that we may know of a certainty from the testimony of many whether it be true that such thick darkness or dense ignorance respecting a future life prevails among Christians The angel then said to me Wait awhile and you will see several companies of the wise ones flocking together to this place and the Lord will prepare them a house of assembly I waited and lo in the space of half an hour I saw two companies from the north two from the west and two from the south and as they came near they were introduced by the angel that blew the trumpet into the house of assembly prepared for them where they took their places in the order of the quarters from which they came There were six groups or companies and a seventh from the east which from its superior light was not visible to the rest When they were all assembled the angel explained to them the reason of their meeting and desired that each company in order would declare their sentiments respecting Heavenly Joy and Eternal Happiness Then each company formed themselves into a ring with their faces turned one towards another that they might recall the ideas they had entertained upon the subject in the natural world and after examination and deliberation might declare their sentiments

**Love** Emanuel Swedenborg, 1996 Excerpt the learned for thereby we discover what influx is and what it effects By influx we mean all that which precedes and constitutes what follows and by things following in order constitutes what is last as all that which precedes with a man and constitutes his wisdom or all that which precedes with a statesman and constitutes his political skill or all that which precedes with a theologian and constitutes his erudition in like manner all that which proceeds from infancy and constitutes a man also what proceeds in order from a seed and a twig and makes a tree and afterwards what proceeds from a blossom and makes its fruit in like manner all that which precedes and proceeds with a bridegroom

and bride and constitutes their marriage this is the meaning of influx That all those things which precede in minds form series which collect together one next to another and one after another and that these together compose a last or ultimate is as yet unknown in the world but as it is a truth from heaven it is here adduced for it explains what influx effects and what is the quality of the last or ultimate in which the above mentioned series successively formed co exist From these considerations it may be seen that the states of the minds of each of the parties proceeding in successive order flow into the state of marriage But married partners after marriage are altogether ignorant of the successive things which are insinuated into and exist in their minds animis from things antecedent nevertheless it is those things which give form to conjugal love and constitute the state of their minds from which state they act the one with the other The reason why one state is formed from one order with such as are spiritual and from another with such as are natural is because the spiritual proceed in a just order and the natural in an unjust order for the spiritual look to the Lord and the Lord provides and leads the order whereas
