Spin This! Bill Press, 2002-01-03 We re all familiar with the warning Don t believe everything you see or hear Bill Press the popular co host of CNN s Crossfire will have you wondering whether you should believe anything at all Spin intentional manipulation of the truth is everywhere It s in the White House in the courtrooms in headlines and advertising slogans Even couples on dates not to mention book jackets are guilty of spin Now analyst Bill Press freeze frames the culture of spin to investigate what exactly spin is who does it and why and its impact on American society as a whole Depending upon who is doing it spinning can mean anything from portraying a difficult situation in the best possible light to completely disregarding the facts with the intent of averting embarrassment or scandal Using examples drawn from recent history the Clinton presidency the Florida recount and the Bush White House Press first probes spin s favorite haunt politics In addition to surveying the incarnations of spin in the fields of journalism law and advertising Press also chews on the spin of sex and dating a word that has become the very embodiment of spin Perhaps surprisingly however Press argues that spin isn t all bad and that without it the harsh truths of our times might be too tough to swallow With the same keen sense of humor that helped make CNN s Crossfire television s premier debate show and the limited run of The Spin Room so popular Press turns the tables on the prime purveyors of spin called spin doctors noting some of their biggest guffaws and blunders As Press notes it has become abundantly clear that the twenty first century beginning as it has with a president who was spun into office will be a fertile stomping ground for spin All the President's Spin Ben Fritz, Bryan Keefer, Brendan

Nyhan, 2004-08-17 All the President s Spin the first book from the editors of the acclaimed nonpartisan website Spinsanity unmasks the tactics of deception and media manipulation that George W Bush has used to sell his agenda to the American people From his campaigns for tax cuts to the debate over war in Iraq President Bush has employed an unprecedented onslaught of half truths and strategically ambiguous language to twist and distort the facts Fritz Keefer and Nyhan s powerful critique of Bush s record of policy deception explains why the media has failed to hold him accountable and demonstrates the threat these tactics pose to honest political debate This is the essential book for every citizen who wants to understand how George W Bush has misled the nation and why if left unchallenged all the President s spin could soon become standard practice a devastating development for our democracy **Dare to Be True** Mark D. Things the Preachers Don't Tell You Delores Glass, 2022-08-01

There are literally thousands of religions practiced in the world today including astounding 47 000 denominations within Christianity alone They all claim to have the truth according their individual practices beliefs doctrines and rituals but are they all acceptable to the CREATOR the Almighty GOD of the universe The initial question of course is Does GOD really exist And if HE does exist are all forms of worship acceptable to HIM THINGS THE PREACHERS DON T TELL YOU directs attention to the Judeo Christian Bible for the answers and in its pages the creation of the universe and the miracle of life on earth testifies to the existence of GOD Romans 1 20 So the first part of the question is answered from both biblical and scientific perspectives GOD authored the first 5 of the 39 Old Testament books of the Judeo Christian Bible and gave them to us as the roadmap back to the precious gift of everlasting life that our forefather Adam forfeited at the very beginning of the world Acceptable worship is made clear through the writings of men inspired by HIM throughout the entire Bible Within the first 39 books of the Bible s 66 books GOD tells us 6 823 times that HIS name is YHWH YAHWEH and explains what HE expects of those who hope to gain everlasting life Unfortunately religionists have obscured HIS message by teaching that the Bible s mandates do not apply today especially those contained in the first 5 books Preachers dismiss the Bible s warnings and notoriously teach their own watered down dogma as biblical fact Many religious leaders have become motivational speakers who make people feel good by teaching that GOD is an all loving Big Daddy in the sky who will easily overlook their error These preachers completely dismiss the majesty of YAHWEH and the seriousness of HIS mandates also often using religion for personal financial gain For those who are taught that the Bible especially the Old Testament does not apply today GOD reminds us that HE does not change Numbers 23 19 James 1 17 regardless the political corrections that modern day preachers have given to HIM and HIS word THINGS THE PREACHERS DON T TELL YOU points to what the Bible says about Free Will Repentance Revenge Forgiveness Justice Yahweh and Yashua who are they The First Mandate and What happened after Christ It explains the parallel between the Old and New Testaments showing Christ s role in the Old Testament prophecies and how those prophecies will be completely fulfilled at world s end It shows how Satan figures into the picture and you may be surprised to learn how Satan has used organized religion i e the preachers to lead mankind away from Yahweh You will also learn how the death penalty will be done away with for those who love YAHWEH Take the time to consider what you believe and why The scripture advises us to Make sure of all things and hold fast to what is fine 1 Thessalonians 5 21 NWT because This means everlasting life their taking in knowledge of you the only true God and the one whom you sent Jesus Christ John 17 3 NWT *The American Mercury* Henry Louis Mencken, 1928 **Conversations on Truth** Mick Gordon, Chris Wilkinson, 2009-06-06 Following Conversations on Religion Continuum 2008 here is a fascinating line up of original interviews tackling one of today s most vexing issues that of truth These discussions explore the question of what truth is and what role it has in private public

political and scientific discourses Some thinkers see truth as something concrete and immutable others believe that it is an essentially meaningless concept And for many contributors it is the practical application of truth which engages them Each fascinating chapter explores the subject from a new angle including Nick Davies and Peter Wilby s view on truth in the media Prof Martin Kusch s reflections in relation to science and Mary Warnock s consideration of truth in the context of ethics and art Other contributors include Mary Midgely Noam Chomsky and A C Grayling This is a book of quite exceptional interest and importance

The Whole Truth and Nothing But the Truth Ray Jerome Ellis,2013-04 This book will take you on a journey through the mind of a man His thoughts habits and even his emotions are revealed for you to read Ladies let s be honest At one point or another we have all wondered What were you thinking in regard to men Why wonder when you can know This is The Whole Truth and Nothing But the Truth No secrets kept here and everything you want to know Now you can get what you want from your man by simply understanding him And the best part about the book IT WAS WRITTEN BY A MAN This isn t just coming from some woman who believes she s discovered the truth it s coming straight from the source a man himself The author says This book was also written to build the presence of men in today s world Showing them the difference in a man s place now versus in the past where men were the rock and foundation of the home I want us to get back to that

Politicians Gaslighting Americans Dennis Gravelle,Jack Young,2023-10-25 About the Book Across this country we seem to have elite politicians and big corporations telling us they should be trusted and that We the People should be little sheep and remain quiet so a new world order can be created They don t need our input since they already know what we want Mainstream media programs always want to get the experts advice so they get high profile politicians to talk down to Americans It is sad because most of America has become brainwashed That includes Democrat and Republican constituents Several of us see through the lies and are becoming more vocal This is a book where you the citizens of this great country tell everyone how we really feel about where this country is heading Politicians should read this and understand that we are fed up with the lack of action from them This book is easy to read the chapters are not long enough to bore you This book is dedicated to all those individuals
