

SPINE POETRY

Students often have a difficult time writing poetry. Spine poetry is a fun way to show students that poems can be found almost anywhere.

Directions

- Divide students into groups of 3 or 4.
- Students will look through library shelves to find titles (1-8) that go together in some way.
- Students will pull the books and stack them on a table in the order that works best for their poem.
- Ask students how their titles fit together. What is their overall poem?
- Take pictures of the poems.

There are poems for children, teens and adult poetry shelves.

Suggestion

- Let librarians know ahead of time so they know what to expect.
- Ask librarians if they want your students to return books or put them in a special place so they can have them returned to shelves correctly.

The Spine Michael Spence, 1987 Isolation and transformation are the central themes of *The Spine* isolation caused by death alien landscapes and lost ideals and the transformation for good or ill of those this isolation reaches The people and creatures in *The Ones Consumed* become absorbed figuratively or literally by the world around them Though the absorption often destroys them the section opens and closes with poems which reveal that there can be compensation and justice in the process *Separate States* deals with the experiences of those who find themselves cut off from the lives most familiar to them This separation results in their gaining knowledge stronger and deeper than the kind offered by the surfaces of the commonplace Isolation has more severe physical and emotional consequences for the people of the poems in *Scars of What Touches* Even when someone chooses isolation as in the final poem of the section the presence of the outside world forces itself past the barriers erected against its intrusion The last section *Shaped by Shells and journeys* is peopled by those who find reason for hope even though the innocence of an earlier age has vanished for them They accept the limitation that the only part of their world they can truly change is themselves and this releases them from the isolation which wounds or destroys so many in the earlier sections It is thus that the final poem transforms a scene of unthinking devastation into one where the poet alters the way he will live from that time on
