**The Aha! Moment** David Jones,2012-01-24 This book is about having ideas and a much longer haul making them work David Jones best known for his Daedalus column tells a multitude of stories about creators and their creations including his own fantastical seeming contributions to mainstream science such as the unrideable bicycle and chemical gardens in space His theory of creativity endows each of us with a Random Ideas Generator a Censor and an Observer Reasoner Jones applies his theory to a wide range of weird scientific experiments that he has conducted for serious scientific papers for challenging printed expositions and for presentations to a TV audience He even suggests new ones not yet tried Creativity is as essential to science as curiosity physical intuition and shrewd deduction from well planned experiments But says Jones ingenuity is very uncertain Even for the greatest inventors about 80 percent of ideas fail Jokiness can help and so can lots of random data Jones has plenty of clever advice that will help spark that madly brilliant private thought in the first place and will encourage you to take it further Neither dense nor demanding The Aha Moment is engrossing edifying and scientifically serious yet it is

lightly written and asks lots of silly questions As Jones shows it can often pay to take an absurd idea seriously      **American Carbonator and American Bottler** ,1905      *Getaway 21 Years of African Travel Writing* Cameron Ewart-Smith,2010 This wonderful collection of travel writing captures the very best of Getaway s articles over the past 21 years of travel exploration and adventure      **Hard to Get** Jenny Gardiner,2020-10-06 Shrimply irresistible Lola Quigley can t believe her good luck when she wins a spot on the Food Channel s popular Shop till you Drop The show features amateur foodies competing to produce a prize winning meal from staples commonly found in food banks where people often unload their most unwanted pantry items Having lived on a near poverty level budget for a few dark years when her life imploded unexpectedly Lola had grown to love the challenge of creating delicious meals with the cheapest ingredients she could find on the sale shelf of the grocery store or in a twist of irony donated from her local food bank She just has to win this the prize money would help her launch the soup kitchen food truck she s dreamed of starting It ll be her way of paying it forward after she managed to dig out of a financial hole she d doubted she ever could escape Levi Patton is pissed He s stuck doing penance as a guest chef on an annoying cable reality TV show where overly enthusiastic wannabes try to outdo him with random undesirable ingredients Will he ever get over the meteoric crash of his career after a food critic found the unmistakable tail of a rat floating atop his bouillabaisse at Levi s revered Washington DC restaurant Convinced but unable to prove that a jealous sous chef sabotaged him his name is now mud in the food world he s drowning in the veritable toilet of the culinary industry competing on Shop till you Drop And he s totally screwed when he ends up pitted against the overly cheerful brunette with the tattoo of Popeye on her bicep the very woman he d left at the altar nearly a decade ago      *Around the World with a Magician and a Juggler* Hardin J.
