Prokofieff, 2016-03-21 And however paradoxical it may seem today the Grail mood is in the fullest sense to be found in Russia And the future role that Russia will play in the sixth post Atlantean epoch rests firmly upon this unconquerable Grail mood in the Russian people Rudolf Steiner Although Eastern Europe has been part of the Christian world for more than a thousand years its spiritual identity remains a mystery This mystery says Sergei Prokofieff can only fully be solved by looking behind external events and seeking spiritual meta historical dimensions of reality In illuminating the maya of outer history Prokofieff reveals the forces that have been at work to hinder the progress of mankind the materialistic Brotherhoods of the West and the occult aspects of both Jesuitism and Bolshevism These adversary groups have created a karma of materialism that the eastern Slavic peoples have taken upon themselves out of their exalted willingness for sacrifice Prokofieff shows how from the earliest times the future conscience of humanity flowed from hidden mystery centres in Hibernia to the eastern Slavic peoples As a result qualities of compassion patience and willingness for sacrifice developed in their souls creating a truly Christian Grail mood Despite incalculable suffering from the persecutions of the Mongol hordes to the Bolshevik experiment of the last century this quality has become an unconquerable force Will humanity be able to use the present opportunity granted by this sacrifice to fulfil the primary purposes of the present cultural epoch Can the future mysteries of the Holy Grail be fulfilled In this momentous work breathtaking in its scope and detail the author attempts a truly esoteric approach penetrating to the spiritual wellsprings of Eastern Europe in the light of Rudolf Steiner's research

Jewel in the Lotus Rob MacGregor, 2015-02-02 Over the past few decades meditation has evolved from a fringe practice to a mainstream stress reduction technique that your family doctor might recommend But how do you enter the doorway to a meditation practice if you don't have time to join a class You begin by taking up a solo practice squeezing in five to twenty minutes here

and there However meditating on your own tends to leave unanswered the daunting question of how you quiet your mind That s where Jewel in the Lotus Meditation for Busy Minds will help The book provides all that is needed to begin a practice in an easy to read style with a variety of techniques as well as anecdotes from the author s years of practice and teaching Readers will appreciate the spiritual but non dogmatic non religious style that pervades the author s teachings **The Oxford Handbook of Philosophy in Music Education** Wayne D. Bowman,Ana Lucía Frega,2012-05-25 In The Oxford Handbook of Philosophy in Music Education editors Wayne D Bowman and Ana Lucia Frega have drawn together a variety of philosophical perspectives from the profession s most exciting scholars from all over the world Rather than relegating philosophical inquiry to moot questions and abstract situations the contributors to this volume address everyday concerns faced by music educators everywhere Emphasizing clarity fairness rigour and utility above all The Oxford Handbook of Philosophy in Music Education will challenge music educators all over the world to make their own decisions and ultimately contribute to the conversation themselves **Recovering the Voice in Our Techno-Social World** Deborah Eicher-Catt,2020-02-18 Using a communicological perspective Recovering the Voice in our Techno Social World On the Phone identifies voice phone in Greek as the essential medium for a re enchantment of human communication in our highly impersonal techno social environment This book is a response to the growing concern by social critics that we are becoming a de voiced society because of our preferences for hyper textual image based forms of electronic connectivity Ironically while we are increasingly on the phone we are sacrificing our vocality within immediate ear to ear relations Framed by the trope of enchantment Deborah Eicher Catt argues that the immediacy of the sounding voice calls us and enchants us to make possible productive moments of resonance in which we might cultivate an interpersonal resilience in today s fast paced media saturated environment Scholars of media studies communication and sociology will find this book particularly useful
