World Whisky & more: issue 6, 2024-11-23 It is a joy to report that the magazine has been going now for two years and we also had a fantastic amount of new contributors, loads of events, and just a very healthy and excellent year. We would personally love to thank everyone who helped and contributed and also just read the magazine and also the industry for all the support and for being so receptive and supportive. This winter issue is definitely full of reflections including some highlights of the year and some exciting subjects including our big interview questions to some of our friends and many more fascinating topics. This winter issue is festive in one way but also full of evergreen content worth reading on a Sunday afternoon or so. For us here in the northern hemisphere it's going to be more time for reflection and maybe pouring a dram or two and sitting in front of the fire and reading the magazine than we usually do in the summertime. We really hope that you'll enjoy the magazine.

Whisky and Other Spirits Graham Stewart, Julie Kellershohn, Inge Russell, 2021-09-22 Whisky and Other Spirits Technology Production and Marketing Third Edition continues to provide details from raw materials to the finished product including production, packaging, and marketing. It focuses on the science and technology of the process as well as the environment in which it is produced. Today, environmental concerns and sustainability of products has taken on a new level of importance. Traditional ways of packaging and marketing have also changed dramatically in recent years as the technology of packaging has moved from a staid bottle industry to spirit products that cross traditional beverage categories and packaging. This new edition provides the latest changes in industry and the beverages market. All chapters are updated with new chapters added to help improve research and development and to increase production of not only whiskey but other spirits such as gin and rum and white spirits. This new edition also discusses trendy reduced alcohol and no alcohol products. Presents a detailed look into current global situation for whisky and spirits production. Highlights craft distilling and the challenges craft distillers face by presenting the art of spirit production in clear detail. Presents insights into how marketing has changed for distilled products with an emphasis on new mobile technologies.
