**Ancestor Paths** Aladokun, 2012-06-01 Have you ever had an unexplained phenomena a knock at the door but no one there the hairs on your arm stand up as though you're suddenly chilled a gradual aroma rising from nowhere an abrupt noise a strange sensation on different parts of your body like someone stroking your hair or dreams of your deceased loved ones These are just a few examples of how your ancestors and spirit guides may be trying to gain your attention Are you curious WHY Perhaps the world is divided into two kinds of people those who can only fathom the solid material life the visible world and those who perceive that there is an active spiritual presence an invisible reality operative in most of our lives Whether this perception is faint or fully actualized the book *Ancestor Paths* is the ultimate road map to developing a clear understanding of the spirit world and why spirits try to commune with the living It also explains how our lives are enhanced and healed through positive interaction with spirit This book is filled with clear understandable information on communing with those on the other side and provides outstanding insight on how your spiritual skills and talents can be developed to aid you and your family Ancestral reverence is as old as human beings and has always been understood as a powerful force for individual family cultural and community strength and stability The Lukumi Yoruba priestess Aladokun illuminates how honoring your ancestors and working with your guides can add enormous clarity direction and peace to your life Her soothing explanations advice caveats counseling and explicit directions makes you feel as if you have the most supportive teacher in the world In a clear and easy to read narrative she guides us through the infrastructure of the spirit realm helping us to understand that our divine relationships continue and supports us in our spiritual growth This guide newly expanded is filled with cogent answers to some of the worse misunderstandings we all have about spirit work She's able to remove the irrational fear we sometimes have of our ancient practices simplifying the rules of contact for building strong spiritual relationships No matter where you are on the belief continuum intrepid beginner or sage spirit practitioner the comprehensive way this guide is written will make you keep it close at hand The basics are well covered but it also takes us deeper into the secrets of self preparation ritual and the power of prayer She helps us to see that this is not just a curiosity or a hobby but perhaps the most effective way for us to evolve ourselves our families and the world If you're a beginner with your heart leading you deeper into spirit connection you won't find a better step by step primer on developing your skills and natural talents If you're an experienced spiritualist practitioner you'll be inspired in all new ways with newly added prayers quotes and anecdotes that strengthen your understanding of why this work is sacred and the most important work that we do the perfect book to support your work in guiding your students clients and godchildren on their spiritual path And for the curious you'll get an honest rendition about spirit life gain some powerful insights and hopefully become inspired by the stories and processes as revealed by an authentic priestess Aladokun Lastly *Ancestor Paths* is a tribute to all divinities within the universe that continue to guide bless and elevate our souls towards higher consciousness and enlightenment

*Abraham as Spiritual Ancestor* Israel Kamudzandu, 2010-03-22 New Testament commentaries and exegetes have not paid sufficient attention to the context in which Paul's Epistle to the Romans was crafted. This book, written from an African perspective, offers a fresh interpretation on a contextualizing reading of Romans and its theology. The argument of the book is that Paul's construction of Abraham as a spiritual ancestor of all faith people was based on his encounter with the Roman ideology based on Aeneas as the founder of Rome. A juxtaposition of these two canonical ancestors needs to be considered in our 21st multi-ethnic Christian world. Paul's epistle is not about how God saves the individual human being; rather, the debate between Paul and the Jewish Christian interlocutor is about how families of people and nations establish a kinship with God and one another. The concern with ancestors is opaque to Western Biblical readers and Christians. This book helps both Westerners and Africans to value ethnic diversity.

**Elemental and Ancestral Spirits, Or the Gods and the Glorified** Gerald Massey, 2008-11-01 The two primary elements were those of darkness and light. Set was the power of darkness, Horus the power of light. In one representation the two elements were imaged by means of the black bird of Set and the white bird or golden hawk of Horus. Thus we can identify two elemental powers as old as night and day, which are primeval in universal mythology, and these two powers or animistic souls were divinized as the two gods Set and Horus with the two birds of darkness and light, the black vulture and the gold hawk depicted back to back as their two representative types or personal totems from *Elemental and Ancestral Spirits, Or The Gods and the Glorified*. It goes unappreciated by modern Egyptologists but it is embraced by those who savor the concept of a hidden history of humanity and those who approach all human knowledge from the perspective of the esoteric. Gerard Massey's massive *Ancient Egypt: The Light of the World* first published in 1907 and the crowning achievement of the self-taught scholar redefines the roots of Christianity via Egypt, proposing that Egyptian mythology was the basis for Jewish and Christian beliefs. Here Cosimo proudly presents Book 3 of *Ancient Egypt* in which Massey explains how the original elemental spirits of early humans were transformed into deities and how the concept of a soul developed from animalistic representations of natural forces. Peculiar and profound, this work will intrigue and delight readers of history, religion, and mythology. British author GERALD MASSEY (1828-1907) published works of poetry, spiritualism, Shakespearean criticism, and theology, but his best-known works are in the realm of Egyptology, including *A Book of the Beginnings* and *The Natural Genesis*.

Hezel,2011-09-30 Summoning the Powers Beyond collects and reconstructs the old religions of preindustrial Micronesia It draws mostly from written sources from the turn of the nineteenth century and the period immediately after World War II reports of the Hamburg South Sea Expedition of 1908 1910 articles by German Roman Catholic missionaries in Micronesia included in the journal Anthropos and reports by the Coordinated Investigation of Micronesian Anthropology CIMA and the American Board of Commissioners of the Foreign Missions ABCFM A detailed introduction and an overview of Micronesian religion are followed by separate chapters detailing religion in the Chuukic speaking islands Pohnpei Kosrae the Marshall Islands Yap Palau Kiribati and Nauru The Chamorro speaking group of the Marianas is omitted because lengthy periods of intense military and missionary activity eradicated most of the local religion The Polynesian outliers Nukuoro and Kapingamarangi are discussed at the end primarily to underscore the contrasts between Polynesian and Micronesian religion In a concluding chapter the author highlights the

similarities and differences between the areas within Micronesia and then attempts an appreciation or evaluation of Micronesia religion Finally he addresses the evidence of a tentative hypothesis that Micronesian religion is sufficiently different from that of Polynesia and Melanesia to justify the continued claim of a separate Micronesian religion
