Spiritual Advice For Buddhists And Christians:

Spiritual Advice for Buddhists and Christians Dalai Lama XIV Bstan-'dzin-rgya-mtsho, 1998-06-01 In the words of the Dalai Lama the purpose of religion is not to build churches and elaborate temples but to cultivate positive human qualities such as tolerance generosity and love This text contains the four talks given by the Dalai Lama when he attended a meeting of Buddhist and Christian monks at Gethsemani Abbey Kentucky The Dalai Lama shares his understanding of four major themes explored in the meeting the practice of prayer and meditation in the spiritual life the stages in the process of spiritual development the role of the teacher and the community in the spiritual life and the spiritual goals of personal and societal transformation In each talk the Dalai Lama expresses the basic principles of Tibetan Buddhism and shows how they are applicable to daily practice for all spiritual seekers regardless of their religious affiliation Spiritual Advice for Buddhists and Christians Dalai (Holiness) LAMA, Buddhist-Christian Dialogue as Theological Exchange Ernest M Valea, 2015-10-29 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly respect each religious tradition's uniqueness and make dialogue beneficial for all participants interested in a real theological exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao Abe and John Cobb an American process theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe's methodology in dialogue an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when considering it in the light of the other while using internal resources for making the necessary corrections *The Routledge Handbook of Buddhist-Christian Studies* Carol Anderson, Thomas Cattoi, 2022-09-30 Buddhist Christian dialogue has a long and complex history that stretches back to the first centuries of the common era Comprising 42 international and disciplinarily diverse chapters this volume begins by setting up a framework for examining the nature of Buddhist Christian interreligious dialogue discussing how research in this area has been conducted in the past and considering future theoretical directions Subsequent chapters delve into important episodes in the history of Buddhist Christian dialogue contemporary conversations such as monastic interreligious dialogue multiple religious identity and dual religious practice and Buddhist Christian cooperation in social justice social engagement pastoral care and interreligious education settings The volume closes with a section devoted to comparative and constructive explorations of different speculative themes that range from the theological to the philosophical or experiential This handbook explores how the study

of Buddhist Christian relations has been and ought to be done The Routledge Handbook of Buddhist Christian Studies is essential reading for researchers and students interested in Buddhist Christian studies Asian religions and interreligious relationships It will be of interest to those in fields such as anthropology political science theology and history *The Oxford Handbook of Religious Diversity* Chad V. Meister, 2010-10-01 There exists today a rich and abounding diversity of religions in the world a diversity with respect to both belief and practice But it is a diversity that poses many challenges and raises many questions most especially in a pluralistic milieu How do we engage in effective dialogue with religious others What should public education reflect in a religiously pluralistic context What role might the diversity of religions play in developing a global ethic How do the various religious traditions deal with the plurality of religious belief and practice What role does gender play in such discourse The Oxford Handbook of Religious Diversity is a volume of thirty three original chapters that cover numerous issues in religious diversity and draw readers into the heart of the current dialogue It is divided into three parts Contours of Religious Diversity Key Issues Relevant to Religious Diversity and Differing Perspectives on Religious Diversity Chapters in the first part trace the general features of religious diversity discussions from four different fields history religious studies philosophy and sociology Part two explores key theological philosophical sociological and public policy issues relevant to religious diversity The third and final part provides differing analyses of religious diversity from multi faith gender and global points of view An indispensable guide for scholars and students the Handbook makes a state of the art contribution to the field with essays crafted by experts representing a wide variety of religious and philosophical perspectives

Buddhist Inclusivism Kristin Beise Kiblinger, 2017-07-05 Although Christians have well developed responses to other religions the counterpart scholarship from Buddhists has thus far lagged behind Breaking new ground this book analyzes the currently favored position towards religious others inclusivism in Buddhist traditions Kristin Beise Kiblinger presents examples of inclusivism from a wide range of Buddhist contexts and periods from Pali texts to the Dalai Lama's recent works After constructing and defending a preferred alternative form of Buddhist inclusivism she evaluates the thought of particular contemporary Buddhists such as Thich Nhat Hanh and Masao Abe in light of her ideal position This book offers a more systematic treatment of Buddhist inclusivism than has yet been provided either by scholars or by Buddhist leaders

The New Comparative Theology Francis Xavier Clooney, 2010-06-03 *Christians Talk about Buddhist Meditation, Buddhists Talk About Christian Prayer* Rita M. Gross, Terry C. Muck, 2003-04-29 This book adopts the format of the editors previous book Buddhists Talk about Jesus Christians Talk about the Buddha In that book eight scholar practitioners four of them Buddhist and four Christian explored their relationship to the great religious figure of the other tradition Then the remaining contributors two from each tradition addressed themselves rebuttal fashion to the views expressed In the new book the subject is the differences and similarities between Buddhist meditation and Christian prayer What can a Christian for example learn from the mental and physical rigor of Buddhist meditative practice What can a

Buddhist learn from traditional Christian prayer Can one mix distinct religious identity Christian with practice techniques associated with another religion Buddhist without compromising the religious specificity of either the identities or the techniques Christian contributors include Frances S Adeney Mary Frohlich Paul O Ingram Ursula King Terry C Muck Yagi Seiichi and Bardwell Smith Buddhist contributors include Robert Aitken Grace Burford Rita Gross John Makransky Ken Tanaka Robert Thurman and Taitetsu Unno *World Faiths Encounter*, 1998 **The Oxford Handbook of Buddhist Practice** Paula Kane Robinson Arai, Kevin Trainor, 2022 Foregrounds the impact of embodiment in Buddhism Highlights the diversity and fluidity of Buddhist identities The most comprehensive available volume on Buddhist practice Book jacket

The Dialogical Spirit Amos Yong, 2015-04-30 Contemporary proposals for Christian theology from post liberalism to Radical Orthodoxy and beyond have espoused their own methodological paradigms Those who have ventured into this domain of theological method however have usually had to stake their claims vis a vis trends in what may be called the contemporary post al age whether of the post modern post Christendom post Enlightenment post Western or post colonial varieties This volume is unique among offerings in this arena in suggesting a way forward that engages on each of these fronts and does so from a particularistic Christian perspective without giving up on Christian theology's traditional claims to universality This is accomplished through the articulation of a distinctive dialogical methodology informed by both Pentecostalism and Evangelicalism one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural ethnic religious and disciplinary discourses Amos Yong here engages with twelve different interlocutors representing different ecumenical religious and disciplinary perspectives The Dialogical Spirit thus not only proffers a model for Christian theological method suitable for the twenty first century global context but also exemplifies this methodological approach through its interactions across the contemporary scholarly inter religious and theological landscape **The Gospel for Buddhists and the Dharma for Christians** Donovan Roebert, 2009-01-02 In this book Donovan Roebert provides a path for Christians and Buddhists who wish to better understand the essential living tenets of their own faith while exploring how these two great religious paths can provide insights of real benefit to adherents of either Without lapsing into syncretism or demanding a departure from orthodoxy this book provides a sound and thorough basis on which Christians and Buddhists and all those seeking greater insight into faiths other than their own can explore the rich possibilities for learning from one another Beyond describing in detail the doctrines and practices of Christianity and Buddhism this book describes the authentic human path of religious development with a strong focus on the problem of self or ego in spiritual growth discussing obstacles to growth and exploring their remedies Brief histories of both religions are provided enabling the reader to understand how diversity is an inevitable consequence of historical development and rather than standing as a problem in religious dialogue is always a means to spiritual enrichment The Gospel for Buddhists and the Dharma for Christians is the fruit of a personal spiritual journey of thirty years It demonstrates that the search for religious

freedom becomes richer and more rewarding when a spacious mind engages with rather than flees from religious paths outside of its own tradition Finally it is a plea for sincere friendship across factitious religious divides **Tricycle** ,1998

Buddhist-Christian Dialogue Paul O. Ingram,Frederick J. Streng,2007-04-01 The essays in this volume focus on philosophical theological and structural aspects of contemporary Buddhist Christian dialogue in an effort to assess its potential as a source for the renewal and transformation of both traditions Writing from differing assumptions academic disciplines and religious world views the nine Christian and two Buddhist contributors are nevertheless agreed that interreligious dialogue can contribute meaningfully to our understanding of some of the profound issues arising out of modern self consciousness Believing that the human community and its survival are threatened everywhere by secularism they seek to show that the dialogue between Buddhists and Christians can provide not only insights but a conceptual framework for authentic living in the present age of religious pluralism Each writer shares the conclusion that Buddhist Christian encounter is vitally important for a larger understanding of contemporary issues of self identity evil communication and fulfillment *Worldviews and Christian Education* W. Shipton, E. Coetzee & R. Takeuchi,2014-04 In Worldviews and Christian Education editors W A Shipton E Coetzee and R Takeuchi have brought together works by experts in cross cultural religious education The authors and editors have a wealth of personal experience in presenting the gospel to individuals with various worldviews that differ greatly from those held by Christians who take the Bible as authoritative They focus on the beliefs and issues associated with witnessing to seekers for truth coming from backgrounds as diverse and animism Buddhism Confucianism Hinduism Islam Marxism Taoism and postmodernism Back Cover *Hindu-Christian Dual Belonging* Daniel J. Soars,Nadya Pohran,2022-03-03 This book focuses on dual belonging within Hindu Christian contexts Written by experts in a variety of fields the chapters explore the theological philosophical and cultural anthropological debates relating to religious pluralism religious language and social identity while addressing the fact that both Hindu and Christian forms of self understandings have been significantly moulded through their interactions in South Asia and across certain Euro American horizons The limits of the definition of dual belonging are tested via case studies and contributors address the question of whether there is anything distinctive about dual belonging across Christianity and Hinduism specifically A timely contribution to the emerging subject of dual religious belonging this book will be of interest to academics in the fields of Hindu studies and Christian theology Hindu Christian comparative theology religious pluralism interreligious relations the sociology and anthropology of religion and comparative theology and philosophy **Buddhism for a Violent World** Elizabeth J.
