Principle-Centered Parenting: Phyllis Williams, 2015-10-12 Principle Centered Parenting is not about controlling manipulating or changing children's external behavior It is about starting healthy spiritually based thinking that changes behavior from the inside out Focusing on controlling or changing external behaviors is like trying to change a picture projected on a screen without changing the film in the camera As children learn to love good their behavior reflects their thinking and bad behavior dissolves like darkness when we turn on a light We cannot teach a drowning person how to swim Similarly we cannot teach healthy behavior to an out of control child It is necessary to stop

destructive or harmful behavior with temporary measures but long term learning takes time repetition creative insight and willingness to listen to our inner spiritual parenting guide Teaching behavior principles is similar to teaching math or reading It takes loving patience and faith in a child's ability to learn When children understand correct principles their mistakes disappear Parables like the Wheat and Tares explain the spiritual law of growth and development The scriptures contain powerful stories that make spiritual laws practical and effective in parenting and daily family life Principle Centered Parenting is a guide for parents to tap into their own and their children's infinite spiritual resources Spiritual Parenting Hugh Prather, Gayle Prather, 1996 Spiritual Parenting is a guide to the naturally intuitive and spiritual core of every child It refutes the current notions of the basic nature of children and teenagers while offering a radically new way to approach parenting In the words of authors counselors and ministers Hugh and Gayle Prather This book reflects our deep personal conviction that parenting is a spiritual path a form of worship In their characteristically warm style the Prathers offer a book of principles that parents can use to understand and protect their children at home at school and in the world While one does not have to believe in God to understand these principles say the Prathers parents must approach child care as a spiritual task They offer ways to keep this essential focus amid the bewildering complexities involved in guiding children toward adulthood With joy and a sense of humor the Prathers offer stories and anecdotes about their own children and the children of families they have counseled to help today's parents break through conflicting ideas and emotions and learn to enjoy their children at all stages of their growth BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Jewish Spiritual Parenting** Rabbi Paul Kipnes, Michelle November, MSSW, 2015-07-20 Spiritually nourishing approaches to help you become more insightful inspired parents and raise soulfully engaged children Kipnes and November share their hard won parenting techniques and spirit filled activities rituals and prayers to help you cultivate strong Jewish values and cherished spiritual memories in your own family Spiritual Secrets for Successful Single Parenting Donna Kay Harris, Leticia Latrice Barrett, 2017-04-26 This book was created to be a spiritual guide to help the world Any single parent can use this as a tool to overcome all obstacles This book provides spiritual guidance and strategies to survive on a low income to manage stress hardships and to deal with life's issues The book will show single parents how to manage their life through spirituality This book will equip a single parent with the tools needed to successfully raise a child despite the circumstances Donna Kay has a spiritual call on her life to help people overcome obstacles that hinder their growth Her desire is to share her story and wisdom with the world Donna has a heart for single parents and wants to help them through their journey She feels that if a single parent has some basic tools they can overcome all the obstacles in their life Healthy parenting will raise healthy children This will create a healthy family which creates a healthy community that can create a healthy world The Handbook of Spiritual Development in Childhood and Adolescence Eugene C.
