## **Spiritual Diseases:**

**Understanding Diseases of the Human Body and Spirit** Dr. Hak Fai Chiu, 2015-07-30 Understanding Diseases of the Human Body and Spirit explores the congruence between the physical and spiritual dimensions of diseases. Illnesses are caused by genetic aberrations, environmental agents, pathogenic microbes, circulatory disturbances, unregulated tumor growths, or abnormal immune reactions. The author, an experienced pathologist and life-long student of the Bible, explains how correlating factors are operative in producing humankind's spiritual infirmities. Narratives of pathological events in the body aptly illustrate and enhance understanding of scriptural teachings regarding the broken relationship of sinful humanity with God, the restoration of this relationship through salvation in Jesus Christ, the believer's continual growth in spiritual health through the indwelling Holy Spirit, and the real hope of glorious transformation of their bodies in the hereafter. Dr. Chiu also contributes unique insights into subject matters which have engaged and troubled the minds of the sick, their loved ones, as well as theologians, pastors, bioethicists, lay Christian workers, and healthcare providers. These include the relationship between sin and disease, the perception of injustice when disease strikes, why men, the significance of a person's life history and value systems to the experience of disease, the meaning of the biblical promise of healing, as well as homosexuality and the Bible, and the place of miracle cures. Take better care of your health by understanding the nature of diseases. Be inspired to pursue spiritual health in Christ, which transcends illnesses and death. *The Original Sin and Human Diseases* Hanna Rizk Wannas MD FRCS ED FICS, 2014-01-30 This text is unique; it is the first book of its kind that challenges the theory of evolution by the word of God. In the text, it will be proved beyond doubt that the word of God is powerful with a two-edged sword. It divides asunder and exposes the counterfeit and the false. Not only that, but it proves the validity of the arguments by using medical and surgical studies of the patient's ailments. The author is a scientist and a surgeon. He studied anatomy and embryology in full details that makes him argue with confidence. The doctrine of creation has a solid foundation, which is the true word of God. The author used the results of surgical procedures that are done by spiritual knowledge compared to others done by natural man whose knowledge is based on the theory of evolution. These have changed the procedures from difficult and complicated to a single-day procedure with financial gains to the patient and to the public. The relation between sin, diseases, and death is studied and proved beyond doubt. The salvation by justification, sanctification, and righteousness is explained and also proved beyond doubt. Man is created and evolved to a higher degree of holiness by the working power of the Holy Spirit, contrary to evolution by genetic mutation and natural selection that might promote the man to a high intellectual standard but this usually brings low moral value with it that at the end leads to death from moral decay, alcoholism, and drug addiction. The evolution is produced by knowledge and experience and it carries with it away from God all the destructive elements to humans. **Doctrine of Homeopathy - The Art of Healing** Samuel Hahnemann, John Ellis, J.
