Kevin Vost,2022-03-22 Memorize the Stoics The Ancient Art of Memory Meets the Timeless Art of Living The title says it all Extolling the powers of God given human reason Stoic philosophers such as Roman knight Musonius Rufus and his student the former slave Epictetus developed powerful practical lessons for living tranquil virtuous loving lives These lessons were praised by such early Church Fathers as Justin Martyr and Origen Epictetus s Handbook was later adapted as a moral guidebook for monks A millennium later Thomas Aquinas mined the Stoic Seneca s lessons on anger gratitude patience and more for use in his Summa Theologiae And in our own day the psychological and moral teachings of the Stoics constitute an art of living that fairly cries out to act as compass for the nearly rudderless boat of our disordered contemporary world But still it is hard to live out important life lessons if you cannot remember them In those same early centuries before and after Christ Greeks like Simonides and Romans like Cicero championed a specialized art of memory Early Church Fathers such as Augustine and Jerome championed this also as did centuries later Albert the Great and Thomas Aquinas The unique virtue of Kevin Vost s book is its wedding of the ancient art of memory to the timeless art of living In his Handbook Epictetus exhorts us to remember his lessons a full dozen times and in his own book Vost shows us how to do just this thereby opening our eyes to unrecognized powers of imagination and memory and to unrecognized capacities for controlling thoughts emotions and behaviors Even so the Stoics would not mind at all if you found this exercise of imagination and intellect a rather fun thing to do Enjoy     Spiritual Wisdom of Marcus Aurelius Alan Jacobs,Distinguished Professor of the Humanities Alan Jacobs,2004 The message of this book is simple but powerful we have a short time on earth we don t know what is going to happen and it doesn t matter It is the best defense available against the problems and stresses of our time     The Moment That Defines Your Life Chuck Garcia,2024-02-06 Discover the life changing power of emotional intelligence and stoicism through captivating stories of individuals who overcame adversity learned crucial lessons from life defining moments and rose to personal and professional heights When reflecting on your life did it go as planned On the receiving end of bad sad or tragic news do you control your temper or does

The Memory of Clothes Robyn Gibson,2015-02-03 Once hanging static in a wardrobe or folded away in a trunk in recent times clothes have found themselves thrown into the spotlight The crowds that are drawn to large scale fashion exhibitions staged with increasing frequency in galleries and museums around the world offer glimpses into the meaning that we attach to these items of clothing Apart from their aesthetic value clothes have the ability to evoke issues of identity of the relation of self to body and self to the world We are able to find ourselves through the experiences of delving into our wardrobes and remembering Clothes are thus layered with meaning since they have the power to act as memory prompts Woven into their fabric are traces of past experiences stitched into their seams are links to people we have loved and lost Viewed as visual objects clothing is not frivolous flippant or foolish In telling and talking about clothes we reveal much about ourselves our lives and the experiences that we drape around our bodies Whether bought or handmade passed down or reconstructed clothes help us to construct meaning as we remember those things in our lives that matter     *Goodbye, Mr. Wonderful* C. B. McCully,2004 Goodbye Mr Wonderful gives a detailed account of the early stages of recovery from alcoholism From his admittance into hospital to his life as a writer in the

Bakalis,2024-09-05 Recent

research reveals a mass exodus from Eastern Orthodoxy in America But why have so many people left the Church *Beyond Belief* Hugh Mackay,2016-04-26 What do people actually mean when they say God Around two thirds of us say we believe in God or some higher power but fewer than one in ten Australians attend church weekly In *Beyond Belief* Hugh Mackay presents this discrepancy as one of the great unexamined topics of our time He argues that while our attachment to a traditional idea of God may be waning our desire for a life of meaning remains as strong as ever Mackay interviews dozens of Australians representing many different points on the spectrum of faith including some who are part of the emerging spiritual but not religious movement He exposes the deep vein of ambivalence about religion that runs through our society we may not actively worship but we still like to see local churches operating in our midst and we use our church to marry christen our babies educate our children and commemorate our dead He points out some uncomfortable truths such as our tendency to call on God only in a crisis and unpacks our human need for answers even when science can't find them He endorses the Christian ideal of the good life a life lived for others but acknowledges that there are many pathways to that same goal not all of them religious Written with all the insight and compassion we have come to expect of our leading chronicler of Australian life *Beyond Belief* is an engrossing exploration of the ways we find spiritual fulfilment in an avowedly secular age
