Levering, Aaron Pidel**

Spiritual Exercises And The Ignatian Mystical Horizon:

The Spiritual Exercises and the Ignatian Mystical Horizon Harvey D. Egan, 2020-11-30 This book is a revision and condensation of a doctoral dissertation which its author wrote under the direction of the well known Father Karl Rahner at the University of Münster. It focuses on the importance of St Ignatius' small book, the *Spiritual Exercises*, as a source of theological investigation. Thus it stems from Rahner's own conviction as he states in his foreword that the real theological and not only the spiritual significance of Ignatius' *Spiritual Exercises* presents a non yet accomplished task to today's theology. Absorbing, synthesizing and completing past studies on the Exercises, Father Egan summarizes the findings of modern scholars such as Przwara, Fessard, Karl Rahner, Hugo Rahner, Marxer, Cusson, Gil Bakker and Gonzalez de Mendoza, all hitherto relatively unavailable in English, and then presents his own fresh viewpoint. His quest is for Ignatius' mystical horizon, the lived internal unity, the roots of all of Ignatius' experiences, knowledge and love. Applying the contemporary methodology in theology to the study of the Ignatian Exercises, the author offers a penetrating and comprehensive treatment of Ignatius' consolation without previous cause of the Three Times of Election, including intellectual and affective discernment, the trinitarian dimensions of the Exercises, and other important Ignatian themes. The book is scholarly and extensively documented and seems to be the most comprehensive and up to date theological commentary in English on the Exercises. One experienced critic has called it one of the greatest contributions to the present commentary on the Exercises. [The Spiritual Exercises of St. Ignatius](#) Saint Ignatius, 2000-12-19 A classic Christian text from the founder of the Jesuit Order, The *Spiritual Exercises* of St Ignatius of Loyola is the core work of religious formation for members of the Society of Jesus, the single largest religious order within the Roman Catholic Church. For four and a half centuries in many thousands of editions in all languages, The Exercises have embodied fundamental spiritual principles essential to authentic Christian living. The mystical insight informing Ignatius' own relationship with God, which he distilled in The Exercises, is that the divine love of God is providentially present in all the details of our existence. Here Ignatius shows how the faithful can be joined to God in all things according to the Jesuit motto *Ad maiorem Dei gloriam*. For the greater glory of God. [Zen and the Spiritual Exercises](#) Ruben Habito, 2014-04-10 The practices of the East meet those of the West in this intriguing book on the relationship between Zen meditation and the *Spiritual Exercises* of St Ignatius Loyola. Ruben Habito, a Zen Master as well as an expert in Ignatian spirituality, brings these two hallowed paths to enlightenment together in this intriguing book designed not only for believers in either tradition but for seekers and beginners as well. Both comparing and contrasting Zen traditions of meditation and enlightenment with St Ignatius' famous Exercises for attaining Divine Love, Habito offers suggestions on how the two traditions share the same goals and how each might benefit from the other or from their shared practice. As the reader follows Habito through the stages of purgation of false desires, illumination of one's true path, and the generous desire to give back what one has been given, through the Divine Habito shares illuminating and instructive stories, literary and

spiritual reflections and thought provoking ways on how to update Zen and Ignatian spirituality to meet the needs and desires of a contemporary seeker *Ignatius Loyola the Mystic* Harvey D. Egan,2020-09-22 **The Ignatian Way** Charles J. Healey,2009 Although many books have been written on Ignatian spirituality most focus on highly specific and scholarly details rendering them too academic and specialized for the average reader This book remedies this problem by compiling a more general guide to the basic aspects of Ignatian spirituality Addressing everything from the life of St Ignatius Loyola to his Spiritual Exercises to methods of dealing with contemporary world issues in a Jesuit spirit it offers a comprehensive yet conversational approach to Ignatian spirituality Whether readers are studying or teaching at a Jesuit school seeking spiritual direction on a retreat discerning a possible vocation to the Society of Jesus or simply seeking more exposure to Ignatian spirituality this book is an invaluable guide Book jacket Understanding the Spiritual Exercises Michael Ivens,1998 Ever since the Spiritual Exercises were first published in 1548 they have been a popular and important resource for spiritual directors and directees In this new translation Michael Ivens draws on the wealth of previously published materials as well as his extensive experience to produce a new commentary that unravels the inner workings of the Spiritual Exercises This new translation with detailed introductions to each section helps directors arrive at a firm and nuanced understanding of this classic of western spirituality *Mariology at the Beginning of the Third Millennium* Kevin Wagner,M. Isabell Naumann,Peter John McGregor,Paul Morrissey,2017-04-24 Since the Second Vatican Council the place of Mary in theology and generally in the life of the Church has been at times muted This is perhaps understandable given the debates concerning Mary s place in the documents of Vatican II In an ecumenical age it was argued the church needed a less triumphalist Mariology and piety with a greater focus on Mary as model disciple In certain respects this has led to a dichotomy between the continued Marian piety of many faithful and truth be told the piety of the post conciliar popes and a theological timidity concerning Mary This collection of chapters seeks to address the current situation of Mariology Taken as a whole these chapters represent a welcome call for renewal and reawakening in Mariology The collection is also delightfully eclectic both in terms of topics covered and in terms of the denominational and academic backgrounds of the authors **An Anthology of Christian Mysticism** Harvey D. Egan,1991 A Pueblo book Includes bibliographical references p 610 615 and index

Ignatius Loyola the Mystic Harvey D. Egan SJ,2020-09-22 **How to See the Holy Spirit, Angels, and Demons** Gordon James Klingenschmitt,2013-12-01 Are God angels and demons really invisible Or can the spirits be seen with human eyes through the lens of Church Ethics The gift of discerning of spirits is indispensable to the study of church ethics Ignatius of Loyola founder of the Society of Jesus Jesuits wrote two sets of Rules for Discerning of Spirits in his Spiritual Exercises in the early 1500s He taught how the church can receive from God the gift to see otherwise invisible angels demons and the Holy Spirit Ignatius views were influenced by John Cassian Jacobus de Voragine Ludolph of Saxony and Thomas a Kempis Ignatius Rules are exegeted in dialogue with contemporary scholars Karl Rahner Hugo Rahner Piet Penning de Vries Jules

Toner and Timothy Gallagher and applied to one study of ecclesial ethics in the narrative theology of Samuel Wells A four step Ignatian pneumatological ethical method is developed which any analyst can follow to see the spirits by consolation desolation consent manifestation and pneumatological ethics This method revolutionizes how we study ecclesiology soteriology missiology world religions liturgy worship Eucharist hermeneutics homiletics pastoral counseling church history and politics The spirits are not invisible at all They can be clearly discerned through the lens of ecclesial ethics

The Spiritual Exercises of Saint Ignatius of Loyola Terence O'Reilly, 2020-10-20 In The Spiritual Exercises of Saint Ignatius Loyola Contexts Sources Reception Terence O'Reilly examines the historical theological and literary contexts in which the Exercises took shape The collected essays have as their common theme the early history of the Spiritual Exercises and the interior life of Ignatius Loyola to which they give expression The traditional interpretation of the Exercises was shaped by writings composed in the late sixteenth century reflecting the preoccupations of the Counter Reformation world in which they were composed The Exercises however belong in their origins to an earlier period before the Council of Trent and the full recognition of this fact and of its implications has confronted modern scholars with fresh questions about the sources evolution and reception of the work

A Spirituality of Everyday Faith Declan Marmion, 1998 Because spirituality is such a ubiquitous term today any attempt to elucidate it more fully is only to be welcomed Volume 23 in the LTPM series represents a significant contribution in this regard Beginning with the apostle Paul Declan Marmion shows how the meaning of the term spirituality changed over the centuries He then offers a useful working definition of spirituality and explores the complicated relationship between spirituality academic theology and religious experience In the main body of the book Marmion focuses on the spiritual basis of Karl Rahner's theology Exhibiting a comprehensive knowledge of the primary and secondary literature in this area Marmion uses Rahner's notion of spirituality to treat such important themes as the nature of God mystical experience prayer love of neighbor and more

Spiritual Direction Ruffing, Janet K., RSM, 2000 Explores issues that arise in the advanced stages of spiritual direction from both a practical and theoretical perspective

Rethinking Catholic Theology Egan, Harvey D., SJ, Rethinking Catholic Theology From The Mystery of Existence to the New Creation provides readers with an intelligent informed critical grasp of at least the central truths of the Catholic Christian tradition It aims to help readers to rethink more deeply these essential truths and moreover in what specific ways the understanding of the Catholic faith has changed and or remained the same since Vatican II The first part centers on Jesus Messiah and the mystery of existence It delineates how his life death resurrection as transformed physicality and ascension usher in the kingdom of God and best answer the questions Who am I Who are we Where did we come from and where are we ultimately headed What is the meaning of it all The second part focuses on how Pentecost the Trinity the Church the Scriptures the Sacraments Christian life itself Mariology the Communion of Saints and Christian mysticism shed light on the mystery of existence It demonstrates how the church flows intrinsically and naturally from the person of Jesus Christ and how the Scriptures and the sacraments

likewise arise intrinsically and naturally from the church Part three stresses considers various views of afterlife mainly from the Judeo Christian tradition It raises difficult after death questions such as individual and general judgment the intermediate state the nature of the soul after death Limbo and Purgatory Finally it outlines the idea of Jesus s Second Coming and considers such concepts as Deep Incarnation and the New Creation *Catholic Moral Theology and Social Ethics* Christina Astorga,2013-12-01 Proposing a new method for moral theology Christina Astorga seeks to recast our understanding of the discipline by drawing from the faith vision of the entire theological enterprise including scripture dogmatic theology social ethics and spirituality **Dynamics of the Spiritual Exercises** Paul Christian Kiti,2005 *Ignatius of Loyola and Thomas Aquinas* Justin M. Anderson,Matthew Levering,Aaron Pidel,2024 Though the relationship between Jesuits and Dominicans has historically been marked by theological controversy Ignatius of Loyola the founder of the Jesuits shows remarkable affinity for the Thomistic tradition the tradition advanced above all by the Dominican order When writing the Jesuit Constitutions in fact Ignatius made Thomas Aquinas s Summa Theologiae the primary textbook for Jesuit theological formation The contributions to this volume originating from Jesuits Dominicans and lay scholars alike explore different aspects of the complex yet illuminating relationship between Ignatius and Thomas The themes range from the general relationship between the early Jesuits and scholastic theology to the attempts by Francisco de Toledo the first Jesuit cardinal to apply Thomistic reasoning to the religious and legal status of Jewish converts to Christianity Other contributions compare Ignatius and Thomas on topics of significant interest for dogmatic sacramental and spiritual theology spiritual experience the ordering of the passions the use of the imagination prudence and discernment of spirits frequent communion Mariology the hierarchical church and the limits of obedience Students of Ignatius of Loyola Thomas Aquinas second scholasticism Christian Jewish relations and spiritual theology in general will find this volume an invaluable contribution [The Oxford Handbook of Mystical Theology](#) Edward Howells,Mark A. McIntosh,2020-02-25 The Oxford Handbook of Mystical Theology provides a guide to the mystical element of Christianity as a theological phenomenon It differs not only from psychological and anthropological studies of mysticism but from other theological studies such as more practical or pastorally oriented works that examine the patterns of spiritual progress and offer counsel for deeper understanding and spiritual development It also differs from more explicitly historical studies tracing the theological and philosophical contexts and ideas of various key figures and schools as well as from literary studies of the linguistic tropes and expressive forms in mystical texts None of these perspectives is absent but the method here is more deliberately theological working from within the fundamental interests of Christian mystical writers to the articulation of those interests in distinctively theological forms in order finally to permit a critical theological engagement with them for today Divided into four parts the first section introduces the approach to mystical theology and offers a historical overview Part two attends to the concrete context of sources and practices of mystical theology Part three moves to the fundamental conceptualities of mystical thought The final section ends with the

central contributions of mystical teaching to theology and metaphysics Students and scholars with a variety of interests will find different pathways through the Handbook

The Reality of Love Ingvild Rosok, 2018-01-12 Love is one and love is all we need This book argues against the traditional theological view that God's love differs from human love If God is love and love is one we will find God embodied in all kinds of genuine love experiences By analyzing Karl Rahner's theology of love the author explores how God penetrates and embraces the whole of reality suggesting implications for Christian spirituality and spiritual direction

Saints or Devils Incarnate? John W. O'Malley, 2013-09-15 Almost from the moment the Jesuits were founded in 1540 by Ignatius of Loyola and his companions they suffered from misunderstanding some positive much of it negative Myth and misinformation abounded The Society of Jesus the Jesuits official name was a society of saints or of devils incarnate Not until the mid twentieth century did historians begin to dispel some of the myths but only with John O'Malley's *The First Jesuits* 1993 did a new era open in the study of the Society Since then the Jesuits have attracted great attention from scholars of all disciplines on an international basis O'Malley has continued to write about Saint Ignatius and the subsequent history of the Jesuits This volume contains a number of such studies and presses forward the trajectory he launched two decades ago with his book
