## **Spiritual Fingerprint:**

**Spiritual Fingerprint** Madam Oracle,2018-04-02 What is a Spiritual Fingerprint Your Spiritual Fingerprint is your Spiritual Marking Identity or Uniqueness Everyone is born with it although it s not recognized immediately it must be cultivated nurtured and matured such as the Biblical concept of seed time and harvest And as long as the mind is in the driver s seat of your life your Spiritual Fingerprint cannot be recognized by those in which you are supposed to mentor inspire or make an impression on the tablet of their heart therefore causing you to miss the mark We can go on debating all day on the various steps or approaches on how Enlightenment can be achieved but I will say this it does not matter how much you try to block your Spiritual Fingerprint out it will arise in your mind constantly as a reminder or an alarm letting you know that you must WAKE UP Your true POWER is in your hands without your hands you lose your identity in the Real World however in the Spiritual World you can only lose it if you do not recognize it if you ignore it if you misuse it or if you do not share it

**Fingerprints of God** Barbara Bradley Hagerty,2009-05-14 From the award winning NPR religion correspondent and author of Life Reimagined The Science Art and Opportunity of Midlife comes a fascinating investigation of how science is seeking to answer the question that has puzzled humanity for generations Can science explain God Is spiritual experience real or a delusion Are there realities that we can experience but not easily measure Does your consciousness depend entirely on your brain or does it extend beyond In Fingerprints of God award winning journalist Barbara Bradley Hagerty delves into the discoveries science is making about how faith and spirituality affect us physically and emotionally as it attempts to understand whether the ineffable place beyond this world can be rationally even scientifically explained Hagerty interviews some of the world s top scientists to describe what their groundbreaking research reveals about our human spiritual experience From analyses of the brain functions of Buddhist monks and Carmelite nuns to the possibilities of healing the sick through directed prayer to what near death experiences illuminate about the afterlife Hagerty reaches beyond what we think we know to understand what happens to us when we believe in a higher power Paralleling the discoveries of science is Hagerty s own account of her spiritual evolution Raised a Christian Scientist she was a scrupulous adherent until a small moment as an adult triggered a revaluation of her beliefs which in turn led her to a new way of thinking about God and faith An insightful examination of what science is learning about how and why we believe Fingerprints of God is also a moving story of one person s search for a communion with a higher power and what she discovered on that journey
