Pastoral Spirituality Ben Campbell Johnson, 1988-01-01 Is the pastor a performer manager entertainer therapist or bureaucrat While modern pastors are often associated with roles like these Ben Campbell Johnson examines ministry and all its functions from a spiritual perspective and helps pastors see themselves as individuals called by God With exercises designed to help them reflect on their experiences he helps ministers recapture the essence of their calling

Release Barbara Fiand, 1987 Spirituality for Ministry Karen Sue Smith, 2006 The topic of ministerial spirituality engages two important contemporary movements the remarkable interest in spiritual matters which continue to grow and the dramatic increase in the number of lay Catholics involved in ministry This work includes seven perspectives from leading scholars

Tending to the Holy Bruce G. Epperly, Katherine Gould Epperly, 2009-10-02 *Tending to the Holy* The Practice of the Presence of God in Ministry invites pastors to embody their deepest beliefs in the routine and surprising tasks of ministry Inspired by Brother Lawrence's classic text in spirituality *Tending to the Holy* integrates the wisdom and practices of the Christian spiritual tradition with the commonplace practices of pastoral ministry Bruce and Katherine Epperly utilize a variety of spiritual disciplines especially Benedictine Celtic Ignatian Rhineland and process spiritualities to provide a framework for helping clergy nurture the awareness of God creative imagination and personal well being in every aspect of their ministerial lives Practicing God's presence in the ordinary tasks of ministry inspires wholeness spiritual transformation vision imagination endurance and healthy self differentiation in ministry Commitment to joining spiritual practices with the routine and repetitive tasks of ministry provides an important antidote to unhealthy stress burnout and loss of vision in ministry By seeing their congregational leadership in terms of spiritual transformation imaginative practice and relational interdependence ordinary ministerial practices can become ways pastors can deepen their relationship with God Growing out of their work with pastors at every season of ministry as well as combined ministerial experience of nearly sixty years Bruce and Katherine Epperly invite pastoral leaders to complement and expand on their understanding of spiritual leadership pastoral excellence and self care integrating traditional and contemporary spiritual practices with the concrete arts of ministry
An Open Place Daniel Schrock, Marlene Kropf, 2012-11-01 Written from an ecumenical standpoint as a practical aid for moving those experienced in individual spiritual direction toward group practices This book responds to the movement to expand spiritual direction beyond the classic on with one model Group spiritual direction has the potential to offer the rich experience of individual spiritual direction to a much wider audience yet very little has been written to provide guidance for starting such groups This book responds to that challenge It outlines ways that a diverse and ecumenical group of spiritual directors worked to initiate

groups in multiple contexts It examines the many variables among directors directees even meeting spaces that affect and enliven this ministry And it summarizes pitfalls success and discoveries

Missional Spirituality Roger Helland, Leonard Hjalmarson, 2012-01-20 If all of the earth is God's domain why are Christians so terribly provincial We rarely leave our church buildings and our spirituality rarely takes us beyond ourselves Veteran church leaders Roger Helland and Leonard Hjalmarson observe that Jesus begins his mission in the temple where he wows the religious elite and chides his parents by saying Didn't you know I had to be in my Father's house But Jesus doesn't stay in the temple indeed in Christ the temple of the Lord is on the move even to the ends of the earth In this book the authors helpfully reconnect spirituality and mission showing you how the spiritual life when lived properly follows a similar progression we come home to Christ loving him from our heart and soul and mind and strength And then we set forth to love our neighbors as ourselves Discover how through this process you can reclaim the whole of God's kingdom for his glory and the fulfillment of your heart's longing

The Journey Called Ministry Dorcas Willis, 2013-04-10 The journey to any form of ministry is the most exciting journey you will ever take There is no roller coaster that can compete The only way to feel the excitement is to take the journey This journey brightens a life like nothing else can As you read this book your emotions will be stimulated with such statements as Are you trying to put your name on that mountain of success or erect a flag that gives honor to God Words that are contrary to our actions make us two faced The best way for our buying audience to have confidence in the gospel we present is for us to display it in our own lives Show the world what you're working with In the pages of this book you will receive practical help in your journey renewal of your faith that whatever God has called you to do He will qualify you There will be obstacles along the way but success is assured not based on man's opinion but based on your submission to the will of God In spite of the obstacles along the way as long as you submit to God's will there is no failure in Him As you make THE JOURNEY CALLED MINISTRY be reminded there is humor in even the smallest task God calls you to do Enjoy the journey and the blessings that follow the chosen of God

Rediscovering the Spiritual Disciplines for Today's Ministry Leadership: A Journey of Proactive Spiritual Formation for Leaders Dr. Steve A. Maglio, 2021-10-29 Military chaplains are highly trained professionals with multiple graduate degrees and varying civilian pastoral experience They enter the chaplaincy after a rigorous selection process and military courses which all must verify their calling to military ministry Throughout a chaplain's career he or she will attend many continuing education seminars civilian education graduate programs and conferences all provided by the military However chaplains are challenged with the rigorous multitasked environment of this ministry Multiple deployments into combat have negatively impacted the personal lives of those seeking to care for the souls of the soldier This book encourages the importance of spiritual resiliency in the lives of leaders both military and civilian Leaders who regularly practice spiritual disciplines will be less likely to suffer personal and professional failure or burnout Second the leader's practice of spiritual disciplines is essential to fostering positive modeling and mentoring for young chaplains and those

wishing to serve Third practicing historic Christian spiritual disciplines will benefit those who strive to lead congregations and especially military installations in the free exercise of their faith **Henri Nouwen and Soul Care** Wil

Hernandez,2008 A synthesis of Henri Nouwen s integrated approach to spiritual formation which is both driven and

tempered by his integral relationship with psychology ministry and theology **Beyond the Ordinary** Ben Campbell

Johnson,Andrew Dreitcer,2001 Over the Past few decades mainline Protestant congregations have not easily embraced the notion of spirituality As much as any aspect of church life spirituality has been misunderstood misused and resisted by both clergy and laity Yet times are changing Today many people feel a deep spiritual hunger and are out looking for fulfillment in a wide variety of settings In this new context mainline congregations need to awaken to the presence of the Spirit in their midst and equip leaders to nurture both the personal and corporate spirituality of their congregations Beyond the Ordinary is explicitly written to help church leaders who have had no formal training in spiritual formation Drawing from years of experience teaching Christian spirituality Ben Campbell Johnson and Andrew Dreitcer explore the spiritual dimensions of leadership looking in depth at the meaning of spirituality as it relates to the tasks of ministry This friendly inspiring book will enable readers to erase the negative stereotypes of spirituality and develop vital models and practices for the church today The book introduces a faithful understanding and practice of the spiritual life to those who have not yet dipped into the well that is Christian spirituality For those who have already tasted this water and still thirst it offers a way to dip even more deeply Chapters discuss the issues surrounding a meaningful spirituality for our changing times the importance of holding prayer and mission in tension and the crucial role of Scripture in the formation of our lives The authors also underscore the importance of vision myth and discernment in the spiritual life of the church And they discuss the power of spiritual practices like discernment and visioning for enhancing the spirituality of congregations and helping them become agents of social transformation Intended for personal and group use by pastors elders other church leaders and those preparing for service in the church the book includes questions for reflection and discussion as well as journaling exercises to encourage learning and growth **Ethics and Spiritual Care** Karen Lebacqz,Joseph Driskill,2010-10-01 Ethics and Spiritual Care responds to

three phenomena of increasing importance Although spiritual care is at the heart of ordained ministry there is no text in professional ethics for clergy that focuses specifically on spiritual care What ethical guidelines are needed to ensure that spiritual care in ministry is appropriate Many people in our world do not consider themselves religious but use the term spiritual The burgeoning interest in spirituality is an invitation to people with little training to set themselves up as spiritual directors Guidelines are needed not simply for the ethical practice of parish ministry but for specific practices of spiritual direction Allegations of spiritual abuse have been made both in practice and in the literature the term is being used with some frequency The development of this term and its implications requires some scrutiny and response as sexual abuse is not a good model for understanding spiritual abuse Listening to the Groans Trevor Hudson,Stephen Bryant,2007-06 Learn to

pray towards a broader understanding of the spirit that lives and moves among us **Understanding Spiritual Power** Marguerite G. Kraft, 2003-08-18 While secularized cultures of the West have a great deal of difficulty dealing with the spiritual as a real non imaginary dimension of life most of the world's peoples do not. Having worked and studied among peoples of several non Western societies Marguerite Kraft is convinced that coming to terms with spiritual power presents one of the greatest challenges for all those who work among non Westerners in pastoral or mission situations. Understanding Spiritual Power addresses the dynamics of the felt need for spiritual power in relation to a people's assumptions, values and commitments in order to provide a foundation for meaningful Christian witness in power oriented societies. The Western Church, Kraft argues, under pressure from modern rationalism has largely lost awareness of God's power and position vis a vis the spiritual realm so important in other societies. Indeed this loss of power could be one reason for the interest in Eastern and New Age philosophies on the part of Westerners disillusioned with the modern worldview. Having worked among the Kamwe in Nigeria, the Thai in Asia and the Navajo in North America, Kraft focuses on specific ways in which people in these three societies view reality and suggests how the gospel can be articulated in forms they can understand. Understanding Spiritual Power offers a theological as well as a practical perspective on spiritual power. By exploring living societies, providing examples and case studies and offering specific strategies, this book makes a powerful case for rethinking and recasting traditional missiological methods. At the same time it helps Western Christians with ears to hear question whether they might not learn as much from those with whom they work as they seek to teach. *A Celtic Model of Ministry* Jerry C. Doherty, 2003 Why is the Christian Church declining in numbers and effectiveness in the twenty first century? In *A Celtic Model of Ministry* Jerry Doherty, experienced clergyman and Celtic scholar, shows that the decline is caused by a crisis of individualism, a crisis of faith and a crisis of lifestyle. Doherty responds to these crises by providing a Celtic spirituality by way of ministry of early Celtic Christians in Ireland, Wales, Scotland, Brittany and the Isle of Man. He provides a model for ministry today in the local congregation and a guideline for the successful future of the Church modeled after the early Celtic communities. Doherty applies the model in congregational development studies and ministry. He explores the problems that have caused the decline of the Church and how paradigms of ministry in current use are no longer adequate. In *A Celtic Model of Ministry* Doherty proposes that a new model for thinking and building ministry today, especially in the local congregation, may be found in early Celtic Christian communities. Churches need to be a spiritual center, a learning center and a community center. *A Celtic Model of Ministry* uses Celtic spirituality in a practical way for ministry in the local congregation and is written primarily for professionals, clergy and church workers but can be easily read by lay people. Chapters are: A Crisis of Individualism, The Solution, Community, Celtic Spirituality and Community, Creating Community, A Crisis of Faith and A Crisis of Lifestyle. Spirituality and Ministry, 1978 **Creative Ministry** Henri J. M. Nouwen, 2013-11-20 According to Henri Nouwen, the bestselling spiritual writer, every Christian is a minister trying to live his

life in the light of the Gospel Creative Ministry is a thoughtful examination of the various complex tasks that are part of that way of life Separate chapters treat each of the five areas that Nouwen considers the primary responsibilities of the minister teaching preaching counseling organizing and celebrating He shows how these main functions are inextricably tied to the minister's spiritual life and why they must be directed toward a creative dialogue with other Christians if they are to be rewarding It is also essential he maintains that the minister leave himself open take risks and lay down his life for his friends in order to give new life There is today a great hunger for a new spirituality observes Nouwen a hunger that requires new and creative forms of ministry Citing numerous examples from his rich experience the author offers practical advice for infusing daily pastoral work with meaning The result is an insightful presentation and a resonant spiritual guide for every man and woman who wants to be of service

Waking to God's Dream Richard Wills, Dick Wills, 1999 The demands of congregational ministry are many the rewards sometimes seem few and burnout becomes a real possibility Small wonder then that churches become stuck in a state of arrested spiritual development When the pastor is functioning in a survival or maintenance mode the church's vitality is often the first casualty Yet Wills's own experience demonstrates that churches can turn around the wind of the Spirit can be felt anew This happens when the congregation is infected by the vision of what God is doing in their midst a vision which the leaders particularly the pastor must bring before them In Waking to God's Dream Richard Wills shares the spiritual disciplines and insights which he believes account for the transformation of the congregation he serves from a large church in decline to one that is growing and reaching out to its community in a variety of creative ministries Detailing the steps and initiatives that led to this turnaround Wills demonstrates how personal commitment on the part of the congregation's leaders and ministers have been the key to the work they have accomplished
