VonDras Ph.D., 2017-08-18 An in-depth examination of religious practices around the world and the fascinating science behind how they make us healthier. Many religious and spiritual beliefs promote wellness through their practices or stated objectives; for example, focusing on simple living, having compassion for others, vegetarianism, or meditation and mindfulness. This refreshing work provides a review of the world's spiritual perspectives and traditions and explores how their guiding principles encourage healthy lifestyle choices. An examination of religious and nonreligious perspectives from around the world, from atheism, Confucianism, and Christianity to Islam, Judaism, Shamanism, and Zoroastrianism, reveals how faith, beliefs, and values influence behavior and inspire healthy living. With contributions from leading international scholars, the chapters include a discussion of Eastern and Western world religions and their practices, such as fasting or the avoidance of alcohol and tobacco, and how they may foster healthfulness. A contemporary analysis of current research findings suggests possible interventions that individuals and health providers may utilize to enhance healthfulness. A final chapter explores the connection between health, illness, and religious and nonreligious perspectives. **Way of the Spiritual Yogi** Ginger Dunaway, 2018-10-11 Every human being on Earth longs and searches for true meaning and fulfillment. Unfortunately, most of us search in the wrong places and end up empty-handed. We won't find true fulfillment in a fancy new car or lavish vacation. We will find it on the yoga mat in the comfort of our own homes. The regular practice of yoga allows us to escape distractions, break patterns, examine our inner selves deeply, and ultimately find true contentment and joy. When the practice and teachings of yoga are combined with the teachings of A Course in Miracles, we find ourselves on the most fascinating exploration of self, leading us to what we have truly been missing all along. If you are ready for a simple and honest glimpse into this phenomenal practice of yoga, open the pages of this book, seek no more, and discover the life you have only seen in your dreams. **Spiritual Autobiography and Meditation Handbook** Emerson D.
