- ACTING IMPULSIVELY WITHOUT CONSIDERING THE CONSEQUENCES.
- FAILING TO SEE ANY MIDDLE GROUND IN SITUATIONS.
- CUTTING PEOPLE OUT OF YOUR LIFE OR PLOTTING "REVENGE" ON THEM FOR A PERCEIVED SLIGHT.
- FEELING LIKE NO ONE UNDERSTANDS YOU AND EVERYONE IS JUDGING YOU.

Splitting Image:

The Spitting Image Paul Brauner, 2006 *The Spitting Image* is the inside story of Germany's descent into defeat and Hitler's attempts to keep his faltering entourage from fleeing the sinking ship. The mysterious appearance of a Hitler Child is welcomed by Nazi leaders as the means to perpetuate Nazi ideals. The boy is groomed to become the symbolic figurehead of the Fourth Reich and is spirited into Argentina to escape falling into the hands of the victorious allies. The involvement of the Vatican and the vivid descriptions of life in the bombed cities make this gripping novel a must read for anyone interested in recent history. The reader is taken on a roller coaster ride and is left wondering how much is fact and how much is fiction.

Garner's Modern American Usage Bryan Garner, 2009-08-27 Since first appearing in 1998, Garner's *Modern American Usage* has established itself as the preeminent guide to the effective use of the English language. Brimming with witty, erudite essays on troublesome words and phrases, this book authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers, whether the issues relate to grammar, punctuation, word choice, or pronunciation. Now in the third edition, readers will find the Garner's Language Change Index, which registers where each disputed usage in modern English falls on a five-stage continuum from nonacceptability to the language community as a whole to acceptability, giving the book a consistent standard throughout. Garner's *Modern American Usage* 3e is the first usage guide ever to incorporate such a language change index, and the judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies. Another first in this edition is the panel of critical readers: 120 plus commentators who have helped Garner reassess and update the text so that every page has been improved.

Garner's Modern English Usage Bryan A. Garner, 2022 Garner's *Modern English Usage* is one of the most influential style guides ever written for the English language. With more than a thousand new entries, 200 replacement entries, and thoroughly updated usage data, this fifth edition is fully abreast of the times and further establishes the author as the authority on effective writing.

Garner's Modern English Usage Bryan Garner, 2016-03-11 With more than a thousand new entries and more than 2,300 word frequency ratios, the magisterial fourth edition of this book, now renamed Garner's *Modern English Usage* (GMEU), reflects usage lexicography at its finest. Garner explains the nuances of grammar and vocabulary with thoroughness, finesse, and wit. He discourages whatever is slovenly, pretentious, or pedantic. GMEU is the liveliest and most compulsively readable reference work for writers of our time. It delights while providing instruction on skillful, persuasive, and vivid writing. Garner liberates English from two extremes: both from the hidebound purists who mistakenly believe that split infinitives and sentence-ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted. The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available. In this fourth edition, Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources. No other

resource provides as comprehensive reliable and empirical a guide to current English usage For all concerned with writing and editing GMEU will prove invaluable as a desk reference Garner illustrates with actual examples cited with chapter and verse all the linguistic blunders that modern writers and speakers are prone to whether in word choice syntax phrasing punctuation or pronunciation No matter how knowledgeable you may already be you re sure to learn from every single page of this book
