## Spohrstring Qts 5 1 :

String Quartets in Beethoven's Europe Nancy November, 2022-04-19 String Quartets in Beethoven's Europe is the first detailed study of string quartets in late eighteenth and early nineteenth century Europe. It brings together the work of nine scholars who explore little studied aspects of this multi-faceted genre. Together, this book's chapters deal with compositional responses to Beethoven's string quartets and the prestige of the genre, varied compositional practices in string quartet writing with a particular emphasis on texture and performance elements, and the reception of Beethoven's string quartets ca. 1800. They include discussions of quartets composed for the amateur and connoisseur markets in Beethoven's Europe, virtuosity, the French Violin School, and the *quatuor brillant*, the relationship between quartet composers and their audiences during Beethoven's era, and the cross-pollination of quartet styles in Europe's musical centers such as Vienna, Paris, and St. Petersburg. New York Magazine, 1993-07-26 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. **Monthly musical record**, 1889 *Musical times and singing-class circular*, 1884
