occasions that elicit it When Cavell died in 2018 he left behind some of his own most powerful language a plan for a book collecting numerous unpublished essays and lectures as well as papers printed in niche journals Here and There presents this manuscript with thematically relevant additions for the first time These writings composed between the 1980s and the 2000s reflect Cavell s expansive interests and distinctive philosophical method The collection traverses all the major themes of his immense body of work modernity psychoanalysis the human voice moral perfectionism tragedy skepticism Cavell s rich and cohesive philosophical vision unites his wide ranging engagement with poets critics psychoanalysts social scientists and fellow philosophers In Here and There readers will find dialogues with Shakespeare Thoreau Wittgenstein Freud Heidegger Walter Benjamin Wallace Stevens Veena Das and Peter Kivy among others One of the collection s most striking features is an ensemble of five pieces on music constituting Cavell s first discussion of the subject since the mid 1960s Edited by philosophers who have been invested in Cavell s work for decades Here and There not only gathers the strands of a writing life but also maps its author s intellectual journeys In these works Cavell models what it looks like to examine seriously one s own passions and to forge new communities through unexpected conversations Beyond the Dream Irene

Snow,2013-05-28 Until the age of four Irene Snow lived happily with her mother and gentle doting grandparents The return of her father a rough and tough soldier at the close of World War II set the stage for rebellion and dissent in her young life He was a strict disciplinarian and she resented his authority from the outset Whats more his arrival introduced her to the baser emotions of jealousy and hatred which were previously beyond her ken as the reigning princess in Grandmas house As she grew older her life became a search to regain the pedestal she lost no matter what it took As a young woman she fell in love with a married German and had his child out of wedlock Aware of her fathers deep and abiding enmity for the enemy she reveled in his displeasure he in turn vowed to disown his grandchild Irene s seven year love affair ended with her marriage to a Canadian widower but her wedding was closely followed by a tragedy that ignited her darker emotions and eventually brought her to a nervous breakdown psychosis and utter darkness She turned to the field of psychology in the hope it might shed light on her self defeating behavior While her studies provided many answers they did not lead to peace Finally she embarked upon a spiritual journey that led her to A Course in Miracles Once she began to reach out with love her life changed dramatically

Metaphysical Song Gary Tomlinson,2014-12-25 In this bold recasting of operatic history Gary Tomlinson connects opera to shifting visions of metaphysics and selfhood across the last four hundred years The operatic voice he maintains has always acted to open invisible supersensible realms to the perceptions of its listeners In doing so it has articulated changing relations between the self and metaphysics Tomlinson examines these relations as they have been described by philosophers from Ficino through Descartes Kant and Nietzsche to Adorno all of whom worked to define the subject s place in both material and metaphysical realms The author then shows how opera in its own cultural arena distinct from philosophy has repeatedly brought to the stage these changing relations of the subject to the particular metaphysics it
