**Cantonese as Written Language** Don Snow, 2004-10-01 Cantonese is the only dialect of Chinese which has developed a widely known and used written form It has played a role in publishing in the Guangdong region since the late Ming dynasty when various types of verses using Cantonese were published as mu yu shu wooden fish books In the early twentieth century these dialect texts were joined by Cantonese opera scripts published as popular reading material However it was only after the end of the Second World War that written Cantonese came to be widely used in popular newspapers and magazines advertising and in the private communications Cantonese as Written Language examines this development in the broader context of diglossia and also of the patterns by which spoken vernaculars have developed written forms in other societies Based on primary source research including interviews with publishers and writers who played an important role in the growth of written Cantonese the author argues that this move of Cantonese into the realm of written language is closely associated with Hong Kong s distinct local culture and identity The growth of the written vernacular also reflects the territory s evolving cultural distinctiveness from mainland China first as a British colony and now as a Special Administrative Region of China

**Research in Education**, 1969-05 **Language Contact. Volume 2** Jeroen Darquennes, Joseph C. Salmons, Wim Vandenbussche, 2025-04-21 Targeting a full range of students and scholars this volume

provides a total of 50 chapters illustrating the linguistic dynamics and the dynamics of inter individual and societal language contact as well as the dynamics of multidisciplinary language contact studies Fueled by a wealth of data from a rich variety of contact situations its geographically balanced case studies are governed by the triangulation between a focus on language structure and change a sincere drive of sociopolitical and academic agency and the confrontation with an everyday reality that can be unkind to and ignorant of those two factors The volume clearly demonstrates the social relevance of our trade in a time burdened with ecolinguistic challenges

**William Empson, Volume II** John Haffenden,2006-11-02 William Empson 1906 1984 was the foremost English literary critic of the twentieth century His public life and travels took him through many of the major events of the modern world This compelling account is the second of two volumes exploring his remarkable life and work [The Chinese Language Demystified](#) Zhengming Du,2015-10-13 The Chinese Language Demystified offers a detailed exploration of the features that have made Mandarin Chinese so unique among the major languages of the world particularly English and other European linguistic forms of communication While discussing the aspects that contribute to the perception of the language as somewhat mysterious the book also investigates how it is comprehended and used by the Chinese people despite its lack

of formal grammatical structure in the conventional terms of understanding      *The Handbook of Bilingualism and Multilingualism* Tej K. Bhatia, William C. Ritchie, 2012-09-19 Honored as a 2013 Choice Outstanding Academic Title

Comprising state of the art research this substantially expanded and revised Handbook discusses the latest global and interdisciplinary issues across bilingualism and multilingualism Includes the addition of ten new authors to the contributor team and coverage of seven new topics ranging from global media to heritage language learning Provides extensively revised coverage of bilingual and multilingual communities polyglot aphasia creolization indigenization linguistic ecology and endangered languages multilingualism and forensic linguistics Brings together a global team of internationally renowned researchers from different disciplines Covers a wide variety of topics ranging from neuro and psycho linguistic research to studies of media and psychological counseling Assesses the latest issues in worldwide linguistics including the phenomena and the conceptualization of hyperglobalization and emphasizes geographical centers of global conflict and commerce      **A Synchronic and Diachronic Study of the Grammar of the Chinese Xiang Dialects** Yunji Wu, 2011-06-24 This is the first book in Chinese linguistics which discusses the grammar of a dialect group in this case the Xiang dialect spoken in Hunan from both a synchronic and diachronic perspective The author uses new data and new frameworks to present her analysis The synchronic part covers contemporary grammar across localities within the Xiang speaking area by using the methods and theories of comparative and typological linguistics The diachronic analysis reconstructs earlier grammatical systems based mainly on modern data but also on historical written records and analyses the development of the syntactic systems of the Xiang dialects adopting the methods and theories of historical linguistics and grammaticalization The discussions in this book raise new issues on dialect research which have not yet been fully acknowledged by Chinese dialectologists The author shows for example how the earlier layers of grammar may be reconstructed on the basis of modern data and how the path of grammaticalization of functional words may be traced The discussions reveal that the Xiang dialect group forms a transitional zone between northern and southern dialects The syntactic constructions in these two areas often co exist or are mingled in Xiang Thus the grammatical constructions in different localities of the Xiang dialect group often provide a bridge connecting the constructions of northern and southern Chinese or Modern Chinese and Chinese of earlier periods This book is of interest to scholars and students who are working on grammar dialectology historical linguistics comparative linguistics typological linguistics and grammaticalization as well as those researchers focusing on language policy language acquisition and education      *A Chinese-English Dictionary* Herbert Allen Giles, 1892      Language Policy in the People's Republic of China Minglang Zhou, Hongkai Sun, 2006-04-11 Language matters in China It is about power identity opportunities and above all passion and nationalism During the past five decades China's language engineering projects transformed its linguistic landscape affecting over one billion people's lives including both the majority and minority populations The Han majority have been juggling between their home vernaculars and the official speech Putonghua a speech of no native speakers and

reading their way through a labyrinth of the traditional simplified and Pinyin Roman scripts Moreover the various minority groups have been struggling between their native languages and Chinese maintaining the former for their heritages and identities and learning the latter for quality education and socioeconomic advancement The contributors of this volume provide the first comprehensive scrutiny of this sweeping linguistic revolution from three unique perspectives First outside scholars critically question the parities between constitutional rights and actual practices and between policies and outcomes Second inside policy practitioners review their own project involvements and inside politics pondering over missteps undergoing soul searching and theorizing their personal experiences Third scholars of minority origin give inside views of policy implementations and challenges in their home communities The volume sheds light on the complexity of language policy making and implementing as well as on the politics and ideology of language in contemporary China
