Sport And National Identity In The Post War World

Robert Edelman, Wayne Wilson

Sport And National Identity In The Post War World:

Sport and National Identity in the Post-War World Dilwyn Porter, Adrian Smith, 2013-04-15 What is the relationship between sport and national identity What can sport tell us about changing perceptions of national identity Bringing together the work of established historians and younger commentators this illuminating text surveys the last half century giving due attention to the place of sport in our social and political history It Includes studies of English football and British decline Englishness and sport Ethnicity and nationalism in Scotland Social change and national pride in Wales Irish international football and Irishness Sport and identity in South Africa Cricket and identity crisis in the Caribbean Baseball exceptionalism and American Sport Popular mythology surrounding the sporting rivalry between New Zealand and Australia Sport and National Identity in the Post War World presents a wealth of original research into contemporary social history and provides illuminating material for historians and sociologists alike

Sport and National Identity in the Post-war World Adrian Smith, Dilwyn Porter, 2004 *Sport and English National Identity in a 'Disunited Kingdom'* Tom Gibbons, Dominic Malcolm, 2017-02-17 Given sport's centrality in English society what role does it play in symbolising contemporary English national identity This comprehensive study explores the complex set of relationships between sport and what it means to be English in the twenty first century The bond between sport and nationalism has long been recognised but with increasingly vociferous separatist nationalisms threatening the dismantling of the United Kingdom a closer analysis is timely Part one addresses key debates regarding English national identity within the specific sporting contexts of association football cricket tennis cycling and rugby Part two discusses the complex relationship between religion sport and English national identity as well as the attitudes and experiences of traditionally marginalized groups including women minority ethnic groups and disabled people Part three considers the perspectives of the other UK nations on the link between sport and English national identity Sport and English National Identity in a Disunited Kingdom is fascinating reading for all those with an interest in the sociology politics and history of sport and the study of nations nationalism and national identity

English National Identity and Football Fan Culture Tom Gibbons, 2016-05-13 In recent years scholars have understood the increasing use of the St George's Cross by football fans to be evidence of a rise in a specifically English identity This has emerged as part of a wider national response to broader political processes such as devolution and European integration which have fragmented identities within the UK Using the controversial figurational sociological approach advocated by the twentieth century theorist Norbert Elias this book challenges such a view drawing on ethnographic research amongst fans to explore the precise nature of the relationship between contemporary English national identity and football fan culture Examining football fans expressions of Englishness in public houses and online spaces the author discusses the effects of globalization European integration and UK devolution on English society revealing that the use of the St George's Cross does not signal the emergence of a specifically English national consciousness but in fact masks a more complex multi layered process of

national identity construction A detailed and grounded study of identity nationalism and globalization amongst football fans English National Identity and Football Fan Culture will appeal to scholars and students of politics sociology and anthropology with interests in ethnography the sociology of sport fan cultures globalization and contemporary national identities *Sport, Representation and Evolving Identities in Europe* Philip Dine, Seán Crosson, 2010 Sport annually mobilizes millions of people across Europe as practitioners in a wide variety of competitive educational or recreational contexts and as spectators who are physically present or following events through the mass media This book presents original research into modern sport funded by the Irish Research Council for the Humanities and Social Sciences Its aim is to examine the distinctive contribution made by this complex phenomenon to the construction of European identities Attention is focused on sport's social significance as a set of mass mediated practices and spectacles giving rise to a network of images symbols and discourses The book seeks to explore and ultimately to explain the processes of representation and mediation involved in the sporting construction and subsequent renegotiation of local national and increasingly global identities It offers a survey of key developments in sporting Europe from the mid nineteenth century to the present and from the Atlantic to the Urals presenting findings by acknowledged international experts and emerging scholars at the level of individuals communities regions nation states and Europe as a whole in both its geographical and political incarnations Its focus on representation offers a broadly conceived and consciously inclusive approach to issues of Europeanness in modern and contemporary sport

Football, Place and National Identity David Storey, 2021-10-19 Given its popularity international football might be viewed as a prism through which the imagined community of the nation becomes closer to a manifest reality with matches providing examples of that community collectively rejoicing or crying The sport potentially sheds insights on the complexities of ethnic and national identity as it is a medium through which allegiances are re produced and expressed Alongside the internationalisation of club teams international representative teams also appear to be becoming more trans national with players born outside that country but with family connections to it playing in the national colours Increasing flexibility of regulations governing international representation means that countries can potentially select from a considerably broader pool of talent drawing on players with ethnic or cultural connections to the country For example for a number of decades now the Republic of Ireland team has included sizeable numbers of non Irish born players sons and grandsons of Irish emigrants Similar tendencies are clear in the selection of English born players of West Indian origin for football teams representing Caribbean countries Colonial connections and related migration flows explain France's selection of players born in places such as Algeria or Morocco but brought up in France The successful French teams of the late 1990s and early 2000s drew heavily on players from a multiplicity of ethnic and geographic origins Conversely many African countries select French born players of African origin thereby reclaiming some of the sons of their extensive diasporas and a sizeable number of players born in Europe have competed in the Africa Cup of Nations in recent years In this way historical colonial

relationships and associated migration flows provide the backdrop to the more eclectic nature of national representative teams Elsewhere this amalgamation of both civic and ethnic senses of national identity has allowed teams like Turkey and Croatia to tap into their extensive emigrant pool This book focuses on one dimension of the intricate connections between football place and politics It investigates the switching of national sporting allegiance by some footballers from their country of birth to country of residency or family origins examines the reasons behind the recent growth of the phenomenon and explores reactions to this

The Politics and Culture of Modern Sports Sheldon Anderson,2015-12-15 This study examines the role of modern sports in constructing national identities and the way leaders have exploited sports to achieve domestic and foreign policy goals The book focuses on the development of national sporting cultures in Great Britain and the United States the particular processes by which the rest of Europe and the world adopted or rejected their games and the impact of sports on domestic politics and foreign affairs Teams competing in international sporting events provide people a shared national experience and a means to differentiate us from them Particular attention is paid to the transnational influences on the construction of sporting communities and why some areas resisted dominant sporting cultures while others adopted them and changed them to fit their particular political or societal needs A recurrent theme of the book is that as much as they try politicians have been frustrated in their attempts to achieve political ends through sport The book provides a basis for understanding the political economic social and diplomatic contexts in which these games were played and to present issues that spur further discussion and research

A Contemporary History of Women's Sport, Part One Jean Williams,2014-04-24 This book is an historical survey of women s sport from 1850 1960 It looks at some of the more recent methodological approaches to writing sports history and raises questions about how the history of women s sport has so far been shaped by academic writers Questions explored in this text include What are the fresh perspectives and newly available sources for the historian of women s sport How do these take forward established debates on women s place in sporting culture and what novel approaches do they suggest How can our appreciation of fashion travel food and medical history be advanced by looking at women s involvement in sport How can we use some of the current ideas and methodologies in the recent literature on the history and sociology of sport in order to look afresh at women s participation Jean Williams s original research on these topics and more will be a useful resource for scholars in the fields of sports women s studies history and sociology

The Age of Football: Soccer and the 21st Century David Goldblatt,2020-02-18 A monumental exploration of soccer and society in our time by its preeminent historian The Age of Football proves that whether you call it football or soccer you can t make sense of the modern world without understanding its most popular sport With breathtaking scope and an unparalleled knowledge of the game David Goldblatt author of the best selling *The Ball Is Round* charts soccer s global cultural ascent economic transformation and deep politicization

The Oxford Handbook of Sports History Robert Edelman,Wayne Wilson,2017 Practiced and watched by billions sport is a global phenomenon Sport history is a burgeoning

sub field that explores sport in all forms to help answer fundamental questions that scholars examine This volume provides a reference for sport scholars and an accessible introduction to those who are new to the sub field **Sport, Tourism and National Identities** John Harris,2016-03-23 The role of both sport and tourism in the re creation and re presentation of national identities is well established yet relatively little work has critically explored the inter relationship between sport tourism and the creation and maintenance of national identities Despite the advances of globalization the nation continues to be an important part of both sport and tourism discourse and offers fertile ground for the exploration of identities in postmodern society The chapters in this collection consider the significance of important sports events and how this is understood in relation to the collective identities of some countries Authors outline some of the ways in which the nation matters and consider how and why national identities are important in contemporary sport tourism This book was originally published as a special issue of the Journal of Sport Tourism *A Cultural History of Sport in the Modern Age* Steven A. Riess,2022-08-31 *A Cultural History of Sport in the Modern Age* covers the period 1920 to today Over this time world wide participation in sport has been shaped by economic developments communication and transportation innovations declining racism diplomacy political ideologies feminization democratization as well as increasing professionalization and commercialization Sport has now become both a global cultural force and one of the deepest ways in which individual nations express their myths beliefs values traditions and realities The 6 volume set of the Cultural History of Sport presents the first comprehensive history from classical antiquity to today covering all forms and aspects of sport and its ever changing social cultural political and economic context and impact The themes covered in each volume are the purpose of sport sporting time and sporting space products training and technology rules and order conflict and accommodation inclusion exclusion and segregation minds bodies and identities representation Steven A Riess is Professor Emeritus at Northeastern Illinois University USA Volume 6 in the Cultural History of Sport set General Editors Wray Vamplew Mark Dyreson and John McClelland Global esports Dal Yong Jin,2021-03-25 Global esports explores the recent surge of esports in the global scene and comprehensively discusses people s understanding of this spectacle By historicizing and institutionalizing esports the contributors analyze the rapid growth of esports and its implications in culture and digital economy Dal Yong Jin curates a discussion as to why esports has become a global phenomenon From games such as Spacewar to Starcraft to Overwatch a key theme distinguishing this collection from others is a potential shift of esports from online to mobile gaming The book addresses why many global game players and fans play and enjoy online and mobile games in professional game competitions and therefore they investigate the manner in which the transfer to from and between online and mobile gaming culture is occurring in a specific subset of global youth The remaining focus identifies the major platforms used to enjoy esports including broadcasting and smartphones By analyzing these unexamined or less discussed agendas this book sheds light on the current debates on the growth of global esports culture **The Oxford Handbook of Sport and Society** Lawrence A.

Wenner,2022 The Oxford Handbook of Sport and Society is the premier comprehensive and interdisciplinary work for readers looking to understand key areas of inquiry about the role and impacts of sport in contemporary culture Through fifty seven chapter treatments from leading international scholars on sport s impact on key aspects of our lives the Handbook is essential reading for any reader trying to understand the outsized ways in which sport has become more than a game

Olympic Ethics and Philosophy Mike McNamee,Jim Parry,2014-07-10 This book contains an international collection of essays by leading philosophers of sport on the ethics and philosophy of the Olympic Games The essays consider a range of topics including critical reflections on nationalism and internationalism within the Olympic movement sexism in Olympic marketing and sponsorship the preservation and corruption of Olympism the underlying ideology of the Olympic Games the inequalities of perception in ability and disability as it informs our understanding of the Olympic and Paralympic Games and comparisons between ancient and modern interpretations of the meaning and significance of the Olympic Games This book will be of interest to historians philosophers and sociologists of sports as well as to the sporting public who simply want to know more about the grounding ideas behind the greatest show on earth This book was originally published as a special issue of Sport Ethics and Philosophy

Sport in Korea Dae Hee Kwak,Yong Jae Ko,Inkyu Kang,Mark Rosentraub,2017-07-28 Korea has become a powerful force in global sport with South Korea finishing fifth in the medals table at London 2012 and hosting the Winter Olympics in 2018 This book brings together scholars from disciplines including sport history sociology journalism economics sport development and sport management to explore the significance of sport in contemporary Korea Presenting a variety of international perspectives it plots the dynamic evolution of sport in Korea and envisions the possibilities for its future Each chapter focuses on a key topic of current relevance such as sport in the context of shifting relations between North and South Korea or the role of sport in the expression of Korean nationalism Arguing that individuals institutions businesses and governments have actively leveraged or exploited sport to influence developments in various social economic cultural and political arenas this book sheds new light on the importance of sport as a catalyst for change in Korea This is indispensable reading for any student or scholar with an interest in sport history and culture in Korea

The Changing Face of Cricket Dominic Malcolm,Jon Gemmell,Nalin Mehta,2013-10-18 For cricket enthusiasts there is nothing to match the meaningful contests and excitement generated by the game s subtle shifts in play Conversely huge swathes of the world s population find cricket the most obscure and bafflingly impenetrable of sports The Changing Face of Cricket attempts to account for this paradox The Changing Face of Cricket provides an overview of the various ways in which social scientists have analyzed the game s cultural impact The book s international analysis encompasses Australia the Caribbean England India Ireland South Africa Sri Lanka and Zimbabwe Its interdisciplinary approach allies anthropology history literary criticism political studies and sociology with contributions from cricket administrators and journalists The collection addresses historical and contemporary issues such as gender equality global sports development the impact of

cricket mega events and the growing influence of commercial and television interests culminating in the Twenty20 revolution Whether one loves or hates the game understands what turns square legs into fine legs or how mid offs become silly The Changing Face of Cricket will enlighten the reader on the game s cultural contours and social impact and prove to be the essential reader in cricket studies This book was published as a special issue of Sport in Society

The 1984 Los Angeles Olympic Games Matthew Llewellyn, John Gleaves, Wayne Wilson, 2017-10-02 The 1984 Los Angeles Olympic Games stand as the most profitable and arguably the most important event in the history of the modern Olympic movement Fresh off the back of the financially disastrous Montreal Games of 1976 and the politically controversial Moscow Games of 1980 the Olympic movement returned to the United States for the sixth time in an attempt to salvage the economic viability and global prestige of the Olympics The Los Angeles Olympics proved to be both provocative and polarizing On the one hand they have been heralded as an overwhelming transformative success ushering the Olympic movement into the modern commercial age On the other hand critics have repudiated the Games as a manifestation of commercial excess and a platform for western political and cultural propaganda In conjunction with the 30th anniversary of the Los Angeles Olympics this volume examines their legacy With an international collection of contributing scholars this volume will span a range of global legacies including the increasing commercialization of the Games the changing participation of women the Communist boycott movement nationalism and sporting identity and the modernization and California cation of the Games This book was originally published as a special issue of the International Journal of the History of Sport

Management of Sports Development Vassil Girginov, Mathew Dowling, 2025-09-23 Now in a fully revised and significantly expanded new edition Management of Sports Development is a complete introduction to the theory policy and practice of sports development With a focus on professional knowledge and managerial competencies this book defines conceptually and semantically the field of sports development and explains how a clear vision managed processes of change and effective delivery can lead to the best sustainable outcomes for people communities and sports organisations The first section of this book introduces the developmental doctrines that underpin contemporary sports development and considers how research and writing about sports development influence policy and practice The second section of this book then explores the diversity of perspectives and interests in the sports development landscape from public policy international sports development to cultural perspectives and social value The third section takes a closer look at the personal organisational and social change stimulated by sports development visions a critical consideration for effective strategy programme implementation and management including current issues such as social justice sustainability and mega sporting events The fourth and final section of this book looks closely at delivery unpacking key functional areas such as governance building organisational capacity networks and partnerships volunteering digitalisation and monitoring and evaluation Management of Sports Development is an essential textbook for any sport development course and is invaluable reading for any policy maker or

practitioner looking to improve their subject knowledge or professional skills Sports in Africa, Past and Present Todd Cleveland, Tarminder Kaur, Gerard Akindes, 2020-10-20 These groundbreaking essays demonstrate how Africans past and present have utilized sports to forge complex identities and shape Africa's dynamic place in the world Since the late nineteenth century modern sports in Africa have both reflected and shaped cultural social political economic generational and gender relations on the continent Although colonial powers originally introduced European sports as a means of civilizing indigenous populations and upholding then current notions of racial hierarchies and muscular Christianity Africans quickly appropriated these sporting practices to fulfill their own varied interests This collection encompasses a wide range of topics including women footballers in Nigeria Kenya's world class long distance runners pitches and stadiums in communities large and small fandom and pay to watch kiosks the sporting diaspora sports pedagogy sports as resistance and as a means to forge identity sports heritage the impact of politics on sports and sporting biography

Sport And National Identity In The Post War World Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sport And National Identity In The Post War World has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sport And National Identity In The Post War World has opened up a world of possibilities. Downloading Sport And National Identity In The Post War World provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sport And National Identity In The Post War World has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sport And National Identity In The Post War World. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sport And National Identity In The Post War World. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading

Sport And National Identity In The Post War World, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sport And National Identity In The Post War World has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Sport And National Identity In The Post War World Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sport And National Identity In The Post War World is one of the best book in our library for free trial. We provide copy of Sport And National Identity In The Post War World in digital format, so the resources that you find are reliable.
