Sport Play And Ethical Reflection:

Sport, Play, and Ethical Reflection Randolph Feezell, 2010-10-01 In paperback for the first time Randolph Feezell's *Sport Play and Ethical Reflection* immediately tackles two big questions about sport: What is it and Why does it attract so many people? Feezell argues that sports participation is best described as a form of human play and the attraction for participants and viewers alike derives from both its aesthetic richness and narrative structure. He then claims that the way in which sports encourage serious competition in trivial pursuits is fundamentally absurd and therefore participation requires a state of irony in the participants where seriousness and playfulness are combined. Feezell builds on these conclusions addressing important ethical issues, arguing that sportsmanship should be seen as a kind of Aristotelian mean between the extremes of over and under investment in sport. Chapters on cheating, running up the score, and character building stress sport as a rule-governed tradition bound practice with standards of excellence and goods internal to the practice. With clear writing and numerous illuminating examples, Feezell demonstrates deep insight into both of his subjects. *Reflections on Play, Sport, and Culture* Felix Lebed, 2024-02-06 The psychological dependence of humanity on playing is huge. Its nature and functional utility are unclear. These linked yet contradictory issues have created the intrigue that has fed philosophical thought for more than two hundred years. During this period, philosophy transferred many of the subjects of its analysis to the aegis of the humanities that it spawned. Each of them pays close attention to human play and studies it with its own methods of theoretical and experimental research. Thus, what was once a general philosophical comprehension of human play has branched out into different directions, definitions, and theories. This new book represents a renewed general view of human play. The unique quality of the volume lies in its fairly rare interdisciplinary methodology encompassing a broad spectrum of the humanities: philosophy, anthropology, sociology, and the history of play and behavioral analysis of playing, which have been done by the author. As a result, the volume ends with the proposition of a new general approach to human play that is named by the author: play field theory. Such an approach makes reflections on play, sport, and culture a source for all scholars studying play by widening their knowledge through both a new general view and their familiarization with notions from neighboring fields and disciplines. *Beyond the Concept of Sport* W. Robert Griffiths, 2024-09-13 *Beyond the Concept of Sport* challenges tired assumptions about athletics to unveil sports' underestimated yet far-reaching social impact and philosophical significance. While governments downplay its influence, author Robert Griffiths recognizes that sports, especially cricket, deeply channels the human spirit for participants and fans alike. He eschews clichés to deliver fresh insight into sports' resonance. This is no dry academic tome but rather a lively examination blending scholarship with accessibility. Griffiths brings iconoclastic yet sage opinions to unpacking how athletic pursuits shape culture and consciousness. He illuminates the underappreciated role sports play in forging identity, purpose, inspiration, escapism, and more for millions globally. Grappling with issues often overlooked when discussing athletics, Griffiths' unconventional analysis explores fandom, nationalism, arts,

business and the very meaning woven through sports rituals Written with passionate intellect wry wit and a distaste for the dull Beyond the Concept of Sport cries out to be read by both die hard fans and curious sceptics After all few human realms spark such fervour and unity across the world s divides like that of sports This book captures that emotional impact while elevating sports as a subject worthy of serious yet spirited consideration *Well Played* Michael R Shafer,2016-03-31

Should we allow performance enhancing substances in competitive athletics The first book of its kind *Well Played* answers this question by urging us to a deeper appreciation for the purpose of sport Giving special reference to performance enhancing substances Shafer challenges the incompleteness of the ethical arguments and contributes a Christian voice to the discussion He initiates a theological conversation that is both scholarly and accessible arguing that a distinctively Christian understanding of sport will have far reaching implications for how we treat ethical issues like doping The values beliefs and practices within the Christian tradition show an alternative that prioritizes humility and friendship grace and gratitude over the win at all costs mentality that drives the use of performance enhancing substances for a competitive advantage This ground breaking book ventures into new theological territory as it explores the intersections of theology philosophy of sport and the ethics of doping Theologians ethicists and pastors as well as coaches athletes and sports fans will benefit from this book s thoughtful reflection on how Christians can play well in the modern sports culture *The Bloomsbury Companion to the Philosophy of Sport* Cesar R. Torres,2014-04-24 This monograph addresses a perceived lack of clarity in the recent turns toward theological interpretation presenting an understanding of theological interpretation that is highly eclectic

Philosophical Perspectives on Play Malcolm MacLean,Wendy Russell,Emily Ryall,2015-08-20 Philosophical Perspectives on Play builds on the disciplinary and paradigmatic bridges constructed between the study of philosophy and play in *The Philosophy of Play* Routledge 2013 to develop a richer understanding of the concept and nature of play and its relation to human life and value Made up of contributions from leading international thinkers and inviting readers to explore the presumptions often attached to play and playfulness the book considers ways that play in virtual and real worlds can inform understandings of each critiquing established norms and encouraging scepticism about the practice and experience of play Organised around four central themes play ing at the limits aesthetics metaphysics ontology and ethics the book extends and challenges notions of play by drawing on issues emerging in sport gaming literature space and art with specific attention paid to disruption and danger It is intended to provide scholars and practitioners working in the spheres of play education games sport and related subjects with a deeper understanding of philosophical thought and to open dialogue across these disciplines Youth Sport and Spirituality Patrick Kelly S.J.,2015-08-15 One of the ten best recent Catholic sports books America Magazine Unsportsmanlike behavior by student athletes or parents at youth sporting events happens with regularity these days Much recent research reveals that young people are dropping out of sport at alarming rates due to the often toxic elements in the culture of youth sports The timely innovative essays in *Youth Sport and Spirituality* present a wide ranging

overview that draws on resources from Catholic spiritual and theological traditions to address problems such as these as well as opportunities in youth sport in the United States The book consists of two sections In the first prominent scholars in philosophy psychology theology and spirituality reflect on how youth sport contributes to the integral development of the person and his or her grasp of spiritual values The second half of the book consists of chapters written by coaches athletic directors and specialists working with youth coaches These practitioners share how their approaches to working with youth in sport contribute to the integral development of their players and their openness to transcendent values The essays examine coaching as ministry youth sport and moral development and how parents can act as partners in youth sports among other topics The book will interest coaches athletic directors and youth ministers in Catholic elementary and high schools in parish settings as well as undergraduate and graduate students in education who are preparing to teach in Catholic schools Contributors Patrick Kelly SJ Daniel A Dombrowski Nicole M LaVoi Mike McNamee Clark Power David Light Shields Brenda Light Bredemeier Richard R Gaillardetz Kristin Komyatte Sheehan Dobie Moser Jim Yerkovich Sherri Retif James Charles Naggi and Edward Hastings
