Spy Smuggler:

Spy Smuggler Jim Eldridge, 2005 Paul Lelaud France 1942 1944 I couldn't see the four fires but I could smell them the scent of burning paraffin and wood coming thickly in waves of smoke across the field My heart started thumping again Surely if we could smell the fires others could as well A German patrol would smell them for sure Then I was aware of a large shape looming up in the night sky its wings wide It was the biggest thing I had ever seen There were no lights showing on it Down down down it came lower and lower I could hear the sound of its engine slowing and I thought with alarm If it goes any slower it will crash in the field and what will we do then Paul Leland is a 13 year old boy living in rural France He has been living under Nazi occupation since 1940 Working with the Resistance cell in his village Paul is a crucial figure in the escape route for allied POWs and agents

Spyfail James Bamford, 2023-01-17 James Bamford the bestselling author of *The Puzzle Palace* and *Body of Secrets* unveils a hidden cabal of foreign powers that have spied against America to reveal the incredible spygames secrets and cyberweapons they've hatched unlocked and stolen and how U S intelligence has utterly failed to stop them SPYFAIL is about the highly dangerous and growing capability of foreign countries to conduct large scale espionage within the United States and how the FBI and other agencies have failed to prevent it These covert operations involve a variety of foreign countries North Korea Russia Israel China and others and include cyberattacks espionage psychological warfare the infiltration of presidential campaigns the smuggling of nuclear weapons components and other incredibly nefarious actions With his trademark deep investigative style James Bamford digs as deep as one can go into these clandestine invasions and attacks uncovering who's involved how these spygames were carried out and why none of this was stopped Full of revelations SPYFAIL includes access to previously secret and withheld documents such as never before seen parts of the Mueller Report and interviews with confidential sources Throughout this stunning eye opening account SPYFAIL demonstrates again and again how large a role politics special interests and corruption play in allowing these shocking foreign intrusions to continue leaving America and its secrets vulnerable and undefended

Warmonger Jeremy Kuzmarov, 2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband's support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be shipped overseas Warmonger How Clinton's Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton's foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan's two terms Clinton further expanded America's covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA

while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton s malign foreign policies and U S complicity in terrorist acts In so many ways Clinton s presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton s administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent

Police record of the spies, smugglers J. Fitch, Smuggler's Lair Virginia Henley,2016-05-10 There is always a time for love Victoria Carswell will not be bound by society s dictates least of all the clothes that constrict her But while brazenly skinny dipping in view of her beloved Bodiam Castle abandoned for many years or so she thinks she s overcome by a distinct and thrilling sensation of being watched When she decides to explore the castle the ancient hallways and dusty byways take her on an unexpected journey into the distant past Swept back from her staid Victorian era to the comparatively bawdy times of Georgian England Victoria is quickly wooed by a pirate smuggler In Falcon s arms she revels in expressing herself unreservedly in a liberating spirit of adventure and recklessness And she is rightly devastated when she suddenly finds herself back in her world separated from her pirate seemingly forever But she may learn that time might just be on her side Previously published in *Lords of Desire*
