Porfilio,2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K 16 schools to perpetuate their interests at the expense of minoritized social groups The contributors provide a comprehensive examination of how textbooks the most dominant cultural force in which corporations and political leaders impact the schooling curricula shape students thoughts and behavior perpetuate power in dominant groups and trivialize social groups who are oppressed on the structural axes of race class gender sexuality and disability Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and

privilege patriotism militarism consumerism White supremacy heterosexism rugged individualism technology and a positivistic conception of the world Finally the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other to reflect upon the constitutive forces causing oppression in schools and in the wider society and to reflect upon how to challenge corporate and political dominance over knowledge production Overtested Jessica Zacher-Pandya, 2015-04-24 This timely book explores what is often overlooked in policy debates about the education of English language learners how the day to day dynamics of the classroom are affected by high stakes testing and the pressures students and teachers experience and internalize as a result The author presents and analyzes classroom observations student work and test scores as well as interviews with students and teachers A disturbing picture of today's overtended public school classroom emerges from the events and practices described in this book While hard to believe all the depictions presented took place in a real elementary school classroom and reflect the current culture of extreme accountability Overtended not only describes the flaws in our current accountability system but it also provides real world solutions that can have an immediate and positive effect at the classroom state and national level Chapters address key debates such as how to measure proficiency the validity of various language assessment tools the overuse of assessment and the risks and benefits of teaching language arts to English language learners via mandated structured curricula Jessica Zacher Pandya is an Associate Professor in the Departments of Teacher Education and Liberal Studies at California State University Long Beach This book tells an important tale that cannot be conveyed by numbers and tables It is important information for teachers for those who depend on employ and train teachers and for those who create the policies under which teachers are required to operate From the Foreword by Robert Rueda University of Southern California author of The 3 Dimensions of Improving Student Performance Finding the Right Solutions to the Right Problems How many more dire tales of schooling for assessment must be told before we realize that teaching and testing are not the same and that scores on standardized multiple choice achievement tests are a sorry substitute for an engaging learning environment In this book Jessica Zacher Pandya reaches across ideological and institutional borders to offer reasonable pragmatic solutions for change Linda Valli Jeffrey David Mullan Professor of Teacher Education Professional Development College of Education University of Maryland Zacher Pandya's invaluable book exposes the injustices and absurdities of our high stakes accountability era Just as importantly it limns a more academically robust and culturally relevant instructional vision for English language learners Gerald Campano University of Pennsylvania **Response to Intervention** Rachel Brown-Chidsey, Mark W. Steege, 2011-06-15 This bestselling work provides practitioners with a complete guide to implementing response to intervention RTI in schools The authors are leading experts who explain the main components of RTI high quality instruction frequent assessment and data based decision making and show how to use it to foster positive academic and behavioral outcomes for all students Implementation procedures are described in step by step detail In a large size format to facilitate

photocopying the book includes reproducible planning and implementation worksheets The companion website features an accompanying PowerPoint presentation for use in RTI training New to this Edition Includes extensive new research that reflects the increasing adoption of RTI nationwide Expanded to include behavioral interventions Chapter on effective instructional practices for general education Chapter on implementation at the whole school and district levels Chapter featuring multiple intervention case studies See also Assessment for Intervention Second Edition which details a wide range of assessment procedures ideal for implementation in an RTI framework This book is in The Guilford Practical Intervention in the Schools Series edited by Sandra M Chafouleas

The Essentials of Teaching Children to Read D. Ray

Reutzel, Robert B. Cooter, 2005 Teaching Children to Read has always been well known for its comprehensive look at literacy instruction This streamlined edition of that text has been developed to provide readers a brief version that offers essential information about reading instruction based on research that aligns with No Child Left Behind directives The focus of this book is how to teach phonemic awareness phonics comprehension vocabulary fluency and ongoing classroom assessment Special features include A theory chapter to ground literacy background knowledge An infusion of the most current research available to inform practice and all five No Child Left Behind initiatives regarding phonemic awareness phonics comprehension vocabulary and fluency A newly organized assessment chapter presenting four purposes of assessment as identified by Reading First legislation including outcome assessment screening instruments diagnostic assessment tools and ongoing progress monitoring assessments

Moving Critical Literacies Forward Jessica Pandya, JuliAnna

Ávila, 2013-11-26 Taking the pulse of current efforts to do and in some cases undo critical literacy this volume explores and critiques its implementation in learning contexts around the globe An impressive set of international authors offer examples of productive critical literacy practices in and out of schools address the tensions and gaps between these practices and educational policies and attempt to forecast the future for critical literacy as a movement in the changing global educational policy landscape This collection is unique in presenting the recent work of luminaries such as Allan Luke and Hilary Janks alongside relative newcomers who use innovative approaches and arguments to reinvigorate and redefine critical practice It is time for this cutting edge inquiry into the state of critical literacy not only because is it a complex and ever evolving field but perhaps more important because it offers a reaction to and powerful reworking of standardization and high stakes accountability measures in educational contexts around the globe
