## Super Cannes:

*Super-Cannes* J. G. Ballard, 2002-10-04 Originally published Great Britain Flamingo 2000      **Super-Cannes** J. G. Ballard, 2017-12-05 Paul and his wife Jane move to France so that she can take up a post as doctor to the new community of Eden Olympia According to its resident psychologist the community is a place where one is absolutely free to board the escalator of possibility And Jane does just that      **Super-Cannes** James G. Ballard, 2000 Een man probeert uit te vinden waarom een arts aan de Côte d'Azur een aantal hooggeplaatste personen heeft gedood      J.G. Ballard Andrzej Gasiorek, 2024-07-30 This book offers a comprehensive account of the work of J G Ballard regarded by several critics as one of the most significant fiction writers of recent times Ballard's early science fiction writing earned him plaudits as one of the most innovative and individual voices in the field but his development as a writer has taken him far beyond the confines of any single genre This book traces Ballard's career from his early science fiction short stories and novels to his most recent work particularly his timely reflections on the role of violence in contemporary social life It argues that Ballard's writing is characterised by a distinctive vision of the post war world and its possible futures and suggests that his far reaching analyses of the present age make him one of the indispensable commentators of our time      Super-Cannes James Graham Ballard, 2015-02-26 A Eden Olympia nouveau parc d'activités high tech sur les hauteurs de Cannes une liste de PDG de multinationales de financiers et de scientifiques venus de tous les pays prépare le troisième millénaire Harmonie efficacité rendement sont les mots Personne ne comprend pourquoi lors de ce qui semble avoir été un accès de folie le brillant docteur David Greenwood a exécuté sept cadres supérieurs et trois otages avant de se donner la mort Après le bref moment causé par le drame chacun est retourné à ses activités Mais tandis que Jane Sinclair la jeune femme mûre choisie pour succéder à Greenwood prend ses fonctions la clinique son mari Paul contraint au repos après un accident s'installe aux dessous de l'affaire et se laisse entraîner dans le étrange envers du décor d'Eden Olympia Aux côtés des meilleurs romans de Bret Easton Ellis et de Don DeLillo J G Ballard offre ici la description la plus pertinente et la plus franche qu'on puisse lire des réalités terminales du capitalisme      *The Empire's of J. G. Ballard* David Ian Paddy, 2015-08-25 J G Ballard once declared that the most truly alien planet is Earth and in his science fiction he abandoned the traditional imagery of rocket ships traveling to distant galaxies to address the otherworldliness of this world The Empires of J G Ballard is the first extensive study of Ballard's critical vision of nation and empire of the political geography of this planet Paddy examines how Ballard's self-perceived status as an outsider and exile the Sheppertonian from Shanghai generated an outlook that celebrated worldliness and condemned parochialism This book brings to light how Ballard wrestled with notions of national identity and speculated upon the social and psychological implications of the post war transformation of older models of empire into new imperialisms of consumerism and globalization Presenting analyses of Ballard's full body of work with its tales of reverse colonization psychological imperialism the savagery of civilization estranged Englishmen abroad and at home and multinational communities built on

crime The Empires of J G Ballard offers a fresh perspective on the fiction of J G Ballard The Empires of J G Ballard An Imagined Geography offers a sustained and highly convincing analysis of the imperial and post imperial histories and networks that shape and energise Ballard s fictional and non fictional writings To what extent can Ballard be considered an international writer What happens to our understanding of his post war science fictions when they are opened up to the language and logics of post colonialism And what creative and critical roles do the spectres of empire play in Ballard s visions of modernity Paddy follows these and other fascinating lines of enquiry in a study that is not only essential reading for Ballard students and scholars but for anyone interested in the intersections of modern and contemporary literature history and politics Jeanette Baxter Anglia Ruskin University Shanghai made my father Arriving in England after WW2 he was a person of the world who d witnessed extremes of human experience and remained the outsider observing life from his home in Shepperton 1930s Shanghai Paris of the East was a mix of international sophistication and violence unfettered capitalism and acute poverty American cars martinis and Coca Cola a place marked by death and war It had a profound influence on my father and his imagination Dr Paddy s fascinating book explores my father s fiction within an international context and offers a profound reading of a man who always kept his eyes and mind open to the world Fay Ballard **J. G. Ballard: Visions and Revisions** J. Baxter,R. Wymer,2011-11-10 Providing an extensive reassessment of dominant and recurring themes in Ballard s writing including historical violence pornography post 9 11 politics and urban space this book also engages with Ballard s late modernism his experimentation with style and form and his sustained interests in psychology and psychopathology Empty Justice: One Hundred Years of Law Literature & Philosophy ,2002 Using literature as a source of challenges to questions in philosophy and law this book explores the inculcation of the legal subject and the relationship between modernism and postmodernism as well as how such concepts might evolve in the construction of community ethics Architecture and Modern Literature David Anton Spurr,2017-05-09 Exploring the related cultural forms of architecture and literature in the modern era *Violence and Dystopia* Daniel Cojocaru,2015-09-18 Violence and Dystopia is a critical examination of imitative desire scapegoating and sacrifice in selected contemporary Western dystopian narratives through the lens of Ren Girard s mimetic theory The first chapter offers an overview of the history of Western utopia dystopia with a special emphasis on the problem of conflictive mimesis and scapegoating violence and a critical introduction to Girard s theory The second chapter is devoted to J G Ballard s seminal novel Crash 1973 Chuck Palahniuk s Fight Club 1996 and Rant 2007 and Brad Anderson s film The Machinist 2004 It is argued that the car crash functions as a metaphor for conflictive mimetic desire and leads to a quasi sacrificial crisis as defined by Girard for archaic religion The third chapter focuses on the psychogeographical writings of Iain Sinclair and Peter Ackroyd Walking the streets of London the pedestrian represents the excluded underside of the world of Ballardian speed The walking subject is portrayed in terms of the expelled victim of Girardian theory The fourth chapter considers violent crowds as portrayed by Ballard s late fiction the writings of Stewart

Home and David Peace's GB84 2004 In accordance with Girard's hypothesis the discussed narratives reveal the failure of scapegoat expulsion to restore peace to the potentially self destructive violent crowds The fifth chapter examines the post apocalyptic environments resulting from failed scapegoat expulsion and mimetic conflict out of control as portrayed in Sinclair's Radon Daughters 1994 Margaret Atwood's The Handmaid's Tale 1985 and Oryx and Crake 2003 and Will Self's The Book of Dave 2006

*J.G. Ballard's Politics* Florian Cord, 2017-01-23 This book is the first sustained investigation of the political dimension in the work of J G Ballard A product of and reaction to the cultural socio economic moment commonly designated as the postmodern condition Ballard's oeuvre is read as a continuous and developing meditation on the postmodern examining it specifically as an expression of late capitalism The book shows that at the heart of this meditation lies the question of resistance Drawing on a wide range of concepts and ideas taken from the field of critical theory it argues that in the face of a world marked by an unprecedented expansion of capital in which modernity's grand narratives have been invalidated and in which received forms of political struggle have lost their effectiveness Ballard's fiction commits itself to a deliberately irrational and extreme pataphysical thought in order to develop a new discourse of resistance Against past readings that have construed Ballard's writing as non political decadent or quietist the study thus reveals Ballard as a thoroughly political author committed to a subversive politics In this way the book also constitutes a timely intervention in the ongoing discussion concerning the nature and state of the political

**Twenty-First-Century British Fiction and the City** Magali Cornier Michael, 2018-07-18 The essays in this edited collection offer incisive and nuanced analyses of and insights into the state of British cities and urban environments in the twenty first century Britain's experiences with industrialization colonialism post colonialism global capitalism and the European Union EU have had a marked influence on British ideas about and British literature's depiction of the city and urban contexts Recent British fiction focuses in particular on cities as intertwined with globalization and global capitalism including the proliferation of media and with issues of immigration and migration Indeed decolonization has brought large numbers of people from former colonies to Britain thus making British cities ever more diverse Such mixing of peoples in urban areas has led to both racist fears and possibilities of cosmopolitan co existence

The Cambridge Companion to British Fiction: 1980-2018 Peter Boxall, 2019-06-27 From 1980 to the present huge transformations have occurred in every area of British cultural life The election of Margaret Thatcher in 1979 ushered in a new neoliberal era in politics and economics that dramatically reshaped the British landscape Alongside this political shift we have seen transformations to the public sphere caused by the arrival of the internet and of social media and changes in the global balance of power brought about by 9 11 the emergence of China and India as superpowers and latterly the British vote to leave the European Union British fiction of the period is intimately interwoven with these historical shifts This collection brings together some of the most penetrating critics of the contemporary to explore the role that the British novel has had in shaping the cultural landscape of our time at a moment in the wake of the EU referendum of 2016

when the question of what it means to be British has become newly urgent      Posthuman Subjectivity in the Novels of J.G. Ballard Carolyn Lau, 2023-07-28 This book proposes that Ballard's novels extrapolate the formation of a posthuman subjectivity that is centred around an affirmative understanding of what a human body can do This new subjectivity transforms constraints and prescribed desires into creative openings in a hyper mediated control society that conditions docile bodies through technology and consumerism Set in surrealist predicaments in postwar affluent Western societies Ballard's novels remind us of the fragile veneer of order in the familiar every day In these moments of crisis complacent characters are compelled to undergo a process of defamiliarisation and transformation of their understanding of the self and the body The ability to form new relationships with the unfamiliar is imperative to survival in a hostile environment Ballard delineates both the possibilities and obstacles of forming these relationships In particular the author attributes the failure to do so to the irreconcilable contradictions of late capitalism      Empty Justice Melanie Williams, 2013-03-04 Utilising literature as a serious source of challenges to questions in philosophy and law this book provides a fresh perspective not only upon the inculcation of the legal subject but also upon the relationship between modernism postmodernism and how such concepts might evolve in the construction of community ethics The creation and role of the legal subject is just one aspect of jurisprudential enquiry now attracting much attention How do moral values act upon the subject How do moral systems impinge upon the subject jurist and judged throughout the 20th century when religious values are called into question when existential doubt prevails To what extent do issues of gender and identity inform these questions Many sources can provide insights into these issues this book intends to concentrate upon fiction as just such a resource However it is not just another law and literature compilation Spanning the last century each chapter will attempt to fulfil four objectives to identify key texts in relation to a given period to look for linked legal and philosophical developments from that period to establish fresh links from these sources regarding concrete doctrinal or practical legal questions and finally draw a more general inference about the legal subject and the frequently less evident feminine citizen subject Central to this approach will be the consideration of contemporary case law and legal materials as social documents of the relationship between law and the wider community      The Art of Identification Rex Ferguson, Melissa M. Littlefield, James Purdon, 2021-08-13 Since the mid nineteenth century there has been a notable acceleration in the development of the techniques used to confirm identity From fingerprints to photographs to DNA we have been rapidly amassing novel means of identification even as personal individual identity remains a complex chimera The Art of Identification examines how such processes are entangled within a wider sphere of cultural identity formation Against the backdrop of an unstable modernity and the rapid rise and expansion of identificatory techniques this volume makes the case that identity and identification are mutually imbricated and that our best understanding of both concepts and technologies comes through the interdisciplinary analysis of science bureaucratic infrastructures and cultural artifacts With contributions from literary critics cultural historians scholars of film and new

media a forensic anthropologist and a human bioarcheologist this book reflects upon the relationship between the bureaucratic scientific and technologically determined techniques of identification and the cultural contexts of art literature and screen media In doing so it opens the interpretive possibilities surrounding identification and pushes us to think about it as existing within a range of cultural influences that complicate the precise formulation meaning and reception of the concept In addition to the editors the contributors to this volume include Dorothy Butchard Patricia E Chu Jonathan Finn Rebecca Gowland Liv Hausken Matt Houlbrook Rob Lederer Andrew Mangham Victoria Stewart and Tim Thompson

**Contemporary British Fiction and the Cultural Politics of Disenfranchisement** A. Beaumont, 2015-12-05 By examining the representation of urban space in contemporary British fiction this book argues that key to the political left's strategy was a model of action which folded politics into culture and elevated disenfranchisement to the status of a political principle

**The New Media Invasion** John David Ebert, 2011-09-29 From the 15th century until the mid 1990s media based on the printed word books magazines handbills newspapers and journals dominated society Today an onslaught of digital media centered on the Internet is developing at a breathtaking pace destabilizing the very idea of printed media and fundamentally reshaping our world in the process This study explores how Internet entities like Amazon YouTube Facebook Wikipedia and Google and gadgets such as digital cameras cell phones video games robots drones and all things MacIntosh have affected everything from the book industry and copyright law to how we conduct social relationships and consider knowledge Including a chronology of significant events in the history of the digital explosion this investigation of the often

overlooked shadow side of new technology chronicles life during a radical societal shift and follows the process whereby one world disintegrates while another takes its place Instructors considering this book for use in a course may request an examination copy here      **Riviera Cote D'Azur France** United States.
