Super Fly:

From SWEETBACK to SUPER FLY Gerald R. Butters, 2016-01-31 Racial politics and capitalism found a way to blend together in 1970s Chicago in the form of movie theaters targeted specifically toward African Americans In *From Sweetback to Super Fly* Gerald Butters examines the movie theaters in Chicago's Loop that became as he describes them black spaces during the early 1970s with theater managers making an effort to gear their showings toward the African American community by using black themed and blaxploitation films Butters covers the wide range of issues that influenced the theaters from changing racial patterns to the increasingly decrepit state of Chicago's inner city and the pressure on businesses and politicians alike to breathe life into the dying area Through his extensive research Butters provides an in depth look at this phenomenon delving into an area that has not previously been explored His close examination of how black themed films were marketed and how theaters showing these films tried to draw in crowds sheds light on race issues both from an industrial standpoint on the side of the theaters and movie producers as well as from a cultural standpoint on the side of the moviegoers and the city of Chicago as a whole Butters provides a wealth of information on a very interesting yet underexamined part of history making *From Sweetback to Super Fly* a supremely enjoyable and informative book

archetypes circumscribed black femininity This misrepresentation began to change in the 1950s and 1960s when performers such as Dorothy Dandridge and Sidney Poitier were cast in more positive roles These performers paved the way for the black exploitation or blaxploitation movement which began in 1970 and flourished until 1975 The movement is characterized by films that feature a black hero or heroine black supporting characters a predominately black urban setting a display of black sexuality excessive violence and a contemporary rhythm and blues soundtrack Blaxploitation films were made across varying genres but the questionable elements of some of the pictures caused them to be referred to as blaxploitation films with little or no regard given to their generic categorization This book examines how *Cotton Comes to Harlem* 1970 *Blacula* 1972 *The Mack* 1973 and *Cleopatra Jones* 1973 can be classified within the detective horror gangster and cop action genres respectively and illustrates the manner in which the inclusion of blackness represents a significant revision to the aforementioned genres

Indecent Detroit Ben Strassfeld, 2023-12-05 While Detroit has been a major focus in urban history little has been written on censorship in the very city that due to shifting legalities the urban crisis and racial tensions profoundly shaped media suppression in the United States By examining censorship in film and literature *Indecent Detroit* recounts the evolution of media control from the end of WWII through the 1970s when the US saw a major change in the legal mechanisms used to censor media due to court rulings that curtailed censorship laws Ben Strassfeld reveals how Detroit altered its censorial tactics and rhetoric from an obscenity based system of censorship centered in the Detroit Police Department to a regulatory model based in zoning law that was then expanded nationwide This shift was connected to broader social and political trends including the sexual revolution that led the public to increasingly turn against censorship A must read for film and media scholars *Indecent Detroit* highlights how one Midwest city's ordinance was imitated across the country after it was upheld by the US Supreme Court making this more than a local curiosity but also an influential model for the cultural political and moral control of urban space through media regulation

grew deeply conservative when it came to conflicts over racial justice. Amid black self-assertion and white backlash, many of the most heated struggles in film were fought over employment. In *A Piece of the Action*, Eithne Quinn reveals how Hollywood catalyzed wider racial politics through representation on screen as well as in battles over jobs and resources behind the scenes. Based on extensive archival research and detailed discussions of films like *In the Heat of the Night*, *Sweet Sweetback's Baadasssss Song*, *Super Fly*, *Claudine*, and *Blue Collar*, this volume considers how issues of race and labor played out on the screen during the tumultuous early years of affirmative action. Quinn charts how black actors leveraged their performance capital to force meaningful changes to employment and film content. She examines the emergence of Sidney Poitier and other African Americans as A-list stars, the careers of black filmmakers such as Melvin Van Peebles and Ossie Davis, and attempts by the federal government and black advocacy groups to integrate cinema. Quinn also highlights the limits of Hollywood's liberalism, showing how predominantly white filmmakers, executives, and unions hid the persistence of racism behind feel-good stories and public relations avowals of tolerance. A rigorous analysis of the deeply rooted patterns of racial exclusion in American cinema, *A Piece of the Action* sheds light on why conservative and corporate responses to antiracist and labor activism remain pervasive in today's Hollywood.

African Americans in Film Camille R. Michaels, 2017-07-15 The whitewashing of roles in films and the lack of representation at awards shows such as the Oscars are only two of the career obstacles African American actors and filmmakers have historically faced. Although blackface is now taboo, racism is still prevalent in Hollywood. Readers explore the causes of the systemic oppression that has made it difficult for African Americans to break into the movie business. Through full-color photographs and primary sources, readers will learn how to become more thoughtful viewers of movies and television.

Hearing Eyes, Seeing Ears K.J. Donnelly, 2025-01-22 This book approaches music in audiovisual culture as a complex merged signal rather than as a simple addition to the images of film. The audiovisual is central to modern culture, with screens and speakers, including headphones, dominating communication, leisure, and drama. While this book mostly addresses film, it also deals with sister media such as television and video games, registering that there is a common core of synchronized image and sound at the heart of these different but related media. The traditions of sound and what Michel Chion calls *audiovision* (1994), including principles of accompaniment and industrial processes from film, have been retained and developed in other media. This book engages with the rich history and varied genres, different traditions, and variant strategies of audiovisual culture. However, it also points to and emphasizes the common core of flat moving images and synchronized sound and music, which marks a dominant in electronic media culture, what might be called *screen and speaker diaphragm culture*. Addressing music as both diegetic and non-diegetic, as both songs and score, the analyses presented in this book aim to attend the precise interaction between music and other elements of audiovisual culture as defining overall configurations. While many writings about music in audiovisual culture focus on what it communicates, its processes are more complicated and can form a crucial semi-conscious or perhaps

unconscious background While music's effect might be far from simple and unified part of screen music's startling effect comes from its unity with the image Cross modal crosstalk between sound and image forms a whole new signal of its own Each chapter marks a case study making for a varied collection that embraces rich history and different traditions as well as the distinct aesthetic boldness of different genres and formats Encyclopedia of African American Actresses in Film and Television Bob McCann, 2022-09-23 The first work of its kind this encyclopedia provides 360 brief biographies of African American film and television actresses from the silent era to 2009 It includes entries on well known and nearly forgotten actresses running the gamut from Academy Award and NAACP Image Award winners to B film and blaxploitation era stars Each entry has a complete filmography of the actress's film TV music video or short film credits The work also features more than 170 photographs some of them rare images from the Schomburg Center for Research in Black Culture
