Hitler's Motorcars John Starkey,2023-09-30 As well as providing photographs of Hitler s cars and the men who became his chauffeur John Starkey lists the technical specifications of those cars and describes many of the journeys undertaken by the German leader over the course of two dramatic decades Many are the photographs of Hitler standing proudly in the passenger seat of a midnight blue Mercedes arm outstretched in his famous salute to the adoring German crowds Hitler loved cars and loved to be seen in and next to the special automobiles he purchased or was presented with through friends and Nazi Party funds His first car was a 1920 green Selve 8 30 purchased in 1922 which was soon disposed of in favor of a Daimler built Mercedes 15 70 100 and from that moment on every car in which Hitler was chauffeured around the Third Reich and occupied countries would be a Mercedes Indeed even while in Landsberg prison following his failed putsch in 1923 he was writing to a Mercedes Benz car salesman in Munich about his next car concerning the merits of the Benz 11 40 versus the larger 16 50 It was a grey 11 40 in which Hitler was driven away from Landsberg on his release in 1924 It was in his next car a super charged Mercedes Benz 15 70 100 that Hitler was involved in an accident with a large truck in March 1930 The

truck was completely wrecked while the large Mercedes suffered only minor damage This prompted Hitler to remark It was then I decided to use only a Mercedes for the rest of my life From 1930 onwards Hitler was driven around in a Mercedes Benz 770 also known as the Grosser Mercedes Only 205 of these huge luxury cars were manufactured with many of those being used by top ranking Nazis Such was Hitler s interest in cars he arranged state sponsorship for Mercedes and Porsche Auto Union to participate in Grand Prix racing today s F1 So strong was the resulting financial support that German teams swept all before them between 1935 and 1939 Security was always a great concern of Hitler and his entourage and his 770 was protected with bullet proof windows and steel armor plate built into all metal work Wartime brought increased security fears resulting in another Mercedes entering the German leader s car collection This was the heavily armored six wheel G4 the first off road Mercedes in which Hitler could safely parade through the streets of conquered lands As well as providing photographs of Hitler s cars and the men who became his chauffeur John Starkey lists the technical specifications of those cars and describes many of the journeys undertaken by the German leader over the course of two dramatic decades
