Growing Old in Christ Stanley Hauerwas, 2003-06-20 One of the hallmarks of contemporary culture is its attitude toward aging and the elderly Youth and productivity are celebrated in today's society while the elderly are increasingly marginalized This not only poses difficulties for old people but is also a loss for the young and middle agers who could learn much from the elderly including what it means to grow old and die in Christ Growing Old in Christ presents the first serious theological reflection ever on what it means to grow old particularly in our culture and particularly as a Christian In a full orbed discussion of the subject eighteen first rate Christian thinkers survey biblical and historical perspectives on aging look at aging in the modern world and describe the Christian practice of growing old Along the way they address many timely issues including the medicalization of aging the debate over physician assisted suicide and the importance of friendships both among the elderly and between the elderly and the young Weighty enough to instruct theologians ethicists and professional caregivers yet accessible enough for pastors and general readers this book will benefit anyone seeking faith based insight into growing old Contributors David Aers David Cloutier Rowan A Greer Stanley Hauerwas Judith C Hays Richard B Hays Shaun C Henson L Gregory Jones Susan Pendleton Jones Patricia Beattie Jung D Stephen Long M Therese Lysaught David Matzko McCarthy Keith G Meador Charles Pinches Joel James Shuman Carole Bailey Stoneking Laura Yordy

Men to Boys Gary Cross, 2008-09-23 Adam Sandler movies HBO's Entourage and such magazines as Maxim and FHM all trade in and appeal to one character the modern boy man Addicted to video games comic books extreme sports and dressing down the boy man would rather devote an afternoon to Grand Theft Auto than plan his next career move He would rather prolong the hedonistic pleasures of youth than embrace the self sacrificing demands of adulthood When did maturity become the ultimate taboo Men have gone from idolizing Cary Grant to aping Hugh Grant shunning marriage and responsibility well into their twenties and thirties Gary Cross renowned cultural historian identifies the boy man and his habits examining the attitudes and practices of three generations to make sense of this gradual but profound shift in American masculinity Cross matches the rise of the American boy man to trends in twentieth century advertising popular culture and consumerism and he locates the roots of our present crisis in the vague call for a new model of leadership that ultimately failed to offer a better concept of maturity Cross does not blame the young or glorify the past He finds that men of the Greatest Generation might have embraced their role as providers but were confused by the

contradictions and expectations of modern fatherhood Their uncertainty gave birth to the Beats and men who indulged in childhood hobbies and boyish sports Rather than fashion a new manhood baby boomers held onto their youth and when that was gone embraced Viagra Without mature role models to emulate or rebel against Generation X turned to cynicism and sensual intensity and the media fed on this longing transforming a life stage into a highly desirable lifestyle Arguing that contemporary American culture undermines both conservative ideals of male maturity and the liberal values of community and responsibility Cross concludes with a proposal for a modern marriage of personal desire and ethical adulthood
