

Supervision & Evaluation

- Marshall suggests that supervision and evaluation are key levers for improving teacher performance
 - He also suggests that there are problems with the current system
 - Marshall notes that in a survey he conducted, no teachers cited end-of-year evaluations as a way they improved their teaching to improve student learning.
 - The top two types of feedback teachers use to judge teaching improvement was through; #1 student feedback and #2 natural talent and ingenuity (see figure 2.1)

Supervision And Evaluation:

Rethinking Teacher Supervision and Evaluation Kim Marshall, 2009-10-30 In this important book education expert Kim Marshall shows how to break away from the typical and often ineffective evaluation approaches in which principals use infrequent classroom visits or rely on standardized test scores to assess a teacher's performance Marshall proposes a broader framework for supervision and evaluation that enlists teachers in improving the performance of all students Emphasizing trust building and teamwork Marshall's innovative four part framework shifts the focus from periodically evaluating teaching to continuously analyzing learning This book offers school principals a guide for implementing Marshall's framework and shows how to make frequent informal classroom visits followed by candid feedback to each teacher work with teacher teams to plan thoughtful curriculum units rather than focusing on individual lessons get teachers as teams involved in low stakes analysis of interim assessment results to fine tune their teaching and help struggling students and use compact rubrics for summative teacher evaluation This vital resource also includes extensive tools and advice for managing time as well as ideas for using supervision and evaluation practices to foster teacher professional development Principals Improving Instruction Michael DiPaola, Wayne K. Hoy, 2013-05-01 This work integrates the core instructional leadership tasks of all principals supervision evaluation and professional development The text demonstrates a hands on approach grounded in sound theory and rigorous research It provides both a conceptual frame and realistic exercises that today's principals and supervisors can use to improve their practice The book highlights observation tools that focus on high yield instructional strategies Principals and supervisors are encouraged to collect data in classrooms and provide this instructional feedback so together with teachers they can reflect and identify areas for growth The models of supervision evaluation and professional development are research based and are consistent with contemporary challenges that confront principals and others committed to improving instruction **Supervision and Evaluation for Learning and Growth** Daniel R.
