Mental Measurements Yearbook Oscar Krisen Buros, 1999

The Supplement to the Tenth Mental Measurements Yearbook Buros Institute, Buros Center, 1990-12 Customers who place a standing order for the Tests in Print series or the Mental Measurements Yearbook series will receive a 10% discount on every volume To place your standing order please call 800 755 1105 in the U S or 402 472 3584 outside the U S The Supplement to the Tenth Mental Measurements Yearbook contains original reviews of tests published or revised since the 1989 edition of the Tenth Mental Measurements Yearbook The Supplement provides timely access to reviews of recently available tests It also includes a helpful indexing system that integrates referencing across Buros Institute publications Indexes of titles classified subjects names and scores as well as a publisher's directory and index are included The Yearbook includes detailed descriptive information and reviews for each test and extensive references on specific tests The tests are listed in alphabetical order for easy reference The biennial publication schedule for Yearbooks and Supplements began in 1988 with the Supplement to the Ninth Mental Measurements Yearbook The publication of the Supplement to the Tenth Mental Measurements Yearbook continues this publication schedule which facilitates timely access to text evaluation information and better meets the needs of test consumers The Mental Measurements Yearbooks are widely regarded as an essential reference for users and developers of tests Each Yearbook contains reviews of commercially available tests published or revised since the previous

Yearbook The Buros Institute of Mental Measurements founded in 1938 by the late Oscar Krisen Buros is located in the Department of Educational Psychology at the University of Nebraska **Mental Measurements Yearbook of the School of Education, Rutgers University**, 1998 *The Eleventh Mental Measurements Yearbook* Buros Center, 1992-08

Customers who place a standing order for the Tests in Print series or the Mental Measurements Yearbook series will receive a 10% discount on every volume To place your standing order please call 1 800 848 6224 in the U S or 919 966 7449 outside the U S The most widely acclaimed reference series in education and psychology the Mental Measurements Yearbooks are designed to assist professionals in selecting and using standardized tests The series initiated in 1938 provides factual information critical reviews and comprehensive bibliographic references on the construction use and validity of all tests published in English The objectives of the Mental Measurements Yearbooks have remained essentially the same since the publication of the series These objectives include provision to test users of factual information on all known tests published as separates in the English speaking countries of the world candidly critical test reviews written for the MMY series by qualified professional people representing a variety of viewpoints unique publication of each volume in the MMY series with new volumes supplementing rather than supplanting previous volumes Each yearbook is a unique publication supplementing rather than supplanting the previous volumes Resources for Nursing Research Cynthia Clamp, Stephen Gough, Lucy Land, 2005-01-11 The 4th edition of this extensive text is an outstanding resource prepared by nurses and a librarian for nurses In a structured and helpful style it presents thousands of items from the literature published papers reports books and electronic resources as a clear accessible and most of all useful collection The efforts to signpost and lead the reader to the sought for information are effective and well conceived and the How to use this book section is remarkably simple the book should be found in every nursing and health library every research institute and centre and close to many career researchers desks RCN Research This latest edition of Resources for Nursing Research provides a comprehensive bibliography of sources on nursing research and includes references for books journal papers and Internet resources Designed to act as a signpost to available literature in the area this Fourth Edition covers the disciplines of nursing health care and the social sciences Entries are concise informative and accessible and are arranged under three main sections Sources of Literature covers the process of literature searching including using libraries and other tools for accessing literature Methods of Inquiry includes an introduction to research how to conceptualize and design nursing and health research measurement and data collection and the interpretation and presentation of data The Background to Research in Nursing encompasses the development of nursing research the profession s responsibilities the role of government funding research roles and careers and education for research Fully revised and updated the Fourth Edition includes just under 3000 entries of which 90% are new It has extensive coverage of US UK literature and other international resources This new edition will be an essential guide for all those with an interest in nursing research including students teachers librarians

practitioners and researchers **The Supplement to the Eleventh Mental Measurements Yearbook**, 1994

Personality : Issues In Assessments And The Projective Inventory Approach P.K. Rath, 2001 **A Layperson'S Guide to Understanding Research and Data Analysis** Lynda Rose Bruce, 2013-11-11 This book is written for busy people who need to understand the information that is flooding them and find ways to interpret it You may be a business executive a medical doctor a stay at home mother or father wanting to understand the Gallup poll results in the daily newspaper or a student studying nursing counseling psychology sociology or even mathematics Yet you need to quickly be brought into the world of research and data analysis It does not require that you dedicate a year of your life to take a course in social science research and quantitative data analysis In fact this book will not have formulas or require you to calculate mathematical functions But you do need to have the dedication to try to understand what might be considered another language You can do it at a pace that suits your lifestyle You might want to take a look at the index at the end of the book to see if there are any terms youve been interested in or wondered about It is very nontraditional in that its focus is on the concepts behind these processes rather than asking you to learn formulas and how to calculate data If you have a desire to learn more about what is going on there are many excellent texts in the references **Recommended Reference Books for Small and Medium-Sized Libraries and Media Centers, 1989** Bohdan S. Wynar, 1989 An annotated bibliography listing general reference works as well as those on social sciences humanities and science and technology **Tests in Print V** Linda L. Murphy, James C. Impara, Barbara S. Plake, 1999 Customers who place a standing order for the Tests in Print series or the Mental Measurements Yearbook series will receive a 10% discount on every volume To place your standing order please call 1 800 848 6224 in the U S or 919 966 7449 outside the U S Designed to complement the Mental Measurements Yearbooks Tests in Print fills a pressing need for a comprehensive bibliography of all commercially available English language tests in print Although these volumes are useful in and of themselves their maximum usefulness requires the availability and use of the Mental Measurements Yearbooks Although information on available tests and specific test bibliographies is valuable the greatest service which Tests in Print can perform is to encourage test users to choose tests more wisely by consulting the MMY test reviews test reviews from journals and the professional literature on the construction use and validity of the tests being considered Although information on available tests and specific test bibliographies is valuable the greatest service which Tests in Print can perform is to encourage test users to choose tests more wisely by consulting the MMY test reviews the excerpted test reviews from journals and the professional literature on the construction use and validity of the tests being considered Tests in Print V contains information on over four thousand instruments Along with a brief description entries include population scoring pricing publisher information and a reference list of professional literature citing articles relevant to individual instruments Indexes of titles classified subjects names and scores as well as a publishers directory and index are included with notations for out of print instruments Information is given for tests in a wide range of areas including

education psychology counseling management health care career planning sociology personnel child development social science and research Tests in Print V also provides a comprehensive index to the Mental Measurements Yearbook by directing readers to the appropriate volume or volumes for reviews of specific tests **Tests in Print** ,1999 **The Publishers' Trade List Annual** ,1989 Tests in Print Linda L. Murphy,1999 **Educational and Psychological Tests in the Academic Library** Rolland H. McGiverin,1990 Here is an indispensable resource for developing a first rate collection of educational and psychological tests Educational and Psychological Tests in the Academic Library offers valuable guidance in meeting the needs of school psychologists psychiatrists special education teachers counselors remedial specialists speech therapists and classroom teachers Comprehensive in scope this new volume includes everything from tips for planning a test collection and establishing collection development policies to a bibliography of tests organized by general type Information concerning the time required number of items subtests administration and the purpose of the test is also provided to assist you with selecting tests for your collection Advances in Cross-Cultural Assessment Ronald J. Samuda,1998-05-12 Presenting the major trends theories and practices in assessing culturally diverse clients Advances in Cross Cultural Assessment comprises chapters from some of the key leading authors in intelligence and intelligence testing Author Ronald J Samuda and associates contend that classic IQ tests and traditional standardized tests of cognitive ability are only appropriate for middle class mainstream individuals not for those of different cultural backgrounds For those who grow up in deficient environmental backgrounds inadequate rearing serious economic stress the traditional objective standardized tests are neither valid nor reliable in measuring intelligence A number of scholars some of whom are among the book s contributing authors have introduced alternative approaches to assessing cognitive ability in persons from such backgrounds A groundbreaking volume that encourages professionals to treat individuals on an individual basis Advances in Cross Cultural Assessment will heighten the awareness of professionals and academics in clinical and counseling psychology educational psychology social work psychology public health and ethnic studies *Tests in Print IV* Linda L. Murphy,Jane Close Conoley,James C. Impara,1994 **Assessment of Intellectual Functioning** Lewis R. Aiken,2004-05-31 This fully updated comprehensive text examines the assessment of intellectual abilities in children and adults Chapters emphasize the rationale and techniques for measuring intellectual function in educational clinical and other organizational settings The author includes detailed descriptions of the most widely used procedures for administering scoring and interpreting individual and group intelligence tests This second edition features additional material on testing the handicapped individual and group differences in mental abilities theories and issues in the assessment of mental abilities and new tests for measuring intelligence and related abilities **Psychological Testing** George Domino,Marla L. Domino,2006-04-24 This book is an introductory text to the field of psychological testing primarily suitable for undergraduate students in psychology education business and related fields This book will also be of interest to graduate students who have not had a prior

exposure to psychological testing and to professionals such as lawyers who need to consult a useful source Psychological Testing is clearly written well organized comprehensive and replete with illustrative materials In addition to the basic topics the text covers in detail topics that are often neglected by other texts such as cross cultural testing the issue of faking tests the impact of computers and the use of tests to assess positive behaviors such as creativity
