Douglas Olson, 2004-09-30 Thesmophoriazusae was performed in Athens in 411 BCE most likely at the City Dionysia and is among the most brilliant of Aristophanes eleven surviving comedies It is the story of the crucial moment in a quarrel between the tragic playwright Euripides and Athens women who accuse him of slandering them in his plays and are holding a meeting at one of their secret festivals to set a penalty for his crimes Thesmophoriazusae is a brilliantly inventive comedy full of wild slapstick humour and devastating literary parody and is a basic source for questions of gender and sexuality in late 5th century Athens and for the popular reception of Euripidean tragedy Austin and Olson offer a text based on a fresh examination of the papyri and manuscripts and a detailed commentary covering a wide range of literary historical and philological issues The introduction includes sections on the date and historical setting of the play the Thesmophoria festival Aristophanes handling of Euripidean tragedy staging Thesmophoriazusae II and the history of modern critical work on the text All Greek in the introduction and commentary not cited for technical reasons is translated Cybele, Attis and Related Cults Eugene N. Lane, 2015-08-27 This volume brings together articles on the cult of the mother goddess Cybele and her consort Attis from the emergence of the religion in Anatolia through its expansion into Greece and Italy to the latest times of the Roman Empire and its farthest extent west the Iberian Peninsula It combines the work of established scholars with that of young researchers in the field and represents a truly international perspective The reader will find treatment inter alia of Cybele's emasculated priests the Galli the dissemination of Cybele cult through the harbour city Miletus the cult of Cybele in Ephesus the rock cut sanctuary of Cybele at Akrai in Sicily the competition between the Cybele cult and Christianity and the role of Attis in Neo Platonic philosophy **The Greek World After Alexander 323-30 BC** Graham Shipley, 2014-03-18 The Greek World After Alexander 323-30 BC examines social changes in the old and new cities of the Greek world and in the new post Alexandrian kingdoms An appraisal of the momentous military and political changes after the era of Alexander this book considers developments in literature religion philosophy and science and establishes how far they are presented as radical

departures from the culture of Classical Greece or were continuous developments from it Graham Shipley explores the culture of the Hellenistic world in the context of the social divisions between an educated elite and a general population at once more mobile and less involved in the political life of the Greek city **Broken Laughter** S. Hellenistic Studies at a Crossroads Richard Hunter, Antonios Rengakos, Evina Sistakou, 2015-03-03 This volume is a collection of fifteen papers written by a team of international experts in the field of Hellenistic literature In an attempt to reassess methods such as the detection of intertextual allusions or the general notion of neoteric poetics the authors combine current critical trends narratology genre theory aesthetics cultural studies with a close reading of Hellenistic texts Contributions address a wealth of topics in a variety of texts which include not only poems by the major Alexandrians but also prose works epigrams epigraphic material and scholia Perspectives range from linguistic analysis to interdisciplinary studies whereas post classical literature is also seen against the background of the cultural and ideological contexts of the era Besides reviewing preconceptions of Hellenistic scholarship this volume aims at providing fresh insights into Hellenistic literature and aesthetics Early Greek Epic Fragments III Christos Tsagalis, 2024-09-02 This is the third volume in the

series of commentaries on Early Greek Epic Fragments EGEF III It contains introduction text translation and commentary on the Herakleia by Panyassis of Halikarnassos and on the Theseis Two other volumes have been already published EGEF I Genealogical and Antiquarian Epic De Gruyter 2017 EGEF II Epics on Herakles Kreophylos and Peisandros De Gruyter 2022 and one more is to follow EGEF IV The Persika by Choerilos of Samos This sub series within TCSV aims to provide scholars and students with up to date commentaries on the extant fragments of early Greek epic that have not received contrary to Cyclic epic the attention they deserve Realism in Alexandrian Poetry Graham Zanker, 2024-10-31 The poetry of Alexandria under the first three Ptolemies represents a second golden age of Greek literature The eminence grise of poetic circles was Callimachus whose poetic manifesto in favour of small scale meticulously detailed and mannered works was to be of great influence on Augustan poetry in Rome The stylistic aims of the Alexandrian poets have been much discussed as has their reliance on literary tradition First published in 1987 Realism in Alexandrian Poetry covers less familiar ground Taking the whole canon of Alexandrian poetry as his starting point Dr Zanker surveys the use of the realistic mode in works like The Idylls of Theocritus were these real shepherds including such matters as the humorous elements of Callimachus Hymns the love story in Apollonius Argonautica and the low life sketches of epyllia like Hecale as well as the Mimes of Herodas The

striving for realism and minute detail is set in the context of the admiration of pictorialism in the plastic arts the new valuation of science as a measure of human experience and the deliberate mingling of high and low genres All this is in turn placed in the cultural context of early Alexandria Few books take the whole of Alexandrian poetry as their canvas This one which does will be as valuable a study of the Alexandrian poets as it will be a forceful contribution to literary criticism

Philodemus Philodemus, 2003 *The On Poems* by Philodemus c 110 35 BC the Epicurean philosopher and poet who taught Virgil and influenced Horace is our main source for Hellenistic literary theory In Book 1 Philodemus summarizes a survey of previously unknown poetic and aesthetic theories Compiled by Crates of Mallos this survey reviews the critical theories of earlier Epicureans Peripatetics and Stoics who argued in some way that sound is the source of poetic excellence and that the ear unaided by the mind can judge it Philodemus led the reaction against this invasion of Hellenistic literary criticism by musical theory arguing that form and content are interrelated and that substantive content not pretty sound is what makes poetry worthwhile The 200 fragments of Book 1 were entirely jumbled after its discovery at the site of Vesuvius destruction of Herculaneum This edition reconstitutes their original sequence according to a new method while exploiting previously unknown manuscript sources and new techniques for reading the extant pieces In thus restoring this important aesthetic treatise from antiquity it makes a major addition to the corpus of classical literature [Human Sacrifice in Ancient Greece](#) Dennis D. Hughes, 2013-01-11 Numerous ancient texts describe human sacrifices and other forms of ritual killing in 480 BC Themistocles sacrifices three Persian captives to Dionysus human scapegoats called pharmakoi are expelled yearly from Greek cities and according to some authors they are killed Locrin girls are hunted down and slain by the Trojans on Mt Lykaion children are sacrificed and consumed by the worshippers and many other texts report human sacrifices performed regularly in the cult of the gods or during emergencies such as war and plague Archaeologists have frequently proposed human sacrifice as an explanation for their discoveries from Minoan Crete children's bones with knife cut marks the skeleton of a youth lying on a platform with a bronze blade resting on his chest skeletons sometimes bound in the dromoi of Mycenaean and Cypriot chamber tombs and dual man woman burials where it is suggested that the woman was slain or took her own life at the man's funeral If the archaeologists' interpretations and the claims in the ancient sources are accepted they present a bloody and violent picture of the religious life of the ancient Greeks from the Bronze Age well into historical times But the author expresses caution In many cases alternative if less sensational explanations of the archaeological are possible and it can often be shown that human sacrifices in the literary texts are mythical or that late authors confused mythical details with actual practices Whether the evidence is accepted or not this study offers a fascinating glimpse into the religious thought of the ancient Greeks and into changing modern conceptions of their religious behaviour *Virgil's Augustan Epic* Francis Cairns, 1989-03-16 An examination of the main characters in the Aeneid Aeneas himself Dido and Turnus in the light of Virgil's contemporary Augustan political and literary ideology The characters and the plot and incident of the epic are seen

as embodying and exemplifying first the ancient ideals of kingship and concord and second the Roman self identification as at once Italian and Trojan and finally as reflecting the literary self evaluation of the Augustan age In the literary area Virgil's relations with contemporary Roman elegy with early Greek lyric and most important with Homer are studied and reevaluated Virgilian scholars and students of Augustan literature in general will find this book of interest to them Poetic Memory Heather van Tress, 2017-07-31 This book explores Callimachus allusive practice in his *Aetia* prologue and Hymns 4, 5 and 6 and in Ovid's *Metamorphoses* The study includes an overview of modern approaches to poetic allusion a close re examination of the lexical allusions in the *Aetia*'s and *Metamorphoses* prologues extensive examinations of allusive techniques within selections of these works the poets use of signposting and authorization techniques and the relationship between allusion and genre *Between Athens and Jerusalem* John J.
