David N. Atkinson,1998-12-31 Suffering from a bad heart emphysema glaucoma and deafness Thurgood Marshall finally retired from the Supreme Court at the age of 82 in spite of having always claimed I was appointed to a life term and I intend to serve it Many observers felt he should have left much earlier Life appointments make Supreme Court justices among the most powerful officials in government and allow even dysfunctional judges to stay on long after they should have departed For that reason when a justice leaves the bench is often as controversial as when he s appointed This first comprehensive historical treatment of their deaths resignations and retirements explains when and why justices do step down It considers the diverse circumstances under which they leave office and clarifies why they often are reluctant to showing how factors like pensions party loyalty or personal pride come into play It also relates physical ailments to mental faculties offering examples of how a justice s disability sometimes affects Court decisions David Atkinson examines each of the nearly 100 men who have left the bench and provides anecdotal glimpses into the lives of famous and obscure justices alike He reveals how men like Salmon Chase and William O Douglas determinedly continued to serve after suffering strokes how Joseph McKenna persevered despite knowing he was professionally unqualified and how long before Thurgood Marshall the ailing octogenarian Gabriel Duvall finally retired after struggling to protect another ideological position on the Court Ultimately Atkinson shows just how human these people are and enhances our understanding of how the Court conducts its business He also suggests specific ways to improve the present situation weighing the pros and cons of mandatory retirement and calling for reform in the delegation of duties to law clerks who in recent years have dominated the actual writing of many justices decisions As the current Court ages how long might we expect justices to remain on the bench Because our next president will likely make several appointments now is the time to consider what shape the Supreme Court will take in the next century Offering a wealth of information never before collected *Leaving the Bench* provides substantial grist for that debate and will serve as an

Supreme Court Justices Susan Navarro Smelcer, 2010-04-09

On May 1, 2009, Justice David H. Souter announced his retirement as an Associate Justice when the U.S. Supreme Court recessed for the summer. To fill this vacancy, President Barack Obama selected Sonia Sotomayor, a judge from the U.S. Court of Appeals for the Second Circuit. In announcing the nomination, President Obama noted her Ivy League education and extensive judicial experience. President Obama also emphasized Sotomayor's life story, discussing in particular her upbringing as a child of Puerto Rican-born parents in a Bronx housing project. The Sotomayor nomination prompted renewed discussion among Senators, media commentators, and scholars regarding racial, ethnic, gender, religious, professional, and educational diversity on the Court. With the upcoming retirement of Justice John Paul Stevens, announced on April 9, 2010, this discussion is likely to be renewed. With his departure, the Court will lose its only Protestant Christian member. Justice Stevens is also the only active Justice to have served in the military during wartime. Against the backdrop of recent and pending changes to the Court's composition, this report examines the social, professional, and educational backgrounds of the Justices across the entire history of the Supreme Court. Over time, the Supreme Court has become more diverse in some ways and more homogeneous in others. When first constituted and throughout most of its history, no women or minorities served on the Court. This changed with the appointment of the first African American Justice, Thurgood Marshall, in 1967, and the first female Justice, Sandra Day O'Connor, in 1981. When Justice Marshall retired from the Court in 1991, he was succeeded by another African American Justice, Clarence Thomas. Although Justice O'Connor, upon her retirement in 2006, was succeeded by a male Justice, Samuel A. Alito Jr., the Court's membership once again in August 2009 included two female Justices upon the confirmation of Sonia Sotomayor. The religious affiliations of the Court's members also have changed over time. For almost the first 50 years of the Court, all Justices were affiliated with Protestant Christian churches. The first Jewish Justice, Louis Brandeis, was appointed in 1916. Currently, two Jewish Justices, Ruth Bader Ginsburg and Stephen G. Breyer, serve on the Court. The first Catholic Justice, Chief Justice Roger Brooke Taney, was appointed in 1836. With the confirmation of Justice Sotomayor, six of the nine current Justices identify as Roman Catholic. The career experiences of the Court's Justices, while quite diverse in the past, have become more homogeneous in recent times. Historically, Justices had served in a variety of professions, such as in the Cabinet, in a federal or state legislative body, or in a private legal practice. In the last 50 years, however, Justices have more and more frequently been elevated from positions on the federal circuit courts of appeals. Of the nine current Justices, all possess federal circuit court experience, and six have served as government attorneys in some capacity. No sitting Justice has served in a federal or state Cabinet position or legislature. Justice Sonia Sotomayor brings both experience as a private practitioner and a government attorney and is the only current Justice on the

Court to have experience as a federal trial judge Over time Justices legal educations have become more homogeneous as well In the last 20 years especially three Ivy League law schools Harvard Yale and Columbia have been disproportionately represented on the Court Of the nine sitting Justices eight have attended one of these three law schools including recently confirmed Justice Sotomayor who is a graduate of Yale Law School The Supreme Court Justices Clare Cushman,1993 A reference work that provides information on all those who have served as a justice on the United States Supreme Court

The Chief Justice of the Supreme Court Heather DeJohn,2002 Takes a thorough look at the Chief Justice of the United States Supreme Court including the history of the office how the work relates to that of other government offices and how Chief Justices have handled crises
