Surf The City:

Surf City Dean Torrence, 2016-09-13 The Jan and Dean Story is a personal story of the iconic musician and entrepreneur Dean Torrence As a memoir The Jan and Dean Story has elements of humor tragedy and redemption It tells their story from the early high school friendship struck up between Jan Berry and Dean Torrence and their ascent to the dizzying heights of stardom riding the crest of the surf craze The Jan and Dean Story is as much about the culture of the 1960s as it is about music Dean has lived an incredible life and continues to promote a lifestyle and surf culture that is now universally admired and followed throughout the world The story also recounts Jan s tragic car accident and his ability to recover enough to continue to perform will be inspiring to many readers even those not familiar with surf music For pop culture addicts and music buffs alike this book is indispensable As early teen icons Jan and Dean left an indelible mark on the music of the 60 s and the American psyche Dean Torrence is still touring and creating music and often appears with the Beach Boys and other groups from the heyday of surf music

When We Get to Surf City Bob Greene, 2008-05-13 In a dazzling and exhilarating display of narrative on the road reporting award winning journalist and New York Times bestselling author Bob Greene takes readers on an unforgettable American journey of music memories and universal longing Running away to join the circus is a dream we re told to put away once we re no longer young But as Bob Greene writes just when in our lives we give up on capturing the freedom and bright mornings of our world when it was new sometimes something happens to keep the sun high in the sky a while longer Sometimes we find something we weren t even aware we were looking for For fifteen years beginning in the 1990s Greene stepped into a universe that out in the country every summer night is hiding in plain sight the touring world of the great early rock bands who gave America the car radio and jukebox music it still loves best Singing backup with the legendary Jan and Dean as they endlessly crisscross the nation Greene takes us to football stadiums and minor league ballparks to no name ice cream stands and midnight diners to back roads and carnival midways as he tells a riveting story of great fame and lingering sorrow of unexpected friendship and lasting dreams of the things that keep us going in the face of all the things that threaten to stop us Striking chords of recognition and yearning When We Get to Surf City glistens with cameos by the men and women with whom Greene traveled the United States on his deliriously unlikely journey including Chuck Berry Martha and the Vandellas the Everly Brothers Jerry Lee Lewis the Beach Boys the Monkees the Kingsmen James Brown Lesley Gore the Drifters Little Eva and the Coasters All of them not just the people on the stage but the people in the audiences too are seeking their private versions of the mythical destination Jan and Dean came up with all those years ago Surf City as the perfect cloudless place we all believe is out there if only we can find it Hilarious and heartbreaking moving and brilliant this is the trip of a lifetime a travelogue of the heart accompanied by a thundering guitar chorus of Fender Stratocasters It is a story destined to touch readers not just today but for generations to come as long as the music itself echoes

The North Carolina Shore and Its Barrier Islands Orrin H. Pilkey, 1998 The North Carolina Shore

and Its Barrier Islands is the latest volume in the series Living with the Shore Replacing an earlier volume this thoroughly new book provides a diverse guide to one of America's most popular shorelines As is true for all books in the series it is based on the premise that understanding the changing nature of beaches and barrier islands is essential if we are to preserve them for future generations Evidence that the North Carolina shore is changing is never hard to find but recently the devastation wrought by Hurricane Fran and the perilous situation of the historic lighthouse at Cape Hatteras have reminded all concerned of the fragility of this coast Arguing for a policy of intelligent development one in which residential and commercial structures meet rather than confront the changing nature of the shore the authors have included practical information on hazards of many kinds storms tides floods erosion island migration and earthquakes Diagrams and photographs clearly illustrate coastal processes and aid in understanding the impact of hurricanes and northeasters wave and current dynamics as well as pollution and other environmental destruction due to overdevelopment A chapter on estuaries provides related information on the shores of back barrier areas that are growing in popularity for recreational residences Risk maps focus on the natural hazards of each island and together with construction guidelines provide a basis for informed island management Lastly the dynamics of coastal politics and management are reviewed through an analysis of the controversies over the decision to move the Cape Hatteras lighthouse and a proposed effort to stabilize Oregon Inlet From the natural and historic perspective of the opening chapters to the regional discussions of individual barrier islands this book is both a primer on coastal processes for the first time visitor as well as a guide to hazard identification for property owners
