## Surface Impressions A Poem:

**Surface Impressions** Stephen Sandy, 2002-03-01 A poem of eight parts Stephen Sandy's *Surface Impressions* offers a stunning burst of invention capacious enough for its grand themes of ecology religion and mortality yet intimate and flexible in its constantly vibrant voice The narrator moves through a widening landscape from New England to the cosmos itself ruminating on the relation between his obsolescent Romantic love of nature and the emptying of the cup of wildness in our time American writers such as Melville Poe and Thoreau form a backdrop to the narrator's thoughts of his children growing up in a world of technological change foreign to their father this global shopping spree we're getting to be In addition he considers faith as it pertains to religious belief in three generations his own his father's and his children's Employing a rich verbal texture with a precision of imagery *Surface Impressions* mirrors its narrator's tumbling consciousness as it gathers into verse the now and the long ago the near and the far the real and the simulated My screen saver shows a tropic sea jellyfish flouncing sea horse trotting out the window above the screen growls no virtual deep but Melville's ocean the whale's path sea of origin of return At once impudent and elegiac ironic and dignified the voice that carries readers through this brilliant poem moves freely between the antipodes of mind and universe from the narrator's back porch to the cluster of galaxies my galaxy is sitting in observing How cliché to acknowledge being infinitesimal in a system that in its own way is infinitesimal Can't do it nor can you Sandy triumphs in showing the significance fragility and unity of all life on earth *I Would Lie to You if I Could* Chard deNiord, 2018-07-14 *I Would Lie To You If I Could* contains interviews with nine eminent contemporary American poets Natasha Trethewey Jane Hirshfield Martín Espada Stephen Kuusisto Stephen Sandy Ed Ochester Carolyn Forché Peter Everwine and Galway Kinnell and James Wright's widow Anne presents conversations with a vital cross section of poets representing a variety of ages ethnicities and social backgrounds The poets testify to the demotic nature of poetry as a charged language that speaks uniquely in original voices yet appeals universally As individuals with their own transpersonal stories the poets have emerged onto the national stage from very local places with news that witnesses memorably in social personal and political ways They talk about their poems and development as poets self-effacingly honestly and insightfully describing just how and when they were hurt into poetry as well as why they have pursued writing poetry as a career in which as Robert Frost noted in his poem *Two Tramps in Mud Time* their object has become to unite their avocation and their vocation As their two eyes make one in sight Modern Irish Poetry Robert F. Garratt, 1989-01-01 Traces the history of twentieth century Irish poetry and examines the Irish literary tradition *The Dial* Francis Fisher Browne, 1903 *Figuring Genre in Roman Satire* Catherine Keane, 2006-01-12 In these roles the satirist conducts penetrating analyses of Rome's definitive social practices from the inside Satire's reputation as the quintessential Roman genre is thus even more justified than previously recognized **BOOK JACKET** **Selected Poems** William Wordsworth, 2004-07-29 One of the major poets of Romanticism Wordsworth epitomized the spirit of his age with his

celebration of the natural world and the spontaneous expression of feeling This volume contains a rich selection from the most creative phase of his life including extracts from his masterpiece *The Prelude* and the best loved of his shorter poems such as *Composed Upon Westminster Bridge* *Tintern Abbey* *I Wandered Lonely as a Cloud* *Lucy Gray* and *Michael Together* these poems demonstrate not only Wordsworth's astonishing range and power but the sustained and coherent vision that informed his work *KNOWLEDGE CONSORTIUM* Dr Samir Kumar Hui, 2021-11-25 A collection of research articles of 25 in numbers

*Review* John Crowe Ransom, 2002 Editor winter 1939 autumn 1941 J C Ransom **Greek to Latin** G. O. Hutchinson, 2013-09-26 The relationship between Latin and Greek literature is one of the most fundamental questions for Latin literature and for the reception of Greek literature This innovative volume shows some of the contexts in which the interaction of the literatures should be viewed Professor Hutchinson investigates Roman conceptions of their own literary history and Greek literary history as two chronological sequences artificially separated and takes the reader around the Mediterranean to see the different places where Romans encountered Greek art with words The volume looks at Roman perceptions of the contrasting Greek and Latin languages and compares in detail Latin adaptation of Greek writing with Latin adaptation of Latin It views the different approaches to Greek material ideas and works between three prose super genres and within the poetic super genre of hexameters It is based on an independent collection of evidence and draws extensively on inscriptions archaeology papyri scholia and a wide range of texts [A History of Danish Literature](#) Sven Hakon

Rossel, 1992-01-01 Volume 1 **Modernist Waterscapes** Marlene Dirschauer, 2023-01-04 This book identifies water as the key element of Virginia Woolf's modernist poetics The various forms movements and properties of water inspired Woolf's writing of reality time and bodies and offered her an apt medium to reflect on the possibilities as well as on the exhaustion of her art As a deeply intertextual writer Woolf recognised how profoundly water has shaped human imagination and the landscape of the literary past In line with recent ecocritical and ecofeminist assessments of her works this book also shows Woolf's attraction to water as part of an indifferent nature that exists prior to and beyond the symbolic Through close analyses that span the whole of Woolf's oeuvre and that centre on the metaphorical and the material voices of water in her

works *Modernist Waterscapes* offers a fresh perspective on a writing that is as versatile as the element from which it draws. The monograph addresses postgraduate students and scholars working in modernist studies and Woolf studies in particular.

**Homer on the Gods and Human Virtue** Peter J. Ahrensdorf, 2014-09-22 This book seeks to restore Homer to his rightful place among the principal figures in the history of political and moral philosophy. Through this fresh and provocative analysis of the *Iliad* and the *Odyssey*, Peter J. Ahrensdorf examines Homer's understanding of the best life, the nature of the divine, and the nature of human excellence. According to Ahrensdorf, Homer teaches that human greatness eclipses that of the gods; that the contemplative and compassionate singer ultimately surpasses the heroic warrior in grandeur; and that it is the courageously questioning Achilles, not the loyal Hector or even the wily Odysseus, who comes closest to the humane wisdom of Homer himself. Thanks to Homer, two of the distinctive features of Greek civilization are its extraordinary celebration of human excellence, as can be seen in Greek athletics, sculpture, and nudity, and its singular questioning of the divine, as can be seen in Greek philosophy.

***Anything That Burns You*** Terese Svoboda, 2016-01-01 The first full-length biography of Lola Ridge, a trailblazer for women's poetry and human rights far ahead of her time. This rich and detailed account of the life and world of Lola Ridge, poet, artist, editor, and activist for the cause of women's rights, workers' rights, racial equality, and social reform. From her childhood as a newly arrived Irish immigrant in the grim mining towns of New Zealand to her years as a budding poet and artist in Sydney, Australia, to her migration to America and the cities of San Francisco, Chicago, and New York. At one time considered one of the most popular poets of her day, she later fell out of critical favor due to her realistic and impassioned verse that looked head-on at the major social woes of society. Moreover, her work and appearances alongside the likes of Margaret Sanger, Emma Goldman, Will Durant, and other socialists and radicals put her in the line of fire, not only of the police and government but also of the literary pundits who criticized her activism as being excessive and melodramatic. This lively portrait gives a veritable who's who of all the key players in the arts, literature, and radical politics of the time in which Lola Ridge stood front and center.

**Hungarian Perspectives on the Western Canon** László Bengi, Gábor Mezei, Ernő Kulcsár Szabó, 2017-05-11 In this collection, Hungarian literature is read together with canonical works of the Western literary tradition. The book studies the distinction between major and minor literatures, showing that such parallel readings may highlight previously unknown components of the literary tradition. The book does not hold traditional comparative methods based on verifiable mediations or transactions between national philologies and national literary narratives to be the exclusive standard of interpretation. Readings can concentrate on common surfaces and textual events instead. This is what is meant by post-comparative perspectives, a term to indicate that the conditions of a comparative reading never precede the reading itself. On this basis, the present volume points at several possibilities of how a common ground between texts can be created, especially because the chapters within it perform parallel readings in highly different ways.

***Saving God's Reputation*** Sigve K. Tonstad, 2006-11-20

This book pursues the conviction that the cosmic conflict imagery in Revelation is the primary and controlling element in the account of the aspiration of the Roman Empire and the imperial cult in Asia Minor *Princeton Alumni Weekly*, 1972

*The Modern Irish Sonnet* Tara Guissin-Stubbs, 2020-10-10 The Modern Irish Sonnet Revision and Rebellion discusses how and why the sonnet appeals to Irish poets and has grown in popularity over the last century Using a thematic approach Tara Guissin Stubbs argues for the significance of the Irish sonnet as a discrete entity within modern and contemporary poetry and shows how the Irish sonnet has become a debating chamber for discussions concerning the relationship between Irish and British culture poetry and gender and revision and rebellion The text reshapes the poetic and critical field exploring canonical and non canonical poems by male and female poets so as to challenge outmoded views of the thematic and formal limitations of the sonnet **The Western Humanities Review**, 2007
