**Surfing the Menu** , 2004      Surfing the Menu Header ABC Books, 2004-02-01      The Tastes and Politics of Inter-Cultural Food in Australia Sukhmani Khorana, 2018-03-13

In the 21st century an accelerated pace of global movements of people goods capital technology and ideas has led to ambivalence regarding cultural identity for individuals as well as collectives like neighbourhoods and cities While the preparation availability and consumption of diverse foods have

become symbolic of the very openness of a place there are concerns that this is only reflective of a superficial and consumerist form of middle class cosmopolitanism Using food oriented case studies centred on Australian cities and media *Bonding Over Food* argues for a processual understanding of cosmopolitanism Such an approach helps us understand various kinds of social bonds formed over food as convivial practices that are potentially ethical and or reflexive as opposed to being driven by othering discourses      Surfing the Menu Large Banner Poster ABC Books,2004-02-01      *UNIX* Deborah S.
