The Legacy of Indian Indenture Maurits S. Hassankhan, Lomarsh Roopnarine, Hans Ramsodh, 2016-11-10 This book is the second publication originating from the conference Legacy of Slavery and Indentured Labour Past present and future which was organised in June 2013 by the Institute of Graduate Studies and Research IGSR Anton de Kom University of Suriname The articles are grouped in four sections Section one concentrates on indenture in the Caribbean and the Indian Ocean and includes four diverse but inter related chapters and contributions These reveal some newly emerging impressive trends in the study of indenture essentially departing from the over used neo slave scholarship Not only are new concepts explored and analysed but this section also raises unavoidable questions on previously published studies on indenture Section two shows that there are many areas that need to be re examined and explored in the study of indenture The chapters in this section re examine personal narratives of indentured labourers the continuous connection between the Caribbean and India as well as education and Christianization of Indians in Trinidad The result is impressive The analysis of personal accounts or voices of indentured servants themselves certainly provides an alternative perception to archival information written mostly by the organizers of indenture Section three in this volume focuses on ethnicity and politics In segmented societies like Suriname Guyana and Trinidad Tobago institutional politics and political mobilization are mainly ethnically based In Suriname Trinidad Tobago and Guyana this has led to ethnic and political tensions These themes are explored in these three articles Section four addresses health medicine and spirituality themes which until recently have received little attention The first article examines the historical impact of colonialism through indentureship on the health health alternatives and health preferences of Indo Trinidadians from the period between 1845 to the present The second examines the use of protective talismans by Indian indentured labourers and their descendants Little or no psychological research has been done on the spiritual world of Indian immigrants enslaved Africans and their respective descendants with

special reference to the use of talismans In Search of a Path Roger Janssen,2011-01-01 The foreign policy of small states is an often neglected topic which is particularly the case when it comes to Suriname How did the young Republic deal with its dependency on the Netherlands for development aid after 1975 Was Paramaribo following a certain foreign policy strategy or did it merely react towards internal and external events What were the decision making processes in defining the foreign policy course and who was involved in these processes And why was a proposal discussed to hand back the right of an independent foreign and defence policy to a Dutch Commonwealth government in the early 1990s These questions are examined here in depth in the first comprehensive analysis of Suriname s foreign policy from 1975 to 1991 The book provides readers interested in Caribbean and Latin American affairs with a detailed account of Suriname s external relations Moreover the young Republic may stand as a case study as it confronted the difficulties and challenges that small developing states often face **Care across Distance** Azra Hromadžić,Monika Palmberger,2018-05-24 World wide migration has an unsettling effect on social structures especially on aging populations and eldercare This volume investigates how taken for granted roles are challenged intergenerational relationships transformed economic ties recalibrated technological innovations utilized and spiritual relations pursued and desired and asks what it means to care at a distance and to age abroad What it does show is that trans nationalization of care produces unprecedented convergences of people objects and spaces that challenge our assumptions about the who how and where of care *Encyclopedia of Global Warming and Climate Change* S.
