Helen Zimmern, 1907      **The Hansa Towns** Helen Zimmern, 2017-10-25 A book well written by Helen Zimmern on the terrible history of power competition and maturation of the commerce institutions in the Baltic that played a role as important as the Mediterranean in the development of international trade and institutions There is scarcely a more remarkable chapter in history than that which deals with the trading alliance or association known as the Hanseatic League The League has long since passed away having served its time and fulfilled its purpose The needs and circumstances of mankind have changed and new methods and new instruments have been devised for carrying on the commerce of the world Yet if the League has disappeared the beneficial results of its action survive to Europe though they have become so completely a part of our daily life that we accept them as matters of course and do not stop to inquire into their origin
