In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century      The Harvard Guide to African-American History Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America      The A to Z from the Great War to the Great Depression Neil A. Motherlove in Shades of Black Gloria Thomas Pillow,2014-01-10 This book closely examines the mother figure in six works by African American women at various times in American history Harriet Jacobs s Incidents in the Life of a Slave Girl Pauline Hopkins s Contending Forces Nella Larsen s Passing Gwendolyn Brooks s Maud Martha Alice Walker s The Color Purple and Toni Morrison s Beloved It studies how the mother in each novel negotiates the ragged hostile landscape of a prohibitive environment to love protect and raise her children Delving far deeper than surface explanations it is informed by psychological analysis to reveal the forces that create the unique tensions of the African American mother s life her inspired strategies for survival and the character of the nurturing she gives her children Prove It On Me Erin D.

**Apprehensions** Lene M. Johannessen,Jena Habegger-Conti,2021-01-12 Aesthetic Apprehensions Silences and Absences in False Familiarities is a scholarly conversation about encounters between habitual customs of reading and seeing and their ruptures and ossifications In closely connected discourses the thirteen essays collected here set out to carefully probe the ways our aesthetic immersions are obfuscated by deep seated epistemological and ideological apprehensions by focusing on how the tropology carried by silence absence and false familiarity crystallize to define the gaps that open up As they figure in the subtitle of this volume the tropes may seem straightforward enough but a closer examination of their function in relation to social cultural and political assumptions and gestalts reveal troubling oversights Aesthetic Apprehensions comes to name the attempt at capturing the outlier meanings residing in habituated receptions as well as the uneasy relations that result from aesthetic practices already in place emphasizing the kinds of thresholds of sense and sensation which occasion rupture and creativity Such after all is the promise of the threshold of the liminal to encourage our leap into otherness for then to find ourselves and our sensing again and anew in novel comprehensions The ^ADialect of Modernism Michael

North,1998-01-22 The Dialect of Modernism uncovers the crucial role of racial masquerade and linguistic imitation in the emergence of literary modernism Rebelling against the standard language and literature written in it modernists such as Joseph Conrad Gertrude Stein T S Eliot Ezra Pound and William Carlos Williams reimagined themselves as racial aliens and mimicked the strategies of dialect speakers in their work In doing so they made possible the most radical representational strategies of modern literature which emerged from their attack on the privilege of standard language At the same time however another movement identified with Harlem was struggling to free itself from the very dialect the modernists appropriated at least as it had been rendered by two generations of white dialect writers For writers such as Claude McKay

Jean Toomer and Zora Neale Hurston this dialect became a barrier as rigid as the standard language itself Thus the two modern movements which arrived simultaneously in 1922 were linked and divided by their different stakes in the same language In *The Dialect of Modernism* Michael North shows through biographical and historical investigation and through careful readings of major literary works that however different they were the two movements are inextricably connected and thus cannot be considered in isolation Each was marked for good and bad by the other Self Made A'Lelia

Dossett,2020-01-29 Between 1935 and 1939 the United States government paid out of work artists to write act and stage theatre as part of the Federal Theatre Project FTP a New Deal job relief program In segregated Negro Units set up under the FTP African American artists took on theatre work usually reserved for whites staged black versions of white classics and developed radical new dramas In this fresh history of the FTP Negro Units Kate Dossett examines what she calls the black performance community a broad network of actors dramatists audiences critics and community activists who made and remade black theatre manuscripts for the Negro Units and other theatre companies from New York to Seattle Tracing how

African American playwrights and troupes developed these manuscripts and how they were then contested revised and reinterpreted Dossett argues that these texts constitute an archive of black agency and understanding their history allows us to consider black dramas on their own terms The cultural and intellectual labor of black theatre artists was at the heart of radical politics in 1930s America and their work became an important battleground in a turbulent decade

biographical essay The volume then examines the nature of African American drama in the 1920s the period during which Richardson was most productive and it analyzes his approach to drama as a means of educating African American audiences It then explores the African American community as the central theme in Richardson s plays for Richardson typically looks at the consequences of refusals by blacks to help one another The work additionally considers Richardson s history plays his anthologies his dramas intended for black children and his essays A concluding chapter summarizes his lasting influence the book closes with a listing of his plays and an extensive bibliography
