HIGHLANDS AND ISLANDS as we Scots chuckle to ourselves is the one phrase which an Englishman cannot mispronounce I read lately a book of Scottish travel by an American who made my countrymen leave out their h s like any Cockney then I at once laid aside this writer s observations as vain The humblest Scot never drops an h unless in words like hospital which the Southron painfully aspirates in his anxiety not to be judged vulgar as in living memory he has tacked this test of breeding on to humour and humble More fairly we may be charged with overdoing the h sound and there are two or three words in which we insert it huz for instance said in some parts for us In the game of anglic touch or tag my childish conception of the formula who s hit made it a participle meaning struck or touched till I heard German children crying in like case Ich bin es when I did not know how hit is the old English pronoun preserved by Scots dialects which are the truest copies of our national tongue Once indeed it was in Derbyshire I came across a man speaking with a strong West Highland accent yet misusing the letter h This seemed such a prodigy that I made a point of getting it explained It turned out that he was the son of a Yorkshire shepherd who had taken service on the Isle of Mull There the boy came to be most at home in Gaelic while what English he had was on a bad model the reverse of lingua Toscana in bocca Romana His younger brothers he told me grew up hardly speaking English at all and he the bilingual member of the family had often to interpret between them and their mother who could never get her tongue round the strange speech We speak of a mother tongue but it is from their play fellows that active lads seem to learn fastest
