

The Hippies And American Values

Margaret DiCanio

The Hippies And American Values:

The Hippies and American Values Timothy Miller, 1991 Introduction The Ethics of Dope The Ethics of Sex The Ethics of Rock The Ethics of Community The Ethics of Cultural Opposition Legacy The Hippies and American Values Timothy A. Miller, 2012-01-02 Turn on tune in drop out Timothy Leary advised young people in the 1960s And many did creating a counterculture built on drugs rock music sexual liberation and communal living The hippies preached free love promoted flower power and cautioned against trusting anyone over thirty Eschewing money materialism and politics they repudiated the mainstream values of the times Along the way these counterculturists created a lasting legacy and inspired long lasting social changes The Hippies and American Values uses an innovative approach to exploring the tenets of the counterculture movement Rather than relying on interviews conducted years after the fact Timothy Miller uses underground newspapers published at the time to provide a full and in depth exploration This reliance on primary sources brings an immediacy and vibrancy rarely seen in other studies of the period Miller focuses primarily on the cultural revolutionaries rather than on the political radicals of the New Left It examines the hippies ethics of dope sex rock community and cultural opposition and surveys their effects on current American values Filled with illustrations from alternative publications along with posters cartoons and photographs The Hippies and American Values provides a graphic look at America in the 1960s This second edition features a new introduction and a thoroughly updated well documented text Highly readable and engaging this volume brings deep insight to the counterculture movement and the ways it changed America The first edition became a widely used course adoption favorite and scholars and students of the 1960s will welcome the second edition of this thought provoking book The Hippies and American Values Timothy A. Miller, 2025-09-02 Turn on tune in drop out Timothy Leary advised young people in the 1960s And many did creating a counterculture built on drugs rock music sexual liberation and communal living The hippies preached free love promoted flower power and cautioned against trusting anyone over thirty Eschewing money materialism and politics they repudiated the mainstream values of the times Along the way these counterculturists created a lasting legacy and inspired long lasting social changes The Hippies and American Values uses an innovative approach to exploring the tenets of the counterculture movement Rather than relying on interviews conducted years after the fact Timothy Miller uses underground newspapers published at the time to provide a full and in depth exploration This reliance on primary sources brings an immediacy and vibrancy rarely seen in other studies of the period Miller focuses primarily on the cultural revolutionaries rather than on the political radicals of the New Left It examines the hippies ethics of dope sex rock community and cultural opposition and surveys their effects on current American values Filled with illustrations from alternative publications along with posters cartoons and photographs The Hippies and American Values provides a graphic look at America in the 1960s This second edition features a new introduction and a thoroughly updated well documented text Highly readable and engaging this volume brings deep insight to the counterculture

movement and the ways it changed America The first edition became a widely used course adoption favorite and scholars and students of the 1960s will welcome the second edition of this thought provoking book The Hippies and American The Hippies: Their Impact on American Society Pasquale De Marco, 2025-04-18 The Values Timothy Miller, 1991 hippie movement of the 1960s was a cultural revolution that challenged traditional American values and norms Hippies advocated for peace love and understanding and they rejected the materialism and consumerism of mainstream society They embraced alternative lifestyles including communal living psychedelic drug use and a back to nature philosophy This book explores the history values and impact of the hippie movement It examines the origins of the hippie counterculture its key figures and events and its lasting legacy It also discusses the challenges facing hippie values in the 21st century and it assesses the future of the hippie movement Hippies were a diverse group of people and their beliefs and practices varied widely However they shared a common goal of creating a more just peaceful and sustainable world They believed that love and compassion were the most powerful forces for change and they sought to live their lives accordingly The hippie movement had a profound impact on American society Hippie values such as environmentalism social justice and personal freedom have become mainstream and the hippie aesthetic continues to influence fashion music and art This book is a comprehensive and engaging look at the hippie movement It is essential reading for anyone who wants to understand this important moment in American history About the Author Pasquale De Marco is a historian and author who specializes in the 1960s counterculture He has written extensively about the hippie movement and his work has been published in numerous academic journals and books If you like this book write a review on google books The hippie trail Sharif Gemie, Brian Ireland, 2017-11-10 This is the first history of the Hippie Trail It records the joys and pains of budget travel to Kathmandu India Afghanistan and other points east in the 1960s and 1970s Written in a clear simple style it provides detailed analysis of the motivations and the experiences of hundreds of thousands of hippies who travelled eastwards The book is structured around four key debates were the travellers simply motivated by a search for drugs Did they encounter love or sexual freedom on the road Were they basically just tourists Did they resemble pilgrims It also considers how the travellers have been represented in films novels and autobiographical accounts and will appeal to those interested in the Trail or the 1960s counterculture as well as students taking courses relating to the 1960s The Hippies John Anthony Moretta, 2017-01-26 Among the most significant subcultures in modern U S history the hippies had a far reaching impact Their influence essentially defined the 1960s hippie antifashion divergent music dropout politics and make love not war philosophy extended to virtually every corner of the world and remains influential The political and cultural institutions that the hippies challenged or abandoned mainly prevailed Yet the nonviolent egalitarian hippie principles led an era of civic protest that brought an end to the Vietnam War Their enduring impact was the creation of a 1960s frame of reference among millions of baby boomers whose attitudes and aspirations continue to reflect the hip ethos of their youth Psychedelic Mysticism

Morgan Shipley, 2015-11-12 Concerned with scholarly popular and religious backdrops that understand the connection between psychedelics and mystical experiences to be devoid of moral concerns and ethical dimensions a position supported empirically by the rise of acid fascism and psychedelic cults by the late 1960s Psychedelic Mysticism Transforming Consciousness Religious Experiences and Voluntary Peasants in Postwar America traces the development of sixties psychedelic mysticism from the deconditioned mind and perennial philosophy of Aldous Huxley to the sacramental ethics of Timothy Leary Richard Alpert and Ralph Metzner to the altruistic religiosity practiced by Stephen Gaskin and The Farm Building directly off the pioneering psychedelic writing of Huxley these psychedelic mystics understood the height of psychedelic consciousness as an existential awareness of unitive oneness a position that offered worldly alternatives to the maladies associated with the postwar moment e q vapid consumerism and materialism lifeless conformity unremitting racism heightened militarism In opening a doorway to a common world Morgan Shipley locates how psychedelics challenged the coherency of Western modernity by fundamentally reorienting postwar society away from neoliberal ideologies and toward a sacred understanding of reality defined by mutual coexistence and responsible interdependence In 1960s America psychedelics catalyzed a religious awakening defined by compassion expressed through altruism and actualized in projects that sought to ameliorate the conditions of the least advantaged among us In the exact moments that historians and cultural critics often locate as signaling the death knell of the counterculture Gaskin and The Farm emerged not as a response to the perceived failures of the hippies nor as an alternative to sixties politicos but in an effort to fulfill the religious obligation to help teach the world how to live more harmoniously Today as we continue to confront issues of socioeconomic inequality entrenched differences widespread violence and the limits of religious pluralism Psychedelic Mysticism serves as a timely reminder of how religion in America can operate as a tool for destabilization and as a means to actively reimagine the very basis of how people relate such a legacy can aid in our own efforts to build a more peaceful sustainable and compassionate Growing Up in a Land Called Honalee Joel P. Rhodes, 2017-06-01 This study examines how the multiple social world cultural and political changes between John Kennedy's inauguration in 1961 and the end of American involvement in Vietnam in 1973 manifested themselves in the lives of preadolescent American children Because the preadolescent years are according to the child development researchers the most formative Joel P Rhodes focuses on the cohort born between 1956 and 1970 who have never been quantitatively defined as a generation but whose preadolescent world was nonetheless quite distinct from that of the baby boomers Rhodes examines how this group understood the historical forces of the 1960s as children and how they made meaning of these forces based on their developmental age He is concerned not only with the immediate imprint of the 1960s on their young lives but with how their perspective on the era influenced them as adults

Encyclopedia of American Folklore Linda Watts,2020-07-01 Folklore has been described as the unwritten literature of a culture its songs stories sayings games rituals beliefs and ways of life Encyclopedia of American Folklore helps readers

explore topics terms themes figures and issues related to this popular subject This comprehensive reference guide addresses the needs of multiple audiences including high school college and public libraries archive and museum collections storytellers and independent researchers Its content and organization correspond to the ways educators integrate folklore within literacy and wider learning objectives for language arts and cultural studies at the secondary level This well rounded resource connects United States folk forms with their cultural origin historical context and social function Appendixes include a bibliography a category index and a discussion of starting points for researching American folklore References and bibliographic material throughout the text highlight recently published and commonly available materials for further study Coverage includes Folk heroes and legendary figures including Paul Bunyan and Yankee Doodle Fables fairy tales and myths often featured in American folklore including Little Red Riding Hood and The Princess and the Pea American authors who have added to or modified folklore traditions including Washington Irving Historical events that gave rise to folklore including the civil rights movement and the Revolutionary War Terms in folklore studies such as fieldwork and the folklife movement Holidays and observances such as Christmas and Kwanzaa Topics related to folklore in everyday life such as sports folklore and courtship dating folklore Folklore related to cultural groups such as Appalachian folklore and African American folklore and more The Spirit of the Sixties James J. Farrell, 2013-10-18 The Spirit of the Sixties explains how and why the personal became political when Sixties activists confronted the institutions of American postwar culture The Spirit of the Sixties uses political personalism to explain how and why the personal became political when Sixties activists confronted the institutions of American postwar culture After establishing its origins in the Catholic Worker movement the Beat generation the civil rights movement and Ban the Bomb protests James Farrell demonstrates the impact of personalism on Sixties radicalism Students antiwar activists and counterculturalists all used personalist perspectives in the here and now revolution of the decade These perspectives also persisted in American politics after the Sixties Exploring the Sixties not just as history but as current affairs Farrell revisits the perennial questions of human purpose and cultural practice contested in The Columbia Guide to America in the 1960s David Farber, Beth Bailey, 2003-04-09 The 1960s continue to the decade be the subject of passionate debate and political controversy a touchstone in struggles over the meaning of the American past and the direction of the American future Amid the polemics and the myths making sense of the Sixties and its legacies presents a challenge This book is for all those who want to take it on Because there are so many facets to this unique and transformative era this volume offers multiple approaches and perspectives The first section gives a lively narrative overview of the decade s major policies events and cultural changes The second presents ten original interpretative essays from prominent historians about significant and controversial issues from the Vietnam War to the sexual revolution followed by a concise encyclopedia articles organized alphabetically This section could stand as a reference work in itself and serves to supplement the narrative Subsequent sections include short topical essays special subjects a brief chronology and finally an

extensive annotated bibliography with ample information on books films and electronic resources for further exploration With interesting facts statistics and comparisons presented in almanac style as well as the expertise of prominent scholars The Columbia Guide to America in the 1960s is the most complete guide to an enduringly fascinating era American Activism Margaret DiCanio, 2016-10-04 The turbulence of the 1960s and 1970s spawned a spectrum of activist movements In spirit and action events ranged from gentle to violent from Tree People to Bloody Sunday from Community Mental Health to Black Power This rapid stream of social and political change defined the second half of the 20th century yet had roots in the first half The baby boom generation launched many movements Unlike their Depression WWII parents the boomers a large cohort of unattached young adults had no looming familial and social responsibilities. They had the freedom and resources for the consuming task of changing the world **The Genius of Earth Day** Adam Rome, 2013-04-16 The first Earth Day is the most famous little known event in modern American history Because we still pay ritual homage to the planet every April 22 everyone knows something about Earth Day Some people may also know that Earth Day 1970 made the environmental movement a major force in American political life But no one has told the whole story before The story of the first Earth Day is inspiring it had a power a freshness and a seriousness of purpose that are difficult to imagine today Earth Day 1970 created an entire green generation Thousands of Earth Day organizers and participants decided to devote their lives to the environmental cause Earth Day 1970 helped to build a lasting eco infrastructure lobbying organizations environmental beats at newspapers environmental studies programs ecology sections in bookstores community ecology centers In The Genius of Earth Day the prizewinning historian Adam Rome offers a compelling account of the rise of the environmental movement Drawing on his experience as a journalist as well as his expertise as a scholar he explains why the first Earth Day was so powerful bringing one of the greatest political events of the twentieth century to life

Counterculture Green Andrew G. Kirk,2007 For many it was more than a publication it was a way of life The Whole Earth Catalog billed itself as Access to Tools and it grew from a Bay Area blip to a national phenomenon catering to hippies do it yourselfers and anyone interested in self sufficiency independent of mainstream America now known as living off the grid In recovering the history of the Catalog s unique brand of environmentalism historian Kirk recounts how Stewart Brand and the Point Foundation promoted a philosophy of pragmatic environmentalism that celebrated technological achievement human ingenuity and sustainable living Kirk shows us that Whole Earth was more than a mere counterculture fad At a time when many of these ideas were seen as heretical to a predominantly wilderness based movement it became a critical forum for environmental alternatives and a model for how complicated ecological ideas could be presented in a hopeful and even humorous way From publisher description
Wanted Dead Or Alive Richard Aquila,1996 Following Richard Aquila s introduction which examines the birth and growth of the pop culture West in the context of American history noted expects explore developments in popular western fiction major forms of live western entertainment trends in western movies and

television shows images of the West in popular music and visual images of the West in popular art and advertising The Love Israel Family Charles Pierce LeWarne, 2015-07-21 Winner of the Malstrom Award of the League of Snohomish County Historical Organizations In 1968 a time of turbulence and countercultural movements a one time television salesman named Paul Erdmann changed his name to Love Israel and started a controversial religious commune in Seattle's middle class Queen Anne Hill neighborhood He quickly gathered a following and they too adopted the Israel surname along with biblical or virtuous first names such as Honesty Courage and Strength The burgeoning Love Israel Family lived a communal lifestyle centered on meditation and the philosophy that all persons were one and life was eternal They flourished for more than a decade owning houses and operating businesses on the Hill although rumors of drug use control of members and unconventional sexual arrangements dogged them By 1984 perceptions among many followers that some Family members especially Love Israel himself had become more equal than others led to a bitter breakup in which two thirds of the members defected The remaining faithful about a hundred strong resettled on a ranch the Family retained near the town of Arlington Washington north of Seattle There they recouped and adapted with apparent social and economic success for two more decades In The Love Israel Family Charles LeWarne tells the compelling story of this group of idealistic seekers whose quest for a communal life grounded in love service and obedience to a charismatic leader foundered when that leader s power distanced him from his followers LeWarne followed the Family for years attending its celebrations and interviewing the faithful and the disaffected alike He tells the Family's story with both sympathy and balance describing daily life in the urban and later the rural communes and explaining the Family's deeply felt spiritual beliefs The Love Israel Family is an important chapter in the history of communal experiments in the United States The Business of Marketing, Entrepreneurship, and Architecture of Communal Societies in the 1960s and 1970s Rahima Schwenkbeck, 2021-11-13 This book provides an in depth history of three US based communal societies that operated in the late 1960s and 1970s Soul City Stelle and Twin Oaks with an emphasis on their financing marketing and entrepreneurship processes These communities reflect the diversity of people who were dissatisfied with the direction in which American society was heading often underpinned by concerns over racism sexism the environment and capitalism and decided to take the radical step of joining a communal society A moral economy approach offers a lens on how these communities were prevented from fully realizing their visions due to the confines of capitalism as embedded in banking practices zoning laws and systemic racism The Transatlantic Sixties Grzegorz Kosc, Clara Juncker, Sharon Monteith, Britta Waldschmidt-Nelson, 2014-04-15 This collection brings together new and original critical essays by eleven established European American Studies scholars to explore the 1960s from a transatlantic perspective Intended for an academic audience interested in globalized American studies it examines topics ranging from the impact of the American civil rights movement in Germany France and Wales through the transatlantic dimensions of feminism and the counterculture movement It explores for example the vicissitudes of Europe's status in US foreign relations

European documentaries about the Vietnam War transatlantic trends in literature and culture and the significance of collective and cultural memory of the era **The Sixties** Terry H. Anderson, 2017-07-28 The Sixties is a stimulating account of a turbulent age in America Terry Anderson examines why the nation experienced a full decade of tumult and change and he explores why most Americans felt social political and cultural changes were not only necessary but mandatory in the 1960s The book examines the dramatic era chronologically and thematically and demonstrates that what made the era so unique were the various social movements that eventually merged with the counterculture to form a sixties culture the legacies of which are still felt today The new edition has added more material on women and the GLBTQ community as well as on Hispanic or Latino a community the fastest growing minority in the United States
